# Table and field definitions for the Learning Aim Reference Service for the 2015 to 2016 funding year

## Version 2

This document provides the table and field definitions that will be available in the downloadable database for the 2015 to 2016 funding year (01 August 2015 to 31 July 2016) produced from the Learning Aim Reference Service (LARS).

### **August 2015**

Of interest to software suppliers and providers that write their own software.

## Introduction

1. This document is intended for use by software suppliers and providers that write their own software.
2. It provides the complete set of tables and fields that will be available in the downloadable database for the 2015 to 2016 funding year (01 August 2015 to 31 July 2016); produced from the Learning Aim Reference Service (LARS).
3. This document identifies 2 categories of tables.
  - Core tables - these hold the main (“base”) details relating to learning aims, apprenticeship frameworks, apprenticeship standards, validity rules (for when the record is available for funding) and funding rates.
  - Reference tables - these hold details of the reference data used within the core tables.

## Changes between the 2014 to 2015 and the 2015 to 2016 funding years

4. This section outlines the changes that have been made from the 2014 to 2015 funding year structure.

### New tables created in the 2015 to 2016 structure

5. The following table describes the new tables created for the 2015 to 2016 funding year.

Table name	Content description
LARS_Standard	The details for an apprenticeship standard
LARS_StandardValidity	The validity details associated with an apprenticeship standard
LARS_StandardFunding	The funding details associated with apprenticeship standard
LARS_StandardCommonComponent	The common components associated with apprenticeship standard
LARS_StandardSectorCode_Lookup	The Sector Codes associated with apprenticeship standard

LARS_Section96	Contains all fields relating to Section 96 as defined by the Education Funding Agency (EFA)
LARS_EFACOFTType_Lookup	Holds the EFACOFTType (EFA condition of funding type) codes associated with learning aims

### Existing tables which have been amended

6. The following table describes the tables which have been amended for the 2015 to 2016 funding year.

Table name	Description of changes
LARS_LearningDelivery	<p>These fields have been added to the table:</p> <ul style="list-style-type: none"> <li>• GuidedLearningHours</li> <li>• DirectStudyHours</li> <li>• DedicatedAssessmentHours</li> <li>• TotalQualificationTime</li> <li>• EFACOFTType</li> </ul> <p>These fields will not be populated for the 2015 to 2016 funding year:</p> <ul style="list-style-type: none"> <li>• EFAEnglishGCSE</li> <li>• EFAMathsGCSE</li> </ul> <p>The field "FrameworkComponentClassCode" has been renamed as "FrameworkCompletionClassCode"</p>
LARS_Category_Lookup	<p>This field has been added to the table:</p> <ul style="list-style-type: none"> <li>• ParentCategoryRef</li> </ul>
LARS_AnnualValue	<p>Section 96 fields have been moved to a new table called LARS_Section96. The fields are:</p> <ul style="list-style-type: none"> <li>• Section96valid16to18</li> <li>• Section96Valid18plus</li> <li>• Section96ApprovalStatus</li> <li>• Section96ApprovalStartDate</li> <li>• Section96ReviewDate</li> <li>• Section96ValidPre16</li> <li>• Section96OtherProvision</li> </ul>
LARS_AwardOrgCode_Lookup	<p>This field has been added to the table:</p> <ul style="list-style-type: none"> <li>• AwardOrgHigherEducationInstitution</li> </ul>

LARS_Version	<p>These fields have been added to replace the existing “Number” field:</p> <ul style="list-style-type: none"> <li>• MajorNumber</li> <li>• MinorNumber</li> <li>• MaintenanceNumber</li> </ul>
--------------	---

**Renamed tables in the 2015 to 2016 structure**

7. The LARS\_FrameworkComponentClassCode\_Lookup table has been renamed as “LARS\_FrameworkCompletionClassCode\_Lookup” as it was incorrectly named in the 2014 to 2015 database.

**Deleted tables**

8. No tables have been deleted from the 2014 to 2015 structure.

**2015 to 2016 table and field definitions – core tables**

9. Four fields are common to every core table in the downloadable database, except the “LARS\_DataGeneration” table which only has “creation details”. These fields, detailed below, are not included in the table definitions in this document to avoid duplication.

