

VLDB2013

39th International Conference on Very Large Data Bases, Riva del Garda, Trento, Italy

Proceedings of the VLDB Endowment

Volume 6, No. 10 – August 2013

**Proceedings of the 39th International Conference on
Very Large Data Bases, Riva del Garda, Trento, Italy**

Editors-in-Chief:

Michael Böhlen, Christoph Koch

Associate Editors – Research Track:

**Ashraf Aboulnaga, Sihem Amer-Yahia, Chee Yong Chan, Yanlei Diao, Ada Waichee Fu, Johannes Gehrke,
Alon Halevy, Jayant Haritsa, Nikos Mamoulis, Thomas Neumann, Dan Olteanu, Divesh Srivastava, Jens Teubner**

Associate Editor – Experiments and Analysis Track:

Stefan Manegold

Guest Editors:

Themis Palpanas, Yannis Velegrakis

Proceedings Editors:

Peer Kröger, Stratis D. Viglas

VLDB 2013 ORGANIZATION AND REVIEW BOARD

General Chairs

Themis Palpanas, University of Trento
Yannis Velegarakis, University of Trento

Program Chairs

Michael Böhlen, University of Zurich
Christoph Koch, EPFL

Advisory Board

Paolo Atzeni, Università Roma Tre
Stefano Ceri, Politecnico di Milano
John Mylopoulos, University of Trento

Award Committee

Surajit Chaudhuri, Microsoft (Chair)
Mike Carey, University of California, Irvine
Susan Davidson, University of Pennsylvania
Alon Halevy, Google
Sunita Sarawagi, IIT Bombay

Associate Editors

Ada Wai-Chee Fu, Chinese University of Hong Kong
Alon Halevy, Google
Ashraf Aboulnaga, University of Waterloo
Chee-Yong Chan, National University of Singapore
Dan Olteanu, Oxford University
Divesh Srivastava, AT&T Labs
Jayant Haritsa, Indian Institute of Science Bangalore
Jens Teubner, ETH Zurich
Johannes Gehrke, Cornell University
Nikos Mamoulis, University of Hong Kong
Sihem Amer-Yahia, Qatar Computing Research Institute
Stefan Manegold, CWI
Thomas Neumann, Technische Universität München
Yanlei Diao, University of Massachusetts Amherst

Experiments and Analysis Track Associate Editor

Stefan Manegold, CWI

Industrial and Applications Track Associate Editors

Min Wang, Google Research

Cong Yu, Google Research

Demonstration Chairs

Jun Yang, Duke University

Dimitrios Gunopulos, University of Athens

Letizia Tanca, Politecnico di Milano

Reproducibility Chairs

Philippe Bonnet, IT University of Copenhagen

Juliana Freire, New York University

Dennis Shasha, New York University

Research Track Review Board

Karl Aberer, EPFL, Switzerland

Foto Afrati, NTU Athens

Charu Aggarwal, IBM T. J. Watson Research Center

Yanif Ahmad, JHU

Jose-Luis Ambite, University of Southern California

Walid Aref, Purdue University

Magdalena Balazinska, University of Washington

Srikanta Bedathur, IIIT Delhi

Peter Boncz, CWI

Nico Bruno, Microsoft

Randal Burns, JHU

Andrea Cali, University of London, Birkbeck College

Carlos Castillo, Yahoo!

PhD Workshop Chairs

Angela Bonifati, Icar-CNR
Sanjay Chawla, University of Sydney
Chris Jermaine, Rice University

Tutorial Chairs

Serge Abiteboul, INRIA
Gianni Mecca, Università della Basilicata
Haixun Wang, Microsoft Research Asia

Panel Chairs

Shivnath Babu, Duke University
Stavros Harizopoulos, Nou Data
Ihab Ilyas, Qatar Computing Research Institute

Sponsorship Chairs

Sam Madden, Massachusetts Institute of Technology
Vassilis Vassalos, Athens Univ. of Econ. and Business
Paolo Merlaldo, Università Roma Tre

Publicity Chair

Tasos Kementsietsidis, IBM T.J. Watson Research Center

Proceedings Chairs

Peer Kröger, Ludwig-Maximilians University, Munich
Stratis D. Viglas, University of Edinburgh

Web Management Chair

Francesco Guerra, University of Modena and Reggio Emilia

Treasury Chair

Marios Hadjieleftheriou, AT&T Labs Research

Local Administration

Ufficio Convegna and dbTrento Group, University of Trento

Logo Design

Sakis Palpanas

PVLDB Information Director

Gerald Weber, University of Auckland

PVLDB Advisory Committee

Philip Bernstein, Michael Böhlen, Peter Buneman, Susan Davidson, Z. Meral Ozsoyoglu, S. Sudarshan, Gerhard Weikum

LETTER FROM THE GUEST EDITORS

In its 39th edition, the international conference on Very Large Data Bases (VLDB) meets the Dolomites. VLDB 2013 is hosted by the Autonomous Province of Trento (Italy), home of the Dolomite Mountains, and of the very active research pole of Trento, which includes the University of Trento, the Fondazione Bruno Kessler, one of the six European nodes of the European Institute of Innovation and Technology for Information and Communication Technologies (EIT ICT), the Trento RISE institution, and research labs established by Microsoft, Telecom Italia, and IBM. This is also the home of dbTrento (the Data and Information Management group of the University of Trento), which is organizing the current edition of VLDB.

