

Apprenticeship funding rules August 2020 to July 2021 (version 5)

Summary of changes

Introduction

- 1. This document sets out amendments to the following documents:
 - Apprenticeship funding rules for main providers August 2020 to July 2021 version 4
 - Apprenticeship funding rules for employer-providers August 2020 to July 2021 version 4
 - Apprenticeship funding rules and guidance for employers August 2020 to July 2021 version 4
- The funding rules form part of the terms and conditions for the use of funds in an employer's apprenticeship service account or for government-employer co-investment. You must read them in conjunction with your funding agreement with the Secretary of State for Education (acting through the Education and Skills Funding Agency (the ESFA), an executive agency of the Department for Education).
- 3. These rules will apply to all apprenticeship programmes starting on or after 1 August 2020, with the exception of the following:
 - a. the new redundancy arrangements described, which will apply to all redundancies that occur on or after 15 October 2020, irrespective of the apprentice's start date; and
 - b. the Functional Skills Qualifications temporary flexibilities, which will apply to all active apprentices, irrespective of their apprenticeship programme start date which may be in a previous funding year.
- 4. We have identified the rules that have changed from the 2019 to 2020 funding rules in the table below. The employer, employer-provider and provider paragraph numbers are denoted with the prefix E, EP or P respectively.
- 5. This document is intended as a summary and does not replace the funding rules themselves. You should refer to the main funding rules document for the definitive rules.

Summary Note:

On the 30 July 2020 we published version 1 of the 2020 to 2021 apprenticeship funding rules. Along with that version of the rules we also published a summary of changes, to make it easy to identify the differences between the 2020 to 2021 clarification version and version 1 of the 2020 to 2021 rules.

We have now published version 5 of the 2020 to 2021 rules and this summary of changes includes the additional amendments that have been made since the clarification version and versions 1, 2, 3 and 4.

The 2020 to 2021 funding rules are being published following the policy changes and flexibilities introduced in response to the impact of coronavirus (COVID-19).

Terminology:

New rule:

• We use this term to describe new rules that are developed in line with new policy, changes to existing policy, or changes to operational processes. The term describes new actions we expect a relevant individual or organisation to undertake in order to be compliant.

Clarification:

 We use this term to describe the rewording of existing rules for ease of understanding or for the inclusion of a rule that explicitly states, reinforces or emphasises the implicit actions that should already be taken in order to be compliant with the entirety of the funding rules.

Restructure:

• We use this term to describe areas where we have moved rules for ease of understanding.

New content:

• We are introducing new tools (e.g. flowcharts) to help articulate the rules. We will use this term to confirm when we have added something new.