Field Name	Data Type	Description
Created On	Date/Time	The date and time the record was created
Created By	Text	The user (or process) which created the record
Modified On	Date/Time	The date and time the record was last updated
Modified By	Text	The user (or process) which last updated the record

10. The remaining sections describe the contents of each table; including the field name, the data type of the field and a description of the field.

**LARS\_AnnualValue**

11. This table contains the learning aim detail which may be changed over time. This is controlled by the “Effective From” and “Effective To” date fields.

Field Name	Data Type	Description
LearnAimRef	Text	The learning aim reference
EffectiveFrom	Date	The date the contents of the record are applicable (“effective”) from
EffectiveTo	Date	The date the contents of the record are applicable (“effective”) to
BasicSkills	Int	Indicates the learning aim is considered a basic skill relating to achievements in literacy, numeracy and language and counts towards Basic Skills national targets
BasicSkillsBroadType	Int	Identifies the broad categorisation of basic skill
BasicSkillsType	Int	Identifies a sub-category of the type of basic skill (e.g. Adult literacy, ESOL)
BasicSkillsParticipation	Int	Identifies if the aim counts towards basic skills participation targets
FullLevel2EntitlementCategory	Int	Indicates the category or ‘family’ which the learning aim belongs to for assessing how far the aim contributes to a Full level 2
FullLevel2Percent	Decimal	The percentage the aim contributes to a Full Level 2
FullLevel3EntitlementCategory	Int	Indicates the category or ‘family’ to which the learning aim belongs to for assessing how far the aim contributes to a Full level 3
FullLevel3Percent	Decimal	The percentage the aim contributes to a Full Level 3
MI_FullLevel2	Int	Indicates if the aim contributes to a Full Level 2 (only used for MI purposes)
MI_FullLevel2Percent	Decimal	The percentage the aim contributes to a Full Level 2 (only used for MI purposes)
MI_FullLevel3	Int	Indicates if the aim contributes to a Full Level 3 (only used for MI purposes)
MI_FullLevel3Percent	Decimal	The percentage a learning aim contributes to a Full Level 3 (only used for MI purposes)
Section96Valid19plus	Int	Indicates if the learning aim is valid for the defined age group, as recorded by Ofqual
SfaApprovalStatus	Int	Indicates the status of this aim in the Skills Funding Agency Approval process.
UKCESSector	Int	Indicates the sector of the learning aim as identified by UKCES (e.g. Healthcare)
UKCESSubSector	Text	Indicates the sub-sector of the learning aim as identified by UKCES

## LARS\_DataGeneration

12. This table defines when the database was generated. This record is only generated when a download is created each month. When the next database is generated, that date will replace the previous date, however there will be no audit trail of what was modified and when.

Field Name	Data Type	Description
DataGeneratedOn	DateTime	The date and time that the dataset was generated
Description	Text	The description of the LARS version
Comment	Text	Contains any specific comments about the production of the dataset. This is completed by exception only

## LARS\_Framework

13. This table contains the details for a framework. At present the table holds details for “apprenticeship frameworks” and “14-19 Diplomas”. A record in this table is uniquely identified by a combination of the following fields:

- FworkCode – the framework code
- ProgType – the programme type
- PwayCode – the pathway code

Field Name	Data Type	Description
FworkCode	Int	Identifies the framework
ProgType	Int	Identifies the level of the framework
PwayCode	Int	Identifies the pathway within the framework level
PathwayName	Text	The pathway description
EffectiveFrom	Date	The date the record is effective from
EffectiveTo	Date	The date the record is effective to (or null if no date is set)
SectorSubjectAreaTier1	Decimal	The broad (Tier 1) classification of the subject of the framework within the QCA Sector Subject Area (SSA) classification system
SectorSubjectAreaTier2	Decimal	The more detailed (Tier 2) classification of the subject of the framework within the QCA SSA classification system
DataSource	Text	The data source of the framework
NASTitle	Text	The title of the framework
ImplementDate	Date	The date the framework was implemented

