

# Need some help with a project?

Find the right provider with Services Marketplace

## How to get started?

- 1** If you need to find a service provider.  Search for service providers on [linkedin.com/services](https://www.linkedin.com/services).
- 2** If you know who you want to work with.  Visit their service page and send them a proposal request.
- 3** If you're not sure who you want to work with.  Create a project and receive 5 matches from vetted providers.
- 4** If you're not sure who you want to work with.  Ask your network with [#findanexpert](#).

## Tips

Use a providers experience to determine if they are a good fit for you.

→ Look at things like reviews, past experience, and recommendations.

Once you're ready to reach out to a provider, send them a personalized message on LinkedIn.

Go to "My items" from your profile to track your projects by clicking "My projects".
