- will not earn Points and will not have access to any Status-related services or benefits while staying at the hotel.
- will not have access to any special offers in which the hotel may have participated.

Programme Members accept that the Programme may be modified, totally or partially, at any time. Within a reasonable period of time before their application, Members will be notified of any changes made to the Programme that may substantially modify their rights and obligations relating to the Programme, particularly through information posted on the ALL.com site and/or via electronic communication. This suspension or termination shall be without prejudice to ACCOR's right to take action with respect to a Member.

7. EARNING ALL - ACCOR LIVE LIMITLESS POINTS

7.1 General information on earning Points.

Number of Points. Only a whole number of Points may be credited. If application of the Points earned scale leads to Points with a decimal fraction, the number of Points credited will be the next lowest whole number if the number after the decimal point is lower than five and the next highest number if the decimal is equal to or higher than five.

Conversion from local currency into Euros. For crediting Points, the amount paid in local currency outside the euro zone will be converted to euros before applying the earned Points scales. The exchange rate applied by the hotel at check-out is taken from the 'Multidevises' database (a Reuters Bank database of monetary and financial information).

Non-transferability of benefits. Points and Status Nights may not be transferred to another Member. They are strictly personal and non-transferable.

By agreeing to the Programme TCM, the Member acknowledges and accepts that Points do not constitute a means of payment and have no monetary value, no matter how they were obtained. No money shall be provided for Points, including lost or unused Points.

Validity of Reward Points

The validity period of a Member's Reward points is extended by 365 consecutive days when a transaction results in Reward Points being credited to the member's ALL account, or when a donation of Reward Points to organisations or foundations chosen within the framework of the Programme is carried out on all-captaincause.com.

Reward Points are valid for 365 consecutive days from the date:

- a/ of the eligible expenditure, noting that i) when Reward points are earned following an Eligible Stay at a participating hotel, the relevant date is the date of check-out; and ii) for Reward points accumulated at the end of another transaction type (an event eligible for the Meeting Planner offer, purchase of a product or service, transfer of partner points to an ALL account, etc.), the relevant date is the date that the Reward Points are credited; or
- b/ of the debit of Reward points in the case of a donation to organisations or foundations on all-captaincause.com.

If there is no extension, all Reward points in the account, regardless of how the Reward points were earned, will be lost without notice and without the possibility of restoring or transferring them.

7.2 Earning Points as part of an Eligible Stay.

Conditions for the effective completion of an Eligible Stay. When a Member completes an Eligible Stay in one of the hotels participating in the Programme, including at least one paid night spent at the hotel by the Member in question, the Status points and Status Nights corresponding to their stay will be credited to their account. Day Use shall only result in credited Points; however, Status Nights will not be added.

7.2.1 Rates for Eligible booking Stays to earn Points

Only Eligible Stays booked at an eligible rate enable the Member to benefit from the Programme.

Eligible booking rates include all public, corporate and promotional rates, except for the following:

- Room rates for group bookings when the rooms are invoiced to and paid for globally by the organiser (excluding the Meeting Planner promotional offer);
- Room rates for crew members (airlines, shipping or other, companies, etc.);
- “Heartist Rates” (rates applicable in certain hotels in France for Accor employees, for employees of Accor group partners and service providers);
- Tour operator rates.

Rates eligible to redeem points are generally indicated on the Website.

When booking, the Member is given the option to redeem Reward Points at the payment stage if permitted by the location, booking and rate.

7.2.2 Eligible expenses as part of an Eligible Stay

Only the following expenses are eligible to earn Points, provided they have been paid in full and the Member has stayed in person at the hotel:

- The Member's accommodation expenses in a room in the hotel and, where applicable, those in another room in the same hotel on the same date (i.e. a maximum total of 2 rooms billed), provided (i) that the Member stays in one of these two rooms and (ii) that the second room is not booked for another Member whose account would be credited with the corresponding points, as applicable. Please note that while the Member can earn Points for accommodation expenses for both rooms, Status nights only apply for one room: the Member's room;
- Services in addition to hotel accommodations, including minibar, telephone, room service, pay television, Member meals at the hotel restaurant, and drinks at the hotel bar (If participating restaurants and bars);
- Expenses related to thalassotherapy or balneotherapy treatments performed in a Thalassa sea & spa centre linked to the hotel.

In the event of amendments being made to a Member's booking during the course of a stay and any outstanding sum being settled by a third party, the Member who made the initial booking is eligible to earn Points on the amended stay, subject to the third party (i) not being a Member themselves and (ii) staying in the same room as the Member in question.

Basis of calculating for awarding Points. Points are calculated based on the total amount excluding taxes of eligible expenses charged for the room. The invoice must be settled in full. In other words, the payment must have been accepted and confirmed by the hotel. In the event of full or partial default in the payment of an invoice and, notably, if the Member stops the payment of a cheque, issues a cheque that bounces or disputes a bank card payment, he/she will not receive any Points for the transaction in question and will not accumulate any Status Nights.

