

DeskMini USB Hub

Quick Installation Guide

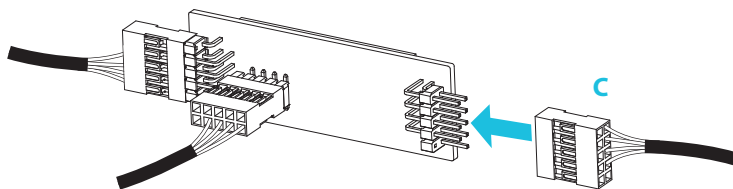

- 1 Connect one end of the **Cable for Connecting to USB Hub [A]** to the **MB** connector on the DeskMini USB Hub. Then connect the other end of the cable to the **USB 2.0 header** on the motherboard.

- 2 Connect the **USB 2.0 Cable [B]** to the **USB1_3** connector on the DeskMini USB Hub.

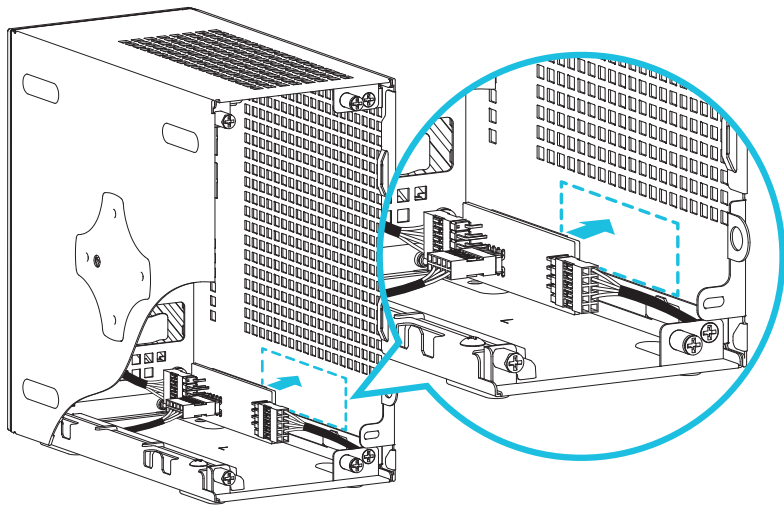

- 3 Connect the **ARGB Strip Cable [C]** to the **USB1_2** connector on the DeskMini USB Hub.

*Please note that the DeskMini USB 2.0 Cable [B] and ARGB Strip Cable [C] do not come with the package and must be purchased separately.

- 4 Attach the magnetic DeskMini USB Hub to the right inner side of the case. Make sure it is placed in the position shown in the diagram.

- 5 Complete.