Field Name	Data Type	Description
IssuingAuthorityTitle	Text	The title set by the Issuing Authority for the framework
IssuingAuthority	Text	The Issuing Authority of the framework
DataReceivedDate	Date	The date the framework documentation was received for processing
MI_FullLevel2	Int	Indicates if the aim contributes to a Full Level 2 (for MI purposes only)
MI_FullLevel2Percent	Decimal	The percentage the learning aim contributes to a Full Level 2 (for MI purposes only)
MI_FullLevel3	Int	Indicates if the aim contributes to Full Level 3 (for MI purposes only)
MI_FullLevel3Percent	Decimal	The percentage the learning aim contributes to a Full Level 3 (for MI purposes only)
CurrentVersion	Text	The version of the framework supplied by the Issuing Authority

### LARS\_FrameworkAims

14. This table contains the learning aims that are associated with a framework. A record in this table is uniquely identified by a combination of the following fields:

- FworkCode – the framework code
- ProgType – the programme type
- PwayCode – the pathway code
- LearnAimRef – the learning aim reference

Field Name	Data Type	Description
FworkCode	Int	Identifies the framework
ProgType	Int	Identifies the level of the framework
PwayCode	Int	Identifies the pathway within the framework level
LearnAimRef	Text	The learning aim reference
EffectiveFrom	Date	The date the record is effective from
EffectiveTo	Date	The date the record is effective to (or null if no date has been set)
FrameworkComponentType	Int	Identifies the component type of the aim within the framework e.g. a Technical Certificate.

## LARS\_FrameworkCmnComp

15. This table defines the allowed common components that can be used within a framework. A record in this table is uniquely identified by a combination of:

- FworkCode
- ProgType
- PwayCode
- CommonComponent

Field Name	Data Type	Description
FworkCode	Int	Identifies the framework
ProgType	Int	Identifies the level of the framework
PwayCode	Int	Identifies the pathway within the framework level
CommonComponent	Int	Identifies the type of common component (e.g. Functional Skill)
EffectiveFrom	Date	The date the record is effective from
EffectiveTo	Date	The date the record is effective to (or null if no date has been set)
MinLevel	Text	The minimum level for the common component within this framework

## LARS\_Funding

16. This table contains the funding rates associated with a funding category for a learning aim.

Field Name	Data Type	Description
LearnAimRef	Text	The learning aim reference
FundingCategory	Text	The funding category of the aim
EffectiveFrom	Date	The date from which the funding detail applies
EffectiveTo	Date	The date the funding detail applies to
RateWeighted	Decimal	The aim's weighted funding rate
RateUnWeighted	Decimal	The aim's un-weighted funding rate
WeightingFactor	Text	The aim's funding rate weighting factor

## LARS\_LearningDelivery

17. This table contains fields relating to a learning aim. Note the old LAD and LARA flags have been replaced by individually named fields on the table.

Field Name	Data Type	Description
LearnAimRef	Text	The learning aim reference
EffectiveFrom	Date	The date the record is effective from
EffectiveTo	Date	The date the record is effective to (or null if no date has been set)
LearnAimRefTitle	Text	The full title associated with the learning aim
LearnAimRefType	Text	The learning aim type of the learning aim
NotionalNVQLevel	Text	The level of the NVQ. Note levels 4 and 5 continue to reflect their pre 2004 to 2005 values
NotionalNVQLevelv2	Text	The level of the NVQ. This field is the same as the "NotionalNVQLevel" field, except levels 4 and 5 are expanded to levels 4 – 8
AwardOrgAimRef	Text	The learning aim's awarding organisation aim reference
CertificationEndDate	Date	The last date the learning aim can be certificated
OperationalStartDate	Date	The operational start date recorded by Ofqual (or other sources if relevant)
OperationalEndDate	Date	The operational end date recorded by Ofqual (or other sources if relevant)
EnglandFEHEStatus	Text	Indicates if the learning aim is a Further Education (FE) or Higher Education (HE) aim
CreditBasedFwkType	Int	Identifies the credit based framework type
QltyAssAgencyType	Int	Identifies the Qualifications Assurance Agency (QAA) type for this learning aim
OfqualGlhMin	Int	Identifies the minimal guided learning hours (GLH) value defined by Ofqual for this learning aim
OfqualGlhMax	Int	Identifies the maximum GLH value defined by Ofqual for this learning aim
DiplomaLinesOfLearning	Text	The diploma line of learning (for diplomas and principal learning qualifications)
FrameworkCommonComponent	Int	Identifies the common component type within a framework (e.g. Functional Skill). Note the lookup table for this field is called "CommonComponent_Lookup"
LTRCPWithProviderUpliftFactor	Int	Identifies if the aim is specific to Long Term Residential College (LTRC) provision (and has a provider factor uplift applied)