Eligibility rules for the following expenditures vary depending on the infrastructure and policy of each participating hotel:

- business centre;
- boutique purchases;
- spa products and services;
- hair salons;
- beauty parlours;
- golf green fees;
- parking;

- laundry services;
- Restaurants;

Excluded Expenses. The following expenditures do not qualify for earning Points:

- Additional expenditures incurred as part of a non-eligible stay (even if settled at the hotel), excluding food and refreshment expenditure that meets the aforementioned criteria;
- Taxes (notably VAT), tips, taxis, transfers to/from the hotel, service charges and other applicable charges;
- Advances;
- Expenditures incurred as part of organising a company seminar, banquet or any other event – including private events – settled globally by the Member (except for the Meeting Planner promotional offer);
- All charges and expenses which are not specifically listed as eligible expenditures.

7.2.3 Scale for earning Reward points as part of an Eligible Stay

The Programme offers five Status levels that are attributed according to the number of Status Points earned or the number of Status Nights accumulated (Classic, Silver, Gold, Platinum, Diamond) and a Status level available by invitation only.

Access to the invitation-only Status is granted at Accor’s sole discretion. The Members in question will be invited to access this Status and will be informed of the related benefits and specific terms and conditions.

7.3 Earning Reward points as part of the Dining Offer (participating venues without accommodation)

The ALL – Accor Live Limitless loyalty programme allows members to earn Reward Points in participating Accor venues ([see map here](#)) without staying at the hotel. Any catering services provided as part of a private function resulting in the payment of a deposit or where a payment is not made on the actual day of the service shall not be eligible for the Dining Offer.

Members will earn one (1) Reward point for each euro spent at participating venues.

Reward Points will be credited to the Member's account within a maximum period of seven (7) days after the date the expense was incurred.

Payment must be effective (i.e. the payment was not denied) and made directly at the participating venues at the end of the service.

Payment confirmation. A receipt confirming payment and items consumed is directly available from the staff at the venues in particular, this receipt is required and shall be valid against any complaints relating to the settlement of expenses paid and redeeming/earning Reward Points.

Accor reserves the right to refuse or cancel any payment from a Member in order to combat fraud.

Credited points. Depending on the property, the technical terms and conditions for crediting points and accepted payment methods may vary; the registration of a payment card in the ALL.com application is sometimes required, as well as approval to linking this card to the ALL programme to credit any Dining Offer Reward points.

7.3.1 Paying via the ALL.com App

Paying a bill. To pay a tab via the ALL.com app at a venue, a Member must:

- the Member's customer account is duly activated;
- payment is made via the ALL.com application, where the Member is responsible for checking that the order reflected in the application corresponds to their order from the venue prior to any payment. No complaints shall be upheld against the venue in the event of an error involving the transfer of the order within the application.

Members are informed that the following information is communicated to the venue concerned: (i) payment for the table involved, managed and recorded via the application and (ii) the identity of the users, i.e. the names and surnames of the Members concerned.

In certain hotels, bars, and restaurants with dedicated equipment, the Member may pay all or part of the bill with Reward points via the ALL.com app. Upon arrival, the Member must check with the hotel, bar, or restaurant that this method of payment is offered. A minimum of 1,000 Reward points must be used, which will entitle the Member to a €10 discount for on-site expenses (including taxes).

When paying the tab, the Member may choose to pay all or part of the table's tab. Each Member has the option to enter the payment amount into the field provided. Employees do not consider the table's tab to be paid until the entire tab has been paid.

If multiple Members share the same tab, each Member receives the number of Reward Points for the amount he or she paid via the app.

Technicalities of Payment

A receipt confirming payment and the items consumed is directly available from the staff at the bar or restaurant. This receipt is required, and shall be valid against, any complaints relating to the settlement of expenses paid and redeeming/earning Reward points. Accor reserves the right to refuse or cancel any payment from a Member in order to combat fraud. Have an activated customer account.

7.4 Earning Status points and Reward points via Flight + Hotel.

Flight + Hotel provide a combination of tourist services (for example, packages containing flights+hotel) bookable on www.allholidays.net.au.

It is operated by a third-party travel partner, Expedia Inc., on behalf of ALL – Accor Live Limitless. Members are subject to the general terms and conditions of [Flight + Hotel](#).

Members can earn Points on the full value of the package: For every €2 (two euros) spent, a Member will earn one (1) Reward Point and one (1) Status Point. The Member must be present for the entire duration of the package to be eligible for earning Points.

Points will be credited within a maximum of seven (7) days from the end date of the trip.

Stays completed as part of Flight + Hotel will not be considered as Eligible Stays:

- Rates from the ALL Members programme will not be applicable;
- Members will not be able to use their Reward points when booking or to reduce the amount of the invoice for their stay;
- Members will not earn Status Nights;
- Status benefits (welcome drink, upgrade, guaranteed availability, etc.) will not be available.

7.5 Earning Reward Points with Partner brands

It is also possible to earn Rewards Points with Programme Partners according to conditions that are specific to each Partner. These may be consulted in the Loyalty section of the Website.

7.6 Special offers and promotional operations

Members may also earn Reward Points in the context of special offers or promotional operations organised by the Programme. In this context, earning Reward Points depends on meeting specific conditions that apply to each offer or operation, and that are communicated to Members.

