

Consultation with experts in the field of intangible cultural heritage safeguarding in the framework of the global reflection on the listing mechanisms of the 2003 Convention

INTRODUCTION

The international cooperation and assistance system of the 2003 Convention for the Safeguarding of the Intangible Cultural Heritage (2003 Convention) includes four mechanisms: two Lists, one Register and International Assistance. These are set out in Articles 16, 17, 18 and 20 of the Convention, respectively, and are further explained in the Operational Directives:

- The Representative List of the Intangible Cultural Heritage of Humanity ('Representative List' or 'RL')
- The List of Intangible Cultural Heritage in Need of Urgent Safeguarding ('Urgent Safeguarding List' or 'USL')
- The Register of programmes, projects and activities that best reflect the principles and objectives of the Convention ('Register of Good Safeguarding Practices' or 'GSP')
- International Assistance from the Intangible Cultural Heritage Fund ('International Assistance' or 'IA').

This consultation follows the decision by the Intergovernmental Committee of the 2003 Convention to launch a global reflection on the listing mechanisms of the Convention, with support from the Government of Japan (Decisions 13.COM 6 and 13.COM 10).

The global reflection on the listing mechanisms of the 2003 Convention focuses on the two Lists and the Register. For the purposes of this survey, 'nomination' and 'inscription' also refer to proposals for inclusion on the Register of Good Safeguarding Practices.

The reflection will focus, *inter alia*, on the following issues:

- the nature and purposes of the Lists and the Register of the 2003 Convention
- the relevance of the various criteria for each of the listing mechanisms
- the methodology for evaluating and examining nominations
- issues related to the follow-up of inscribed elements or of selected good safeguarding practices.

The timetable for the reflection process, initially set out by the Committee and adjusted due to the ongoing COVID-19 pandemic, includes a consultation with experts, to be followed by a meeting of an open-ended intergovernmental working group in July 2021. The sixteenth session of the Committee will provide an opportunity to engage in further intergovernmental discussions on the topic, and to propose relevant revisions to the Operational Directives for possible adoption by the General Assembly in 2022. The consultation with experts will follow a two-step process, with this online survey being the first step. The second step will consist of an online meeting of experts to be organized on 7 May (Part I) as well as on 26 and 27 May (Part II).

Experts in the field of intangible cultural heritage safeguarding are therefore invited to contribute to the global reflection through this online survey and to share their views on the main challenges identified so far concerning the listing mechanisms as well as on possible approaches to finding solutions for the future of the Convention.

Background information, together with a list of relevant Committee decisions, General Assembly resolutions, working documents and other reference material, can be consulted at : <https://ich.unesco.org/en/global-reflection-on-the-listing-mechanisms-01164> (<https://ich.unesco.org/en/global-reflection-on-the-listing-mechanisms-01164>).

The deadline for submitting your replies to this survey is **11 April 2021**.

- There are 44 questions in this survey (open fields are limited to a maximum of 500 words). Answers may be provided in either of the working languages of the Convention: English and French.
- You may save your replies and return to the survey at a later stage to complete it. It is also not necessary to answer all the questions – some sections may be left blank.
- The answers provided through the survey will be analyzed to support the discussions during the expert meeting to be held during the second step of this consultation. Individual answers to this survey will be neither published nor disclosed to outside parties.
