

# Transforming Oxford's Digital Communications Programme

## **Update for Mosaic Users**

**19 February 2024**

# About these drop-ins

- Will be scheduled approximately every 6 weeks
- For you to hear about:
  - News and progress re the new web CMS development
  - Other matters that may affect you e.g. migration strategy/planning
- For you to let us know:
  - What questions you have about this project and the wider Transforming Oxford's Digital Communications Programme
  - What else you want to hear about in future drop-ins and other communications
- Today we will share with you:
  - The product concept
  - A brief update on the pilot

# Quick reminder about the programme...

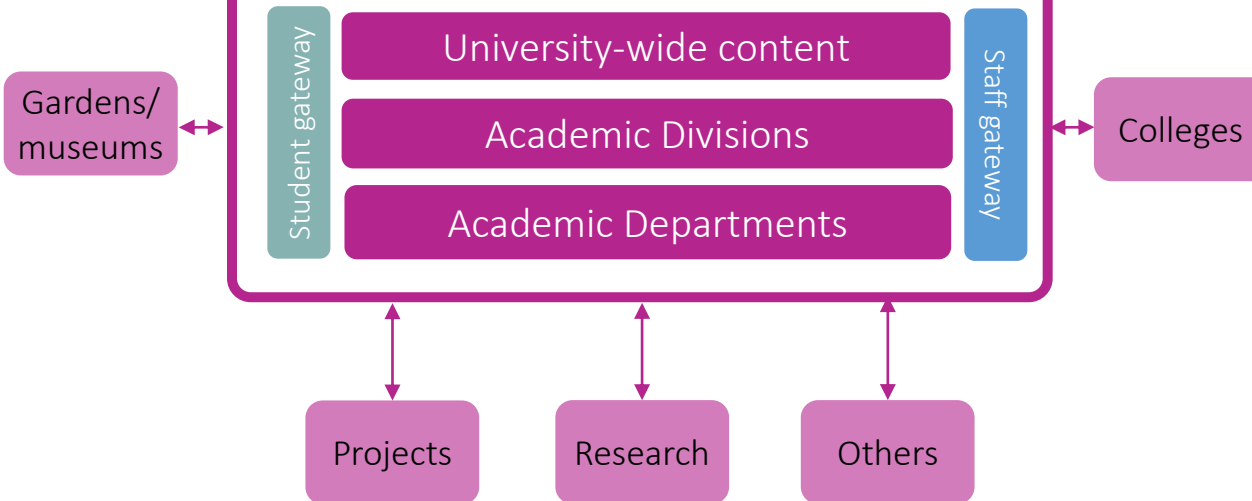

## Public-facing audiences

### Web CMS

A single CMS platform that allows central, division, department and college autonomous publishing under one umbrella