7.7 Earn Reward points as part of the 'Skip the clean' offer

The 'Skip the clean' offer means that ALL members have the option to forgo daily room cleaning during stays of multiple nights and receive Reward points. The offer is valid at hotels participating in the programme and providing this service. The list of hotels taking part in 'Skip the clean' is available on the dedicated 'Skip the clean' web page.

To access this offer, you must be an ALL Member, having registered no later than the check-out date.

Members who opt for the 'Skip the clean' offer must state their choice, according to the terms and conditions that may vary depending on the hotel. Members will need to hang the 'Skip the clean' door sign, available in their room, on the outer handle of their door. In other hotels, members will be able to state their choice, for example, via a mobile app or website. The opt-in/opt-out terms and conditions will be sent to members by the hotel.

Members must specify their choice before a cut-off time in the morning, which will be indicated by the hotel on its 'Skip the clean' information materials. This choice must be renewed every day and does not apply to the total duration of the stay by default.

This offer only applies to stays of 2 nights or more, regardless of the rate or booking channel.

Room cleaning is required on the days listed below, even if members choose the 'Skip the clean' offer on these days:

- The third day after 2 consecutive days where the member has chosen the 'Skip the clean' offer;
- The day of check-out.

For each day members choose the 'Skip the clean' offer, they will receive 100 Reward points to their account, except for days when cleaning is mandatory.

Examples:

- During a 3-night (4-day) stay, if the member has chosen to forgo daily room cleaning on Day 2 and Day 3, they will receive 200 Reward points.
- During a 4-night (5-day) stay, if the member displays the 'Skip the clean' door hanger on each day of their stay, they will only receive 'Skip the clean' Reward points on Day 2 and Day 3 (i.e. 200 Reward points in total). Cleaning is mandatory on Day 4 as this follows 2 consecutive days without cleaning, as well as Day 5 which is the day of check-out.

Points linked to the 'Skip the clean' offer will be credited within 7 days after the stay check-out date.

Members must have stayed at the hotel and be present in order to access the offer.

The 'Skip the clean' offer applies to a maximum of 2 rooms per stay, provided that the terms and conditions of the 'Skip the clean' offer are met for both rooms, and that the second room is not occupied by any other member who has expressed their wish to receive the 'Skip

the clean' Reward points linked to their room. In this case, the other member will be credited with the 'Skip the clean' Reward points.

For safety and security reasons, or any other compelling reason, persons working at the hotel may enter the member's room at any time, even if the member has chosen the 'Skip the clean' offer.

8. STATUS

Members can access a higher Status at any time during their membership if they reach the required threshold of Status Nights or Status points, as shown in the table below.

STATUS	NUMBER OF ELIGIBLE NIGHTS	NUMBER OF STATUS POINTS
SILVER	10	2,000
GOLD	30	7,000
PLATINUM	60	14,000
DIAMOND	N/A	26,000

At the start of each new year (N), an assessment is made of Eligible Status Nights completed and Status Points earned by a Member during the previous calendar year (N-1):

- If, during the year N-1, the Member reached one of the thresholds allowing them to maintain their Status they retain the Status of year N-1 for the year N;
- If during year N-1, the Member reached one of the thresholds allowing them to access a higher Status, they will retain this new Status achieved in year N-1 for year N
- Members shall lose their status if they do not reach any of the thresholds that allow them keep their Status during year N-1. The Status Nights and Status points counters will be reset to zero on 1 January of each calendar year.

The use of Reward Points has no effect on keeping or changing a Status.

9. BENEFITS AND SERVICES OFFERED TO MEMBERS AT PARTICIPATING HOTELS

9.1 Programme benefits and services relevant to all Members

Only the cardholder Member is entitled to the benefits associated with the membership card.

These benefits are offered only for Eligible Stays, with the exception of Day Use bookings as defined herein.

The Member Rate does not apply on excluded dates. View the excluded dates available [here](#).

A reservation at a Member Rate can be made via eligible channels such as the website and the ALL.com app, the Accor Reservation Office, hotels and traditional travel agencies automatically connected with the Accor Reservation Office.

The Member Rate is applicable for a maximum of 7 rooms per Member and per stay via the ALL.com website or by contacting the Accor Reservation Office, or the hotel directly.

The Member Rate is applicable for a maximum of 3 rooms per Member and per stay via the ALL.com app.

9.3 Guarantee of availability

The guarantee of an available room (offered to Gold Members and higher status levels) before arrival is subject to the following specific conditions:

- The guarantee covers room availability only and not a particular type of room.
- The reservation must be made before noon, 12:00 PM (local time at the hotel) and at least three days (for Gold cardholders) or two days (for Platinum cardholders or higher Members) prior to the date of arrival at the hotel.
- The Member must request this guarantee at the time of booking.
- In hotels identified as belonging to the ‘resorts’ category and at Thalassa Sea & Spa, at Adagio Original, Adagio Access and Adagio Premium establishments, the guarantee of availability applies only to stays of at least seven nights.
- The availability guarantee applies only to stays booked via Accor distribution channels, paid for at the standard or full rate (excluding promotions or discounts) and for one room only (the Member’s room). For bookings that include several rooms, the guarantee therefore does not apply to the additional rooms.
- If a hotel is unable to honour the guarantee of availability, the hotel reserves the right to have the Member accommodated, for a full or partial stay, in a hotel of an equivalent category or by providing a service of the same nature, subject to prior agreement with the Member. Reasonable expenses relating to the transfer between the two hotels (possible additional cost of the room, transport and a phone call) are the responsibility of the hotel initially booked. All lodging expenses for that night (the cost paid by the Member, as well as the additional cost reimbursed by the hotel) are eligible for Reward Points and collecting of Status nights.