Field Name	Data Type	Description
EntrySubLevel	Text	Identifies the sub-entry levels of an Entry Level aim. This can be a combination (e.g. "Entry 2 + Entry 3") as well as single values
SuccessRateMapCode	Text	Identifies the code used to group learning aims together for analysis and benchmarking
AccreditedNotDfESApproved	Int	Identifies if the aim is accredited but not approved under Section 96. Note this was FLAG10 in LAD and LARA
AccreditedMayPossDfESApproved	Int	Identifies if the aim is accredited but will not be approved under Section 96. Note this was FLAG13 in LAD and LARA
JointInvestmentProgrammeOnly	Int	Identifies if this provision is not defined as Train to Gain and can only be used within the Joint Investment Programme. Note this was FLAG16 in LAD and LARA
OLASSOnly	Int	Identifies if this aim is only funded for adults within OLASS, Offer for the Unemployed and apprenticeships (where part of the SASE framework specification). Note this was FLAG17 in LAD and LARA
UnemployedOnly	Int	Identifies if the learning aim can be used for JSA, ESA (WRAG) and unemployed learners in receipt of Universal Credit mandated to provision. Note this was FLAG18 in LAD and LARA
IndependentLivingSkills	Int	Identifies if the learning aim is an independent living skills course
AdditionalOrSpecialistLearning	Int	Identifies if the learning aim is additional or specialist learning within one or more 14-19 diplomas
EngPrscID	Int	Identifies prescribed higher education learning aims, as defined by the Education (Prescribed Courses of Higher Education) (Wales) (Amendment) Regulations 1998
Vocational	Int	Identifies if the learning aim is a vocational qualification
AwardOrgCode	Text	Identifies the Awarding Organisation associated with the learning aim
UnitType	Text	The learning aim's unit type
LearningDeliveryGenre	Text	Identifies the genre of the learning delivery (e.g. prescribed HE, generic class code, QAA regulated qualification, OfQual regulated qualification, OfQual regulated unit)

Field Name	Data Type	Description
ApprovedEmployerSchemeFrame work	Int	Identifies if the learning aim is for use only on the designated Approved Employer Scheme. Note this was FLAG12 in LAD and LARA
FrameworkCompletionClassCode	Int	The learning aim is a framework completion class code. Note this was FLAG11 in LAD and LARA. This field has been renamed from "FrameworkComponentClassCode"
OfQualOfferedEngland	Int	Identifies if the learning aim is offered in England, as defined by Ofqual
OfqualPurpose	Text	The learning aims' purpose as defined by Ofqual
OfqualSubPurpose	Text	The learning aims' sub-purpose(s), as defined by Ofqual
RgltnStartDate	Date	The learning aim's regulated start date as appropriate
SourceQualType	Text	The learning aim's source qualification type
SourceSystemRef	Text	The identifier for the learning aim provided by the data source (e.g. the Ofqual reference or QAA reference)
SourceURLRef	Text	The source system's URL for this learning aim
SourceURLLinkType	Int	Identifies the learning aim's source URL type
OccupationalIndicator	Int	Identifies if the learning aim is an occupational learning aim e.g.
AccessHEIndicator	Int	Identifies if the learning aim is an Access to Higher Education ("Access to HE") aim
KeySkillsIndicator	Int	Identifies if the learning aim is a key skill
FunctionalSkillsIndicator	Int	Identifies if the learning aim is a functional skill
GCEIndicator	Int	Identifies if the learning aim is a GCE
GCSEIndicator	Int	Identifies if the learning aim is a GCSE aim
ASLevelIndicator	Int	Identifies if the learning aim is an AS level aim
A2LevelIndicator	Int	Identifies if the learning aim is an A2 level
ALevelIndicator	Int	Identifies if the learning aim is an A level
QCFIndicator	Int	Identifies if the learning aim is a Qualifications and Credit Framework (QCF) aim
QCFDiplomaIndicator	Int	Identifies if the learning aim is a QCF Diploma
QCFCertificateIndicator	Int	Identifies if the learning aim is a QCF Certificate