This feat would not have been possible without the hard work of the organizing and program committees. We are grateful to all members of these committees, which were truly international, representing all regions of the globe: the numerous members of the Review Board and the Demonstration, Industrial, Reproducibility and Best Paper Committees, the Research Track Associate Editors Ashraf Abounaga, Sihem Amer-Yahia, Chee Yong Chan, Yanlei Diao, Ada Waichee Fu, Johannes Gehrke, Alon Halevy, Jayant Haritsa, Nikos Mamoulis, Thomas Neumann, Dan Olteanu, Divesh Srivastava and Jens Teubner, the Experiments and Analysis Track Associate Editor Stefan Manegold, the Industrial and Applications Track Associate Editors Min Wang and Cong Yu, the Tutorial Chairs Serge Abiteboul, Gianni Mecca and Haixun Wang, the Panel Chairs Shivnath Babu, Stavros Harizopoulos and Ihab Ilyas, the Demonstrations Chairs Jun Yang, Dimitrios Gunopoulos and Letizia Tanca, the PhD Workshop Chairs Angela Bonifati, Sanjay Chawla and Chris Jermaine, the Workshop Chairs Tiziana Catarci, AnHai Doan and Tova Milo, and the Reproducibility Chairs Philippe Bonnet, Juliana Freire and Dennis Shasha. We would specifically like to thank Michael Böhlen and Christoph Koch, the Program Chairs, for their excellent cooperation, and Paolo Atzeni, Stefano Ceri and John Mylopoulos, our Advisory Board. We would like to recognize the precious help of our sponsors and congratulate the Sponsorship Chairs Sam Madden, Vasilis Vassalos and Paolo Merialdo for their truly successful mission, the Web Management Chair Francesco Guerra for his continuous availability and responsiveness, the Publicity Chair Tasos Kementsietsidis, and the Treasury Chair Marios Hadjieleftheriou. Special thanks go to the Proceedings Chair Stratis Viglas for the excellent work he did despite the excess load, and the Registrations Chair Periklis Andritsos for the efficient and effective handling of the complex registration task. We acknowledge the help and support of the University of Trento, of the Conference Office and in particular Mara Tomasi, the OKKAM team and Daniel Giacomuzzi in particular, and of the Conference Center staff of Riva del Garda. We are grateful to the dbTrento students and all our volunteers, for their time and efforts: Siarhei Bykau, Alessandro Camera, Cristiana Chitic, Christina Christodoulakis, Alberto Cordioli, Michele Dallachiesa, Zolzaya Dashdorj, Cong Dinh, Vincenzo Falletta, Matteo Lissandrini, Katya Mirylenka, Daniil Mirylenka, Paramita Mirza, Davide Mottin, Dimitra Papadimitriou, Pavlos Paraskevopoulos, Mikalai Tsytsarau and Kostas Zoumpatianos. Last but not least, we would like to thank Costanza Vettori, our administrative assistant that so successfully coordinated everything and made sure that no detail slipped our attention.

In this edition of the VLDB conference, we have an active involvement of the local industry, in an effort to further disseminate and promote the thoughts, ideas and work of the VLDB community, and to cross-fertilize them with those of the local entities. We believe that such efforts can play a significant role in the exchange of results and practical experiences, as well as in the growth of VLDB in the long run.

For this trade of ideas to take place, we could not think of a better setting than the picturesque town of Riva, on the north shore of Lake Garda. In the 17th century, Lake Garda became a popular destination for young central-European nobility, and all towns around the lake are rich in history waiting to be discovered. And those of you, who think better in (literally) thin air, should not miss the opportunity to visit the Dolomite Mountains (part of the Eastern Alps), which are a UNESCO World Heritage Site. These magnificent and impressive mountains offer numerous opportunities for hikes, mountaineering, rock climbing, as well as for brainstorming.

Welcome to VLDB 2013 in Riva del Garda; we hope that you find the technical program, as well as the hosting city and region equally exciting and enticing!

Themis Palpanas, University of Trento
Yannis Velegarakis, University of Trento
[General Chairs, VLDB 2013](#)