- The availability guarantee only applies to participating hotels operating under the brands Raffles, Orient Express, Banyan Tree, Garrya, Delano, Sofitel Legend, Fairmont, Emblems, SLS, SO/, The Hoxton, Sofitel, Morgans Originals, Rixos, Mantis, MGallery, Art Series, Mondrian, Pullman, Swissôtel, Angsana, 25hours, Hyde, Mövenpick, Grand Mercure, Peppers, The Sebel, Soul Collection, Mantra, Novotel, Mercure, Cassia, Dhawa, Homm, Folio, Adagio, Mama Shelter, Tribe, Breakfree, ibis, ibis Styles and ibis *budget* (in Cambodia, Georgia, Japan, Mexico, Poland, Russia and South Korea), greet and Jo&Joe, excluding hotels from these brands appearing on the list of non-participating brands and hotels that are listed as exceptions: BreakFree Aanuka Beach Resort, BreakFree Grand Pacific, Breakfree The Point, Mantra Ettalong, Mantra Frangipani, Mantra Geraldton, Mantra Lake Tekapo, Mantra Lorne, Mantra Marina Queenstown, Mantra Southport Sharks Hotel, , Origins Luxury Lodge by Mantis, Peppers Blue on Blue Resort, Peppers Bluewater Resort, Peppers Cradle Mountain, Peppers Moonah Links, Peppers On the Point, Peppers Soul, Mercure Chamonix Centre, Mercure Saint Lary Sensoria,

Members can access and review the official calendar of these dates where the availability guarantee does not apply on ALL.com; this calendar is updated regularly. The onus is on the member to check these dates for every booking they would like to benefit from this guarantee - see availability blackout dates [here](#).

9.4 Specific benefit: Suite Night Upgrades

9.4.1 [Definition](#)

A Suite Night Upgrade is a benefit reserved exclusively for Members who have Platinum status and above. It enables them, at certain participating hotels belonging to the Accor Group, to spend the night in a 'suite' for the price of a 'room' selected by the Member when making a pre-confirmed booking.

9.4.2 [Hotels Offering Suite Night Upgrades](#)

Members can only use their Suite Night Upgrade in Accor group hotels that offer this benefit (the list is available [here](#).) This list may be changed at any time.

In order to offer this benefit, a hotel must have both rooms and suites. Hotels solely offering other types of accommodation (lodges, villas, apartments, etc.) do not accept Suite Night Upgrades.

9.4.3 [Obtaining a Suite Night Upgrade](#)

On reaching or obtaining Platinum status (as outlined in Article 8 of the Terms and Conditions of Membership), Members receive two (2) Suite Night Upgrades are credited to their account. When a Platinum Member has earned 18,000 Status Points, a third Suite Night Upgrade is then credited to the account.

The Member receives an additional Suite Night Upgrade each time an additional 4,000 Status Points have been earned, for example, a fourth Suite Night Upgrade on reaching 22,000 Status

Points, a fifth on reaching 26,000 Status Points and so on, up to a maximum of twelve (12) Suite Night Upgrades per calendar year.

A Suite Night Upgrade is valid for one (1) night only. The Member may use several Suite Night Upgrades when staying for several consecutive nights, if he or she has enough Suite Night Upgrades having already been credited in the account.

Each Suite Night Upgrade is valid until 31st December of the year following its date of issue (calendar year N+1). No validity extension will be granted either before or after a Suite Night Upgrade's expiry date.

Suite Night Upgrades are credited exclusively to the Member's account, and can be viewed online via the Website and the ALL.com app. No printed Suite Night Upgrades will be issued, nor can Suite Night Upgrades be sent out via email.

However, Members will receive an email notification whenever a Suite Night Upgrade they have earned has been credited to their account.

9.4.4 Using Suite Night Upgrades

Required booking. In order to use one or several Suite Night Upgrade(s) during a stay, a booking must be made prior to the stay.

The use of Suite Night Upgrades is only valid for new bookings and cannot be added to an existing booking.

A booking for a stay using a Suite Night Upgrade can only be made:

- On the ALL.com website. Members must be logged in-to their ALL account in order to book their Suite Night Upgrades online.
- On the ALL.com app
- By phone:
 - o At one of Accor's Booking Offices; OR
 - o At one of the hotels participating in the Suite Night Upgrade, excluding Fairmont, Raffles and Swissôtel hotels. For these three brands, bookings by phone can only be made via an Accor Booking Office.

Members may book several rooms and/or suites when making the booking, but only one Suite Night Upgrade will be authorised per night and for the suite in which the Member is staying.

