Escape to the Beauty of Etéreo

RESORT

Etéreo – Spanish for “ethereal” - something spiritual and heavenly — and so ties into the sense of spiritual renewal and the celestial connection that’s central to the Mayan culture. Located on a timeless and pristine oceanfront site that is remarkable for its lush and expansive gardens of lush greenery and 300 meter long, white-sand beach. The resort is a collection of patinated coral stone structures designed with modern Mayan references.

LOCATION

Situated on the eastern coast of Mexico’s Yucatan Peninsula, and surrounded by the natural beauty of the Mayan Riviera’s lush lagoons and pristine greenery, Etéreo is located in the Kanai development just 24 miles from Cancun International Airport and 6 miles from Playa del Carmen.

DINING

Etéreo features three distinct dining venues, each inspired by the flavors of Mexico and taking on Mayan influences. Additional experiential dining options keep the dining options fresh and innovative.

Itzam: Our main dining venue, offering elevated and modern Mexican cuisine with a focus on local products that are both sustainable and locally sourced.

Che Che: a relaxed, open-air restaurant celebrating the marriage of Japanese and Mexican techniques and flavors using local ingredients.

El Changarro: a daytime beachside restaurant offering fresh grilled or chilled seafood in the sand.

Chu Chu: morning coffee and pastries, afternoon snack, and sunset cocktails.

Alberca: light and fresh poolside chaise dining and drinking.

WELLNESS

SANA, an Auberge Spa, is a wellness sanctuary set above a lush forest with each of the seven private terrace treatment rooms overlooking an endless sea of green. The spa features salt rooms, sound showers, an herbal steam room, a Mayan clayroom, and a cenote-inspired pool. Spa treatments will take their inspiration from local healing traditions and the Mayan reverence for the celestial.

ACCOMMODATIONS

Each of the 75 guesthouses at Etéreo have expansive ocean or forest views and floor-to-ceiling windows opening to large terraces, exemplifying extraordinary indoor-outdoor living. Many also have private plunge pools and additional rooftop terraces.
