4. Login
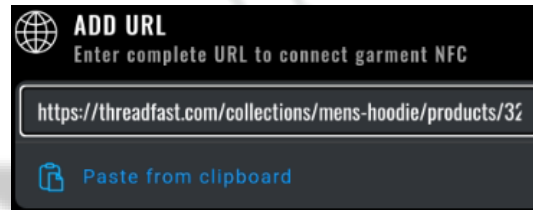

Enter Username and Password
and tap Enter key or Login button:

Please contact support team to provide an account:
support@anexya.com
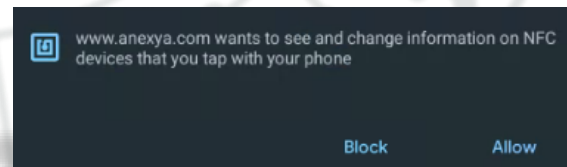

5. Add URL and Start Association

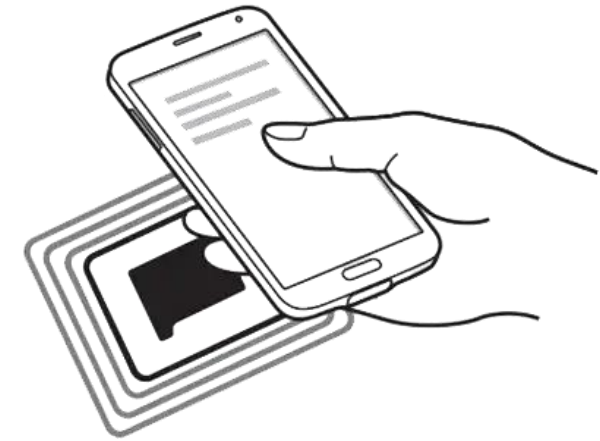

1. Add URL to connect the garment NFC.

2. Once the URL is ready, tap "BATCH ASSOCIATE NOW" to start.

First time you start batching, you will be asked to Allow this web application to use NFC:
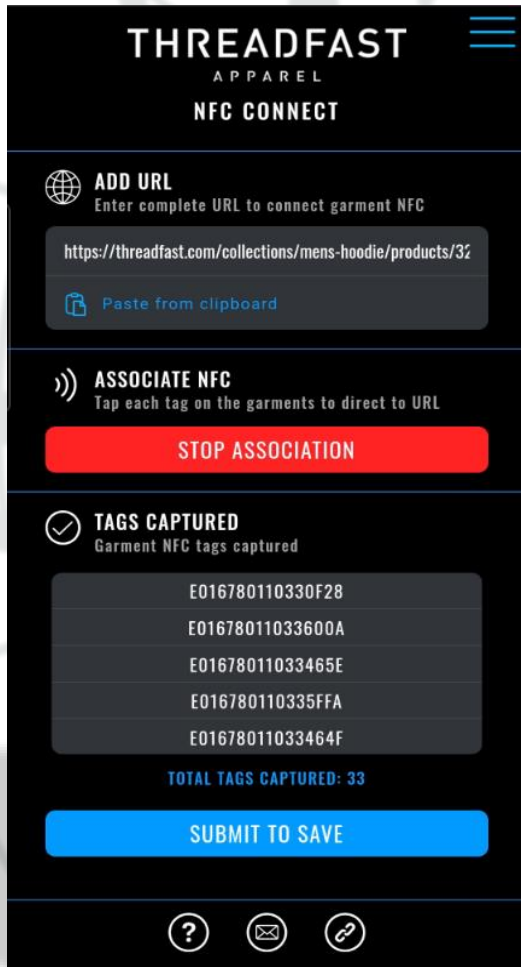

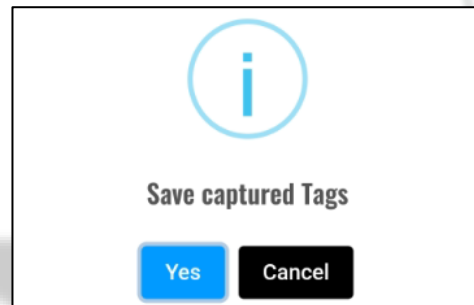

6. Start Association

1. Start capturing NFC tags.

2. Total tags captured will show at the bottom in a textbox with a scrollbar.
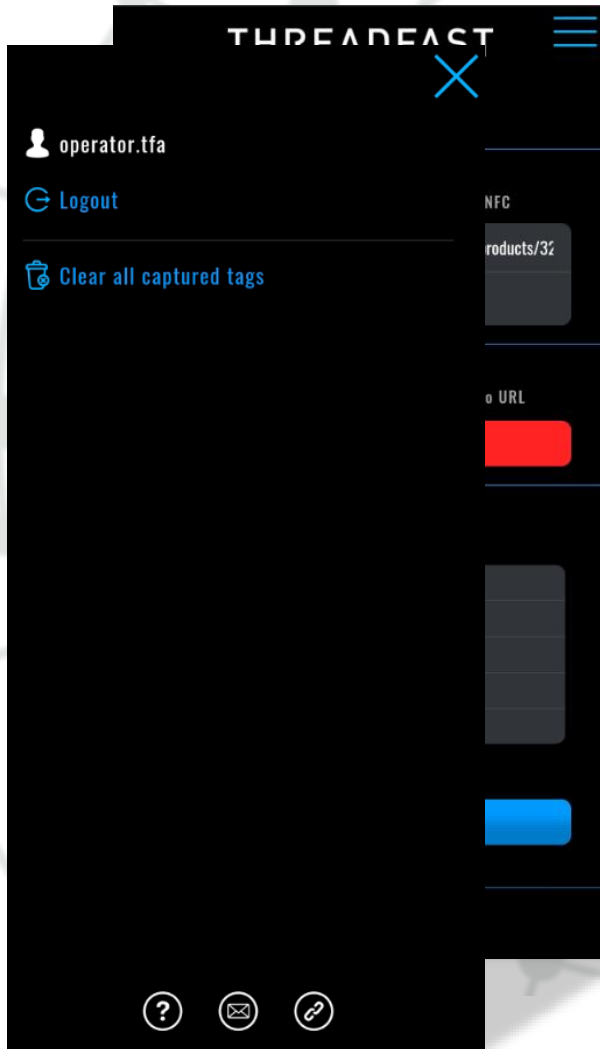

7. Finish Association

1. Tap "SUBMIT TO SAVE" to finish association.
2. Confirm saving captured tags.

On every 100 tags captured, will ask the user to save and resume.

8. Options

1. Tap on the menu icon.

2. Logged in user is displayed.

3. Logout: Tap to logout and return to the login screen.

4. Clear all captured tags: Remove all tags from the list.