Stays over several nights. If Members wish to stay for several nights but only have one (1) Suite Night Upgrade, they may nonetheless stay in the suite for the duration of the booked stay. In that case, they will use their Suite Night Upgrade for one night but will have to pay the full undiscounted price for the suite for the other nights of the stay. If the Members do not wish to book the Suite at the advertised rate, they will need to make another booking for the other nights of the stay, choosing a different type of room, which would mean changing rooms during the stay.

For bookings covering several consecutive days at a constant rate, the Suite Night Upgrade will apply to the first night of the stay by default.

For bookings covering several consecutive days at a variable rate (i.e., a Suite with a different price each night), the Suite Night Upgrade will apply by default to the eligible night where the Suite is the most expensive.

When booking, Members may be offered different types of suites, corresponding to different types of rooms with their associated rates. The association between suites and rooms may vary from day to day.

Blackout dates. Using the Suite Night Upgrade is subject to the same blackout dates as the availability guarantee provided by the Programme. The official calendar of dates on which the availability guarantee does not apply is regularly updated and displayed for Members on the ALL.com website. It is up to Members to take note of these dates before booking a stay for which they require an availability guarantee (See list of dates, available [here](#)).

Booking and validity date.

When a member has one or more Suite Night Upgrade(s) expiring on 31 December of the current year (year N), they will have until 11:59pm CET on 31 December of year N to make a booking and use the Suite Night Upgrade(s).

This booking may be for a stay during the current year (year N) or a stay occurring the following year (year N+1), provided that the stay ends (checkout) before 31 December of year N+1.

For example, if a member has two (2) Suite Night Upgrades expiring on 31 December 2024, they can make a booking on 29 December 2024 and use both Suite Night Upgrades for a stay in March 2025.

On the other hand, if a member has made a booking that includes a Suite Night Upgrade expiring on 31 December of year N for a stay occurring the following year (year N+1), and cancels their booking before their stay in year N+1, the Suite Night Upgrade used will be considered expired and will not be returned to the member's account. The rate reimbursement will follow the general terms and conditions of sale associated with the selected rate at the time of booking. In order to change a booking with a Suite Night Upgrade, members must cancel the original booking in order to create a new one.

9.4.5 [Eligible rooms](#)

Eligible rooms vary by hotel. Certain suites may be excluded, such as Presidential suites and VIP suites.

Each type of room eligible for this benefit is paired with a specific type of suite at each hotel offering the benefit. The room type eligible may not be the standard room type.

The individual availability of the "room" and of the "suite" is a necessary but not sufficient condition for the use of a Suite Night Upgrade Suite Night Upgrade on a given day. In any case, the "suite" and the "room" must be booked at the same sales conditions of rate.

9.4.6 [Eligible Rates](#)

Eligible rates include all standard rates (including the ALL - Accor Live Limitless and Accor Plus Member rate) and all promotional rates except the following:

- Excluded rates mentioned in Article 7.2 'Rates Eligible to Earn Points' of the Terms and Conditions of Membership;
- Family offers;
- Package rates;
- Day Use Rates;
- Corporate Rates;
- ALL PLUS membership card rates

9.4.7 Terms of Cancellation and Changes

The usual terms and conditions of sale apply to bookings made with a Suite Night Upgrade. These conditions determine the ability or not to change or cancel a booking free of charge.

If a pre-booked stay is cancelled prior to the stay and according to the terms laid down in the terms and conditions of sale accepted when making the booking, the conditions of sale govern the decision as to whether the cost of the booking should be reimbursed.

However, if a Member cancels before staying date begins, a stay for which one or more Suite Night Upgrades were used, these benefits will be systematically returned to them and re-credited to their account, within a maximum period of seven (7) days, provided that the Suite Night Upgrades had not expired on the date the booking was cancelled, as stipulated in the booking and validity date paragraph in Section 9.3.4.

No changes can be made to the dates booked using the Suite Night Upgrade. The booking must be cancelled then resubmitted (with no guarantee of availability or identical rate).

The Suite Night Upgrade will not be refunded to Members in the event of a no-show for the booked stay or early check-out.

9.4.8 Non-Combinable Benefits

Suite Night Upgrades cannot be combined with:

- The use of Reward Points when booking,
- The use of a Stay Plus night, a benefit awarded to members of the Accor Plus membership programme,
- Upgrades subject to availability awarded to Gold status and higher.
- 'Best price guarantee' policy.

9.4.9 Member Responsibilities

Accor reserves the right to immediately void any Suite Night Upgrade that has been sold or transferred to a user other than the Member for whom it was originally intended or that is deemed to have been fraudulently acquired.

In such an event, the Member may be held liable as set forth in Article 6 'Member Responsibilities' of the Programme's Terms and Conditions of Membership.

9.4.10 Calculation basis for awarding points during a stay with Suite Night Upgrade

Members will receive Reward points based on the price actually paid when booking their Eligible stay. For example, if the price of the suite is 500 euros and, thanks to their Suite Night Upgrade advantage, the Member only paid 200 euros, the Points will be calculated on the basis of their invoice of 200 euros (amount excluding taxes).

