

**WARNING:** To avoid injury, read all safety information below and operating instructions before using Apple TV. Failure to follow these safety instructions could result in fire, electric shock or other injury, or damage to Apple TV or other property.

### **Important Safety Instructions**

Read and follow these instructions to use Apple TV safely.

- Read these instructions.
- Keep these instructions.
- Heed all warnings.
- Follow all instructions.
- Do not use Apple TV near water.
- Clean only with a dry cloth.
- Do not block any ventilation openings. Install in accordance with manufacturer's instructions.
- Do not install near any heat sources such as radiators, heating vents, cookers or other devices (including amplifiers) that produce heat.
- Protect the power lead from being walked on or pinched, particularly at the plugs and at the point where it exits from Apple TV.
- Only use attachments/accessories specified by the manufacturer.
- Unplug Apple TV during lightning storms or when unused for long periods of time.
- Refer all servicing to qualified service personnel. Servicing is required when Apple TV has been damaged in any way, such as when the power lead or plug is damaged, liquid has been spilled or objects have fallen into Apple TV, or when Apple TV has been exposed to rain or moisture, does not operate normally or has been dropped.

### **Power**

Apple TV has no on/off switch. The Power button on the remote puts Apple TV to sleep and wakes Apple TV from sleep. To disconnect Apple TV from power, unplug the power lead. Make sure the power lead is always easily accessible. When connecting or disconnecting Apple TV, always hold the plug by its sides. Keep fingers away from the metal part of the plug.

### **Location**

Do not use Apple TV outdoors. Apple TV is an indoor product. Do not place naked flame sources, such as lit candles, on or near Apple TV. Do not use Apple TV near water. Do not expose Apple TV to dripping or splashing, and do not place any object filled with liquid, such as a vase, on Apple TV. Do not move Apple TV if it is connected to a TV, computer or other electronic device.

**WARNING:** To reduce the risk of fire or electric shock, do not expose Apple TV to rain, liquid, moisture, excessive heat or naked flames.

### **Battery and Charging**

Don't attempt to replace the remote battery yourself — you may damage the battery, which could cause overheating, fire and injury. The lithium-ion battery in

the remote should be serviced or recycled by Apple or an authorised service provider, and must be recycled or disposed of separately from household waste. Dispose of batteries according to your local environmental laws and guidelines. For information about Apple lithium-ion batteries and battery service and recycling, go to [apple.com/uk/batteries/service-and-recycling](http://apple.com/uk/batteries/service-and-recycling). For information about charging, see "Charging the Remote" below.

### **Cleaning and Care**

To clean Apple TV, unplug the power lead and all cables. Then use a soft, dry, lint-free cloth. Avoid getting moisture in openings. Do not use window cleaners, household cleaners, aerosol sprays, solvents, alcohol, ammonia or abrasives to clean Apple TV.

### **Repairing**

Do not make repairs yourself. You can find more information about getting service at [support.apple.com/en-gb/apple-tv/repair/service](http://support.apple.com/en-gb/apple-tv/repair/service).

**WARNING:** Do not attempt to open Apple TV or disassemble it. You run the risk of electric shock, and damage caused by disassembly is not covered by the limited warranty. No user-serviceable parts are inside.

### **Handling**

Your Apple TV may be damaged by improper storage or handling. Be careful not to drop Apple TV when transporting it.

### **Operating Environment**

Apple TV works best in ambient temperatures between 0° and 35° C and can be stored at temperatures between -20° and 45° C. While you're using Apple TV, it's normal for the case to get warm. The Apple TV case is designed to transfer heat from inside the unit to the cooler air outside.

Do not operate Apple TV in areas with significant amounts of airborne dust or particulate matter that might clog the ventilation openings.

### **Explosive and Other Atmospheric Conditions**

Using Apple TV and the remote in any area with a potentially explosive atmosphere, such as areas where the air contains high levels of flammable chemicals, vapours or particles (such as grain, dust or metal powders), may be hazardous. Exposing Apple TV and the remote to environments with high concentrations of industrial chemicals, including near evaporating liquefied gases such as helium, may damage or impair Apple TV and the remote functionality. Obey all signs and instructions.

### **Medical Conditions**

If you have a medical condition that you believe could be affected by using Apple TV (for example, seizures, blackouts, eye strain or headaches), consult with your doctor prior to using Apple TV.

### **Medical Devices**

The remote contains radios that emit electromagnetic fields. These electromagnetic fields may interfere with

pacemakers, defibrillators and other medical devices. Keep at least 15cm of separation between your pacemaker or defibrillator and the remote. If you suspect the remote is interfering with your pacemaker or any other medical device, stop using it and consult your doctor for information specific to your medical device.