Field Name	Data Type	Description
EFAEnglishGCSE	Int	Identifies if the learning aim is an EFA approved English GCSE. Note this field will contain no entry for 2015 to 2016 because its usage has been replaced by field EFACOFTYPE
EFAMathsGCSE	Int	Identifies if the learning aim is an EFA approved maths GCSE. Note this field will contain no entry for 2015 to 2016 because its usage has been replaced by field EFACOFTYPE
EFACOFTYPE	Int	Identifies the EFACOFTYPE (EFA condition of funding type) code assigned to the learning aim
SFAFundedIndicator	Int	Identifies if the learning aim is, or will be, funded by the SFA
DanceandDramaIndicator	Int	Identifies if the learning aim is a dance or drama aim
AvailabilityStatus	Int	Indicates the learning aim's availability for further processing
Notes	Text	Any notes or comments to record any additional relevant information for the learning aim
LearnDirectClassSystemCode1	Text	The code for the subject areas for the learning aim using the Learning Directory Classification System (LDCS)
LearnDirectClassSystemCode2	Text	The code for the subject areas for the learning aim using the Learning Directory Classification System (LDCS)
LearnDirectClassSystemCode3	Text	The code for the subject areas for the learning aim using the Learning Directory Classification System (LDCS)
RegulatedCreditValue	Int	The learning aim's credit value within a regulated credit framework
SectorSubjectAreaTier1	Decimal	The broad (Tier 1) classification of a learning aim within the Qualification and Curriculum Authority (QCA) SSA classification system
SectorSubjectAreaTier2	Decimal	The more detailed (Tier 2) classification of a learning aim within the QCA SSA classification system
MI_NotionalNVQLevel	Int	The level on the NVQ scale for all learning aims. Note levels 4 and 5 continue to reflect their original pre 2004 to 2005 values. Note this field is for MI purposes only

Field Name	Data Type	Description
MI_NotionalNVQLevelv2	Decimal	The level on the NVQ scale for all learning aims. This field is the same as the "MI_NotionalNVQLevel" field apart from levels 4 and 5 are expanded to levels 4 – 8. Note this field is for MI purposes only
GuidedLearningHours	Int	The guided learning hours, defined by Ofqual for this learning aim
DirectStudyHours	Int	The direct study hours, defined by Ofqual for this learning aim
DedicatedAssessmentHours	Int	The dedicated assessment hours, defined by Ofqual for this learning aim
TotalQualificationTime	Int	The total qualification time, defined by Ofqual for this learning aim

### LARS\_LearningDeliveryCategory

18. This table allows categories to be added to individual learning aims for analysis.

Field Name	Data Type	Description
LearnAimRef	Text	The learning aim reference
CategoryRef	Int	The code representing the categorisation of the learning aim
EffectiveFrom	Date	The date the record is effective from
Effective To	Date	The date the record is effective to

### LARS\_Section96

19. This table contains the Section 96 details for a learning aim, defined by the EFA. These fields were previously held on the "LARS\_AnnualValue" table.