Other Eligible expenses as part of an Eligible stay, incurred during a stay with Suite Night Upgrade, follow the terms described in section 7.2.2 "

9.5 Complimentary breakfast

This benefit offers Members – from Diamond Status upwards – a standard weekend breakfast service (excluding room service and tips) for any eligible stay carried out at hotels participating in this offer. This benefit is available to the Member, as well as the occupants of their room, unless otherwise stated in the Special Terms of their booking.

At the time of booking, the member can select specific offers, which include breakfast on the nights in question (only weekend nights). These offers are available on the direct channels listed below:

- ALL.com app,
- ALL.com website,
- via telephone by contacting the hotel or our call centre directly.

In the event of a booking involving several rooms, only the occupants of the room belonging to the Member who made the booking may avail of the complimentary breakfast.

If the Member arrives at the hotel without selecting the dedicated offer when booking or does not have a booking, they may request the complimentary breakfast on weekends at the time of check-in.

However, if the Member makes a booking by selecting a rate (other than the dedicated complimentary breakfast rate), where breakfast is already included for the entire duration of the stay, no deduction for the value of the breakfast (or refund if it is a pre-paid booking) shall be applied retroactively for weekends.

The nights covered by this benefit depend on the country of the hotel, as described below:

- Thursday and Friday nights for following countries: Qatar, Bahrain, Jordan, Egypt, Algeria, Oman, Saudi Arabia, Kuwait, Iraq, Syria, Sudan, Libya and Comoros, i.e. a complimentary breakfast on Friday morning and on Saturday morning.
- Friday and Saturday nights in the rest of the world, i.e. a complimentary breakfast on Saturday morning and on Sunday morning.

In Asia-Pacific, this benefit is available to Members throughout the week from Platinum Status and above, in participating hotels and resorts as follows:

- In hotels with an executive lounge offer breakfast in their executive lounge.
- In hotels that do not have an executive lounge, breakfast is served at the hotel restaurant.

This offer does not apply to Gold lounges at Fairmont Hotels.

This offer is not available in every participating hotels of ALL – Accor Live Limitless programme. For instance, hotels that do not have a restaurant and those that only offer rates which include breakfast are excluded from this offer. The complete list of participating hotels can be found [here](#).

9.6 Gifting Gold status to the person of your choice

From the Diamond Status, the Member may grant a Gold status to the person of their choice ('the Beneficiary').

Eligibility conditions:

- The Beneficiary must be a member of the Program and have a Classic or Silver status.
- The Member and the Beneficiary must have accepted these TCM and have an active account (not suspended, terminated or no longer active).

This benefit is available only once (1) until the expiry date of the Member's current Status. Once Gold status is granted to the Beneficiary, the Member will no longer be able to take advantage of this benefit until the expiry date of their Status and it is not possible to cancel or modify this operation (in the event of a change of mind or a Beneficiary error, for example). If the Member does not use this benefit before the expiry date of their Status, they lose the opportunity to gift a Gold Status. If the member renews their status the following year, they will benefit from this advantage again (without the possibility of cumulation in the event that they have not used the advantage the previous year).

To offer a Gold Status, the Member must go to Status > Benefits within the 'My Account' section of ALL.com and enter the e-mail address associated with the Beneficiary's loyalty card. If the Beneficiary meets the eligibility conditions mentioned above, they immediately upgrade to Gold Status and a confirmation is sent to them by e-mail, mentioning the surname and first name of the Member who made the donation. An e-mail is also sent to the Member to confirm the use of the benefit, mentioning the full name of the Beneficiary.

The Member can also take advantage of this benefit by contacting our Customer Care team who will perform the procedure on his behalf. They must communicate the full name and e-mail address associated with the Beneficiary's loyalty card.

The Beneficiary's elevation to Gold Status takes effect from the day the confirmation is sent by e-mail. The Beneficiary will enjoy Gold Status and the benefits associated with it as defined in these TCM. It is specified that the elevation to Gold status does not generate any additional credit for Status Nights, Status Points or Reward Points.

The expiry date of the Beneficiary's Gold Status is equal to the expiry date of the Member's Status at the origin of the donation. After this date, the Beneficiary shall follow the rules for elevation to the next status as defined in Article 8 of these TCM.

If the Member wishes to grant Gold Status to a person who is not a member of the Programme, they must first invite the Member to join the Programme and then follow the conditions described above.

The benefit of gifting status may only be done free of charge. If it is determined that the gifting of status was listed or advertised for sale or auction on the Internet, in newspapers and magazines, or other similar means, the programme will immediately terminate the

memberships of both the issuing and receiving member involved in the transaction, under the term of article 12.2.

9.7 Dining & Spa Rewards

A Dining & Spa Reward is an electronic voucher/certificate worth EUR 10 (ten Euros), that can be used by a Member towards their spend in bars, restaurants and spas in participating hotels during an Eligible Stay. List of participating hotels available [here](#).

When the Member reaches 26,000 Status points in year N, they obtain one set of ten (10) Dining & Spa Rewards valid until the end of December of year N+1. Under no circumstances can they be issued if the condition of attaining 26,000 Status Points during the calendar year is not met.

No paper voucher will be issued neither can they be sent by email. The Member is notified by email of the Dining & Spa Rewards credit on their account.