### **Repetitive Motion**

When you perform repetitive activities, such as playing games on Apple TV, you may experience occasional discomfort in your hands, arms, wrists, shoulders, neck or other parts of your body. If you experience discomfort, stop those activities and consult a doctor.

### **Charging the Remote**

Charge the remote with a USB-C cable (not included). Using counterfeit or damaged cables or chargers, or charging when moisture is present, can cause fire, electric shock, injury or damage to the remote or other property. When you use a power adapter to charge the remote, make sure the cable is fully inserted into the power adapter before you plug the adapter into a power point.

### **Gaming**

Avoid excessive motion when playing games on Apple TV. Maintain a secure grip on remotes or game controllers to prevent injury or accidental damage.

### **Device Information**

Information such as the model number, serial number and electrical rating is located on the bottom of Apple TV. To find the serial number onscreen, go to Settings > General > About.

### **User Guide**

Before using Apple TV, review the *Apple TV User Guide* at [support.apple.com/en-gb/guide/tv](https://support.apple.com/en-gb/guide/tv) or download the guide from Apple Books (where available). Retain documentation for future reference.

### **Regulatory**

Regulatory certification information is available on device. Go to Settings > General > Legal & Regulatory. Additional regulatory information is in "Safety, handling and support" in the *Apple TV User Guide*.

### **FCC and ISED Canada Compliance**

This device complies with part 15 of the FCC Rules and ISED Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

### **ENERGY STAR® Compliance**

Apple TV meets the ENERGY STAR guidelines for energy efficiency. Reducing energy consumption saves money and helps conserve valuable resources.

To save energy, Apple TV is set to sleep after 15 minutes of user inactivity. To put Apple TV to sleep immediately, or to wake Apple TV, press the Power button on the remote. To change sleep settings, go to Settings > General > Sleep After.

### EU / UK Compliance

Apple Inc. hereby declares that this wireless device is in compliance with Directive 2014/53/EU and Radio Equipment Regulation 2017. A copy of the Declaration of Conformity is available at [apple.com/euro/compliance](http://apple.com/euro/compliance). Apple's EU representative is Apple Distribution International Ltd., Hollyhill Industrial Estate, Cork, Ireland. Apple's UK representative is Apple UK Ltd., 2 Furzeground Way, Stockley Park, Middlesex, UB11 1BB.

Frequency	Maximum Power
2.4 GHz	< 100mW
5.150 - 5.250 GHz - Use Restriction	< 200mW
5.250 - 5.350 GHz - Use Restriction	< 200mW
5.470 - 5.725 GHz	< 200mW
5.725 - 5.875 GHz	< 25mW

### Use Restriction

This device is restricted to indoor use. This restriction applies in: AT, BE, BG, CH, CY, CZ, DE, DK, EE, EL, ES, FI, FR, HR, HU, IE, IS, IT, LI, LT, LU, LV, MT, NL, NO, PL, PT, RO, SE, SI, SK, TR, UK(NI).

### Disposal and Recycling Information

The symbol above means that according to local laws and regulations, your product and/or its battery shall be disposed of separately from household waste. When this product reaches its end of life, take it to a collection point designated by local authorities. The separate collection and recycling of your product and/or its battery at the time of disposal will help conserve natural resources and ensure that it is recycled in a manner that protects human health and the environment. For information about Apple's recycling programme, recycling collection points, restricted substances and other environmental initiatives, go to [apple.com/uk/environment](http://apple.com/uk/environment).

### Apple One-Year Limited Warranty Summary

Apple warrants the included hardware product and accessories against defects in materials and workmanship for one year from the date of original retail purchase.

Apple does not warrant against normal wear and tear, nor damage caused by accident or abuse. To obtain service, call Apple or visit an Apple Store or an Apple Authorised Service Provider — available service options are dependent on the country in which service is requested and may be restricted to the original country of sale. Call charges and international shipping charges may apply, depending on the location. Subject to the full terms and detailed information on obtaining service available at [apple.com/uk/legal/warranty](http://apple.com/uk/legal/warranty) and [support.apple.com/en-gb](http://support.apple.com/en-gb), if you submit a valid claim under this warranty, Apple will either repair, replace or refund your hardware device at its own discretion. Warranty benefits are in addition to rights provided under local consumer laws. You may be required to furnish proof of purchase details when making a claim under this warranty.

For Australian Consumers: Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure. Apple Pty Ltd, PO Box A2629, Sydney South, NSW 1235. Tel: 133-622.
