## VISIT

Please make sure that you arrive 30 minutes before your visit to allow enough time for security and other procedures. In the case of guided visits, this will allow you to experience the full tour, as guides must keep within the timeslot planned for the visit.

You will be asked to show your booking confirmation with group details and time of visit. Be aware that due to very restricted access to the museum you may have to queue, even though you have arrived on time for your visit.

- Security

*Although identity documents are not compulsory to access the building, we advise you to bring them with you. All visitors and bags are subject to airport-style security checks before entry. ## Specific information for schools

- ***Planning a visit of the HEH: Prepare your group***

We strongly advise you to check the About and Discover sections of the HEH website before making your booking or bringing your group to the museum. This will allow you to know which type of visit to choose and see which learning resources we offer for the visit. You do not need to print these resources, they will be provided at the museum.

We recommend you to break your class into groups of roughly equal sizes, led by one teacher (15 students max. per group) already before arriving at the museum, to save time for the visit itself.

- **Get started at the museum**
  - *Self-guided visits with learning resources*

A member of the floor staff will welcome you in the entrance area and give you the activity pack corresponding to the visit you booked.

- *Using a multimedia tablet*

If you visit the permanent exhibition, you will need to pick-up the multimedia tablets providing all the contents in 24 languages at Level 1. You will then need to take the lifts to either Level 2 or Level 3 according to the group you are in (a sticker on each group's activity pack indicates where the group starts).

On the tablets, there are guidance notes for teachers and students on each floor, represented by

this symbol: 

- *Guided visits*

The guide will welcome you in the entrance area. He or she has been chosen according to the language requirements and age range of your group.

- **Explore the exhibitions**
  - *In small groups*

Groups of roughly equal size led by one teacher (15 students max. per group) will work independently of each other in the museum. On each floor, these groups will even separate into smaller sub-groups that will have to go to different showcases to answer different questions.

- *With a chaperone*

Each teacher or accompanying person is responsible for his or her group of around 15 students. We ask this person to make sure every student respects the behaviour rules and shows up on time and in the right place for the briefings and debriefings.