They can be used to pay for in-room dining, mini-bar and for breakfasts when these are added to the booking as an extra. If breakfast is already included in the room rate, Dining & Spa Rewards cannot be used to pay for this meal. Depending on the legislation in force in the country of the hotel, vouchers may not be accepted as payment for alcoholic beverages. These cannot be used as payment for tips.

The use of the Dining & Spa Rewards is exclusively reserved for the Member and is subject to their presence during an Eligible Stay at the hotel. They can be used at any time between check-in and check-out, so that the value of the vouchers used is deducted from the Member's invoice.

The use of vouchers may be subject to validation by the Member by sending a security code by text message and/or email.

Once the voucher has been used, it is no longer possible to cancel. Vouchers used cannot be credited back to the Member's account.

The Member can use between 1 and 10 vouchers per stay (between the date of check-in and check-out). Each voucher can only be used if the Member spends a minimum of ten (10) Euros (including tax) on food and beverage and/or spa services. As an example, the Member may not use two vouchers to pay an expense of 15 Euros. No change or cash back will be given to the Member.

The Member must use the payment methods usually accepted at the hotel to pay for the amount not covered by the voucher(s).

The amount of the voucher(s) used will be converted into the hotel's local currency according to the Accor group's reference exchange rate in effect at the time of payment, as extracted from the "Multicurrency" database (database of monetary or financial information from the Reuters bank).

The advantage can be combined with promotional offers and the use of Reward Points.

Vouchers must be used to pay for a service actually provided no later than December 31 of the year of validity of the vouchers.

The vouchers are non-refundable and cannot be exchanged for cash in part or full. Vouchers cannot be sold or transferred to a third party. If a transaction or any attempt to sell a voucher were observed, Accor reserves the right to cancel the voucher(s) in question and to terminate the membership of the Member involved according to the conditions detailed in the 12.2.

9.8 Welcome drink for members of ALL

Members with Silver status and above are offered a welcome drink during their stay. For each stay, Members are given a voucher upon arrival. This drink is only for Members who made the reservation and who are staying at the hotel.

All consecutive stays (check-out and check-in during the same day) in the same hotel will be considered as one stay and will not entitle Members to any additional vouchers. In the event of multiple reservations in the same hotel on the same check-in and check-out dates, the voucher is only given to the Member once.

The number of vouchers and choice of drinks are determined by the hotel. You will be given all the details at the hotel.

Consumption of alcoholic beverages is subject to local regulations.

11. MEMBER ACCOUNT ISSUES

11.1 Reporting missing points within the network of participating hotels

If the Member notes that his/her Points were not credited as expected after a minimum correctly within seven days of the Check-out date for an Eligible Stay, the Member may submit a claim for Points adjustment within six months of the stay in question based on the check-out date. To do this, Members just need to follow the 'Report Missing Points' procedure, which is accessible from their account or from the contact form in the 'Help' section of the website ([available here](#)).

For the claim to be processed, the Member must attach a copy of the paid invoice from the relevant hotel. This invoice must not include handwritten modifications. Only the document printed by the hotel is acceptable and must be established in the name of the Member making the claim.

The submission of a duly substantiated complaint shall give rise to the accurate recording of Reward points in the Member's account and the addition of Status points for the calendar year during which the stay involved in the complaint took place. If the correct addition of missing Status points allowed the Member to access a different Status under the rules set out in Article 8 above, then this status will be assigned to the Member for the remainder of the current calendar year.

If the Member is incorrectly refused a Points credit or benefit relating to his or her membership Status level, ACCOR's responsibility is limited to correctly recording Points on the Member's account.

11.2 Reporting missing points involving Partner brands

For any questions regarding the accumulation of Reward Points earned through Programme Partners, Members must follow the 'Report Missing Points to Partners' procedure from the contact form in the 'Help' section of the website ([available here](#)) and attach all of the required supporting documents.

The Member must wait at least six weeks from the date the Partner service was provided before submitting a claim. The maximum time limit for submitting an adjustment claim following a transaction is specific to each Partner and is listed in the loyalty programme section of the Website.

For Reward Points to be credited, the paid invoice corresponding to the claim must be in the name of the Programme's Member making the claim.

When converting Reward Points into other loyalty programme points or air miles, ACCOR's responsibility ends when the request to convert Points is confirmed by the Partner programme. If, however, Reward Points have been debited from the Member's account but points or air miles have not been credited to the Partner programme account within six weeks, the Member should contact the administrator of the Partner programme within the time limits specified by the programme.

12. SUSPENSION OR TERMINATION TERMS AND PROCEDURES

12.1 Termination by the Member

Members can decide not to participate in the Programme at any time. All they need to do is send a request from the 'Support' section of the website ([available here](#)).

12.2 Suspension or Termination by ACCOR

Any breach of the Programme TCM by a Member using the ALL - Accor Live Limitless membership card may, at ACCOR's discretion:

- Lead to the temporary suspension of the individual's membership for a period to be decided by ACCOR, which cannot exceed three (3) months (the 'Suspension Period');
- leading to the termination of membership, i.e. the immediate cancellation of the card, associated benefits, the closure of the account and the deletion of all accumulated Points, where no compensation may be claimed by the Member for any reason whatsoever.

