**The Horseshoe Crab Saved Us. Can We Save the Horseshoe Crab?**  
Episode 74 • Sep 5, 2023 • 28 min

Episode Topic: [Animal Health](#) | [Environment](#)

The horseshoe crab has endured for over 450 million years. In this episode we talk with three experts about how this animal's unique blue blood has become essential to modern medicine. We also talk about why horseshoe crab populations are dwindling, and what biotech is doing to address the shortfall.