Field Name	Data Type	Description
LearnAimRef	Text	The learning aim reference
EffectiveFrom	Date	The date the record is effective from
EffectiveTo	Date	The date the record is effective to
Section96Valid16to18	Int	Identifies if the learning aim is valid for the 16 - 18 age group in accordance with Section 96 funding status

Section96Valid18plus	Int	Identifies if the learning aim is valid for the 18 plus age group in accordance with the Section 96 funding status
Section96ApprovalStatus	Int	The Section 96 approval status of the learning aim
Section96ApprovalStartDate	Date	The start date of Section 96 approval for the learning aim
Section96ReviewDate	Date	The date the approval under Section 96 will be reviewed
Section96ValidPre16	Int	Identifies if the learning aim is valid for the pre-16 age group in accordance with the Section 96 funding status
Section96OtherProvision	Int	MI analysis of approved Section 96 qualifications

## LARS\_Standard

20. This table contains the details for apprenticeship standard.

Field Name	Data Type	Description
StandardCode	Int	The apprenticeship standard code
Version	Int	The version number of the apprenticeship standard
StandardName	Text	The name of the apprenticeship standard
StandardSectorCode	Text	The sector code applicable to the apprenticeship standard
NotionalEndLevel	Text	The attainment level for the apprenticeship standard based upon the "NotionalNVQLevel2" field
EffectiveFrom	Date	The date the apprenticeship standard is effective from
LastDateStarts	Date	The last date an apprenticeship standard can be started
EffectiveTo	Date	The date the apprenticeship standard is effective to
UrlLink	Text	The URL link to details of the apprenticeship standard where appropriate
SectorSubjectAreaTier1	Decimal	The broad (Tier 1) classification of the apprenticeship standard within the QCA SSA classification system
SectorSubjectAreaTier2	Decimal	The more detailed (Tier 2) classification of the apprenticeship standard within the QCA SSA classification system

## LARS\_StandardCommonComponent

21. This table defines the common components that can be used within an apprenticeship standard. A record in this table is uniquely identified by a combination of:

- StandardCode – standard code
- CommonComponent – common component

Field Name	Data Type	Description
StandardCode	Int	The apprenticeship standard code
CommonComponent	Int	Identifies the common component type (e.g. Functional Skill)
EffectiveFrom	Date	The date this record is effective from
EffectiveTo	Date	The date this record is effective to (or null if no date has been set yet)
MinLevel	Text	The minimum level of the common component within the apprenticeship standard

## LARS\_StandardFunding

22. This table contains the funding rates for a funding category for a standard.

Field Name	Data Type	Description
StandardCode	Int	The apprenticeship standard code
FundingCategory	Text	Identifies the funding category of the apprenticeship standard
EffectiveFrom	Date	The date from which this funding detail relates
EffectiveTo	Date	The date to which this funding detail relates
BandNumber	Int	Funding cap band applicable to the apprenticeship standard
CoreGovContributionCap	Int	Maximum government contribution for the band
1618Incentive	Int	Incentive value for recruitment of a 16-18 year old for the band
SmallBusinessIncentive	Int	Incentive value for small businesses (<50) for the band.
AchievmentIncentive	Int	Value for completion of the standard for the band

### LARS\_StandardValidity

23. This table shows when a standard can be offered for a validity category.

Field Name	Data Type	Description
StandardCode	Int	The apprenticeship standard code
ValidityCategory	Text	Identifies the validity category for the apprenticeship standard
StartDate	Date	Identifies when the apprenticeship standard is valid from for the validity category
LastNewStartDate	Date	The last date for starts for this apprenticeship standard on this category
EndDate	Date	Identifies when an apprenticeship standard is no longer valid for the particular validity category

### LARS\_SupersedingAims

24. This table records if a learning aim is superseded or preceded by one or more learning aims.

Field Name	Data Type	Description
OldLearnAimRef	Text	Learning aim reference for the aim being superseded
NewLearnAimRef	Text	Learning aim reference for the aim that is the superseding aim

### LARS\_SupersedingFrameworks

25. This table records if a framework is superseded or preceded by one or more frameworks. A record in this table is uniquely identified by a combination of:

- OldFworkCode – old framework code
- OldprogCode – old programme code
- OldPwayCode – old pathway code
- NewFworkCode – new framework code
- NewProgType – new programme type
- NewPwayCode – new pathway code

Field Name	Data Type	Description
OldFworkCode	Int	The framework code of a superseded framework
OldProgType	Int	The framework type code of a superseded framework
OldPwayCode	Int	The apprenticeship pathway code of a superseded framework
NewFworkCode	Int	The framework code of the superseding framework