Furthermore, once a Member's account has been inactive for six (6) years, it will be automatically closed by ACCOR.

In the event of a Member's death, ACCOR will close the Member's account on receipt of the death supporting document requested by the customer care team and will cancel all the Status and Reward Points as well as all the Status Nights earned by the Member.

12.3 Effects of suspension

During the Suspension Period, the Member may not redeem his/her Reward Points according to the conditions stipulated in Article 10 herein.

During the Suspension Period, and no later than the expiry date of the Suspension Period, ACCOR may decide to:

- Lift the suspension, in which case the Member can use the benefits and services available to Members and convert Reward Points once again;

or

- Order the termination of the membership in accordance with the provisions of Article 12 herein.

12.4 Effects of termination

For all membership cancellations, the cessation of membership implies complete withdrawal from the Programme and the end of any relationship between ACCOR and the Member under the Programme. This withdrawal shall also lead to the removal of all the Points accumulated on the day of the cancellation.

13. PROGRAMME COMMUNICATIONS

Members may access all information regarding their membership in the Programme (including their Points balance, Status Nights balance and the operation of their account) via their customer account on the ALL.com website. In accordance with Article 4.1, Members are reminded that by becoming a Member of the Programme, they agree to receive electronic communications associated with the operation and services offered by the Programme (information messages, Points statements, etc.). If the Member no longer wishes to receive this information, which is deemed essential for Programme operation, he/she must ask to leave the Programme (see the termination procedure described in Article 12.1).

Members may also sign up for electronic communications from the Programme to receive information about Programme offers, promotions and benefits. If the Member no longer wishes to receive these commercial communications, they may unsubscribe at any time by either *clicking on* the unsubscribe link at the bottom of these communications, or *through* their Member account. 14. PROTECTION OF PERSONAL DATA

Member data shall be processed and protected as described in [Accor's Personal Data Protection Charter](#). The purpose of Article 14 is to draw the attention of Members to the major points regarding the use of their personal data as part of their membership in the Programme.

Personal information regarding the Information collected at the time of subscription or during your membership in the Programme is processed by Accor SA, as data controller, with a registered office at 82 rue Henri Farman, 92130 Issy-les-Moulineaux, France.

Data belonging to Members is processed:

- to fulfil all of the Programme's current general terms and conditions and managing Members in the ALL loyalty programme.
- based on legitimate interest, for marketing activities by Accor SA (including targeted marketing campaigns); and
- based on Members consent, so they can receive electronic marketing communications from the Programme.

Data belonging to Members shall be sent:

- to personnel authorised by entities belonging to the Accor Group in charge of operating the Programme, as well as their service providers; and
- to Programme Partners (hotels, airline companies and other contracted Partners), since this communication is required for Members to enjoy the benefits that they are entitled to as Members. It is to be stated that Members' email addresses shall not be sent to Partners so that the latter can carry out their own commercial communications, unless Members have otherwise given their express consent.

Member data can be transferred to countries that may not be able to ensure an adequate level of protection. Consequently, appropriate and adapted guarantees are put in place, a copy of which may be requested by Members. Data relating to Members may in fact, under certain circumstances, be transmitted for the aforementioned purposes, to recipients located in countries that are not members of the European Union, namely:

- Partners, for the purposes of managing the transfer of Reward points and handling complaints. The list of Partners airlines is available in the loyalty programme section on ALL.com ([available here](#)). Members must expressly agree to each transfer of data, which is required for transferring Reward Points or transferring miles;
- entities and hotels participating in the Programme, where this transfer is required to fulfil the contract concluded by the Member and the controller;
- to external providers with call centres in order to deal with complaints according to the assigned scope, these data transfers being contractually regulated.

Accor SA also processes personal data, based on its legitimate interest, to detect and manage anomalies, notably fraud, which may occur when a Member joins the Programme or when earning or using Points. The data collected in this context is for authorised staff at Accor SA, its services providers and, if necessary, loyalty Programme Partners and the manager of the hotel concerned by the anomaly.

Any Member has the right to request access to their personal data, and the rectification, erasure, limitation, or opposition to processing and portability of their data by writing to data.privacy@accor.com. Members also have the right to give instructions as to how this information should be processed following their death. All Members also have the right to file a complaint with a supervisory authority.

The procedure for submitting the dispute to the Mediator and the Mediator's contact information are available at www.mtv.travel.

- The dispute may be brought to the Mediator within twelve (12) months after the first complaint. Contact information for the mediator and the means of referral are available in the 'Assistance' section.
- The form to bring the event of a dispute to the Mediator is available at [here](#).

Members remain free to accept or refuse mediation, and if mediation is used, each party is free to accept or refuse the solution proposed by the mediator.

Any concern over the interpretation or performance of the Programme TCM that cannot be resolved amicably per the conditions above is submitted to the exclusive jurisdiction of the appropriate courts of Paris, even in cases of emergency interim proceedings, third-party complaints and multiple defendants. By way of exception to the above, Members, as consumers, can choose to bring any dispute before the jurisdictions in their place of residence or, at their discretion, before any other regional jurisdiction appropriate under the civil procedure code, per Article R.631-3 of the French Consumer Code.
