We Know Moms

CALENDAR 2022

Mothers have had to wear many hats and face every predicament the year threw at them with a smile. Moms gladly morphed into IT technicians, teachers, playmates, best friends, and everything else one could imagine.

At Cloudnine are proud to know these moms. We know that every time they walk in it's not the cure but the care that works wonders for them.

We know that from the time she starts her maternity journey, her baby becomes her world.

And every mom's happiness comes from ensuring the best for her bundle of joy.

That's why, we have always worked to ensure that the care doesn't stop.

Whether it's opening new centers across India, starting an E-commerce website for moms, or even bringing them together as a collective with a Community for moms. We have worked relentlessly towards making life easier for her.

And that's just the start of the excitement for moms in 2022 with a whole lot more coming their way.

We know that they deserve the best because they're doing their best.

We Know Moms

This year's
gonna be
awesome.
Thanks to
my mom.

A healthy
mom
means a
happy baby.

I can't wait to say,
"Happy Mother's
Day."