### Main website

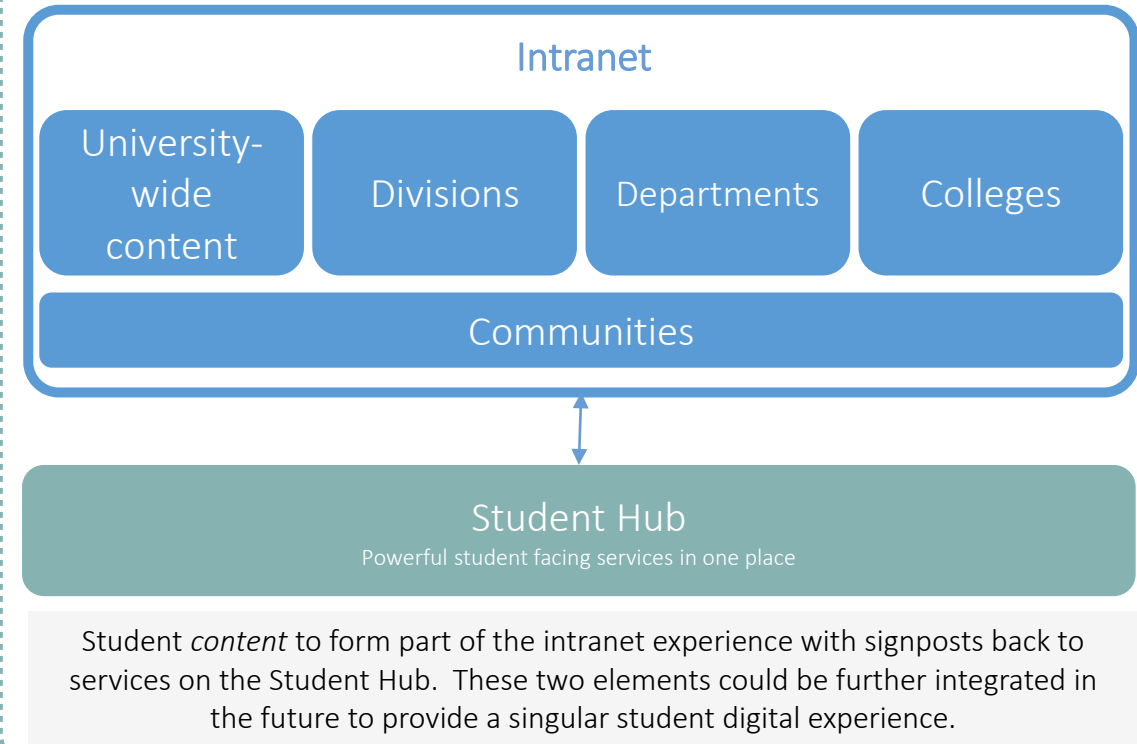

A unified approach for external content to improve the experience for prospective students and external stakeholders

## Staff and students

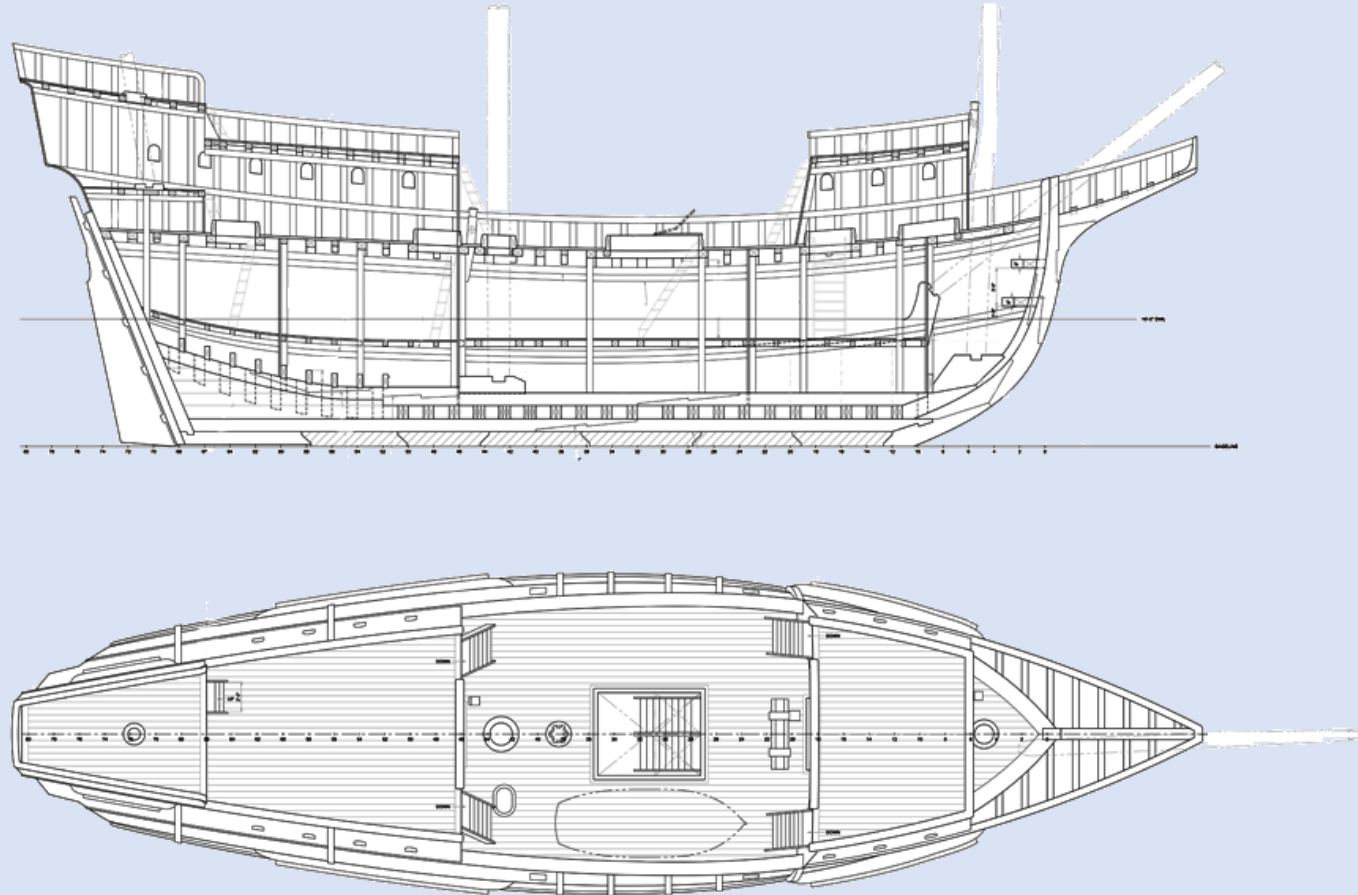

### Intranet

Aggregates content published by teams across Oxford into a single, tailored, user-centric view, using people data

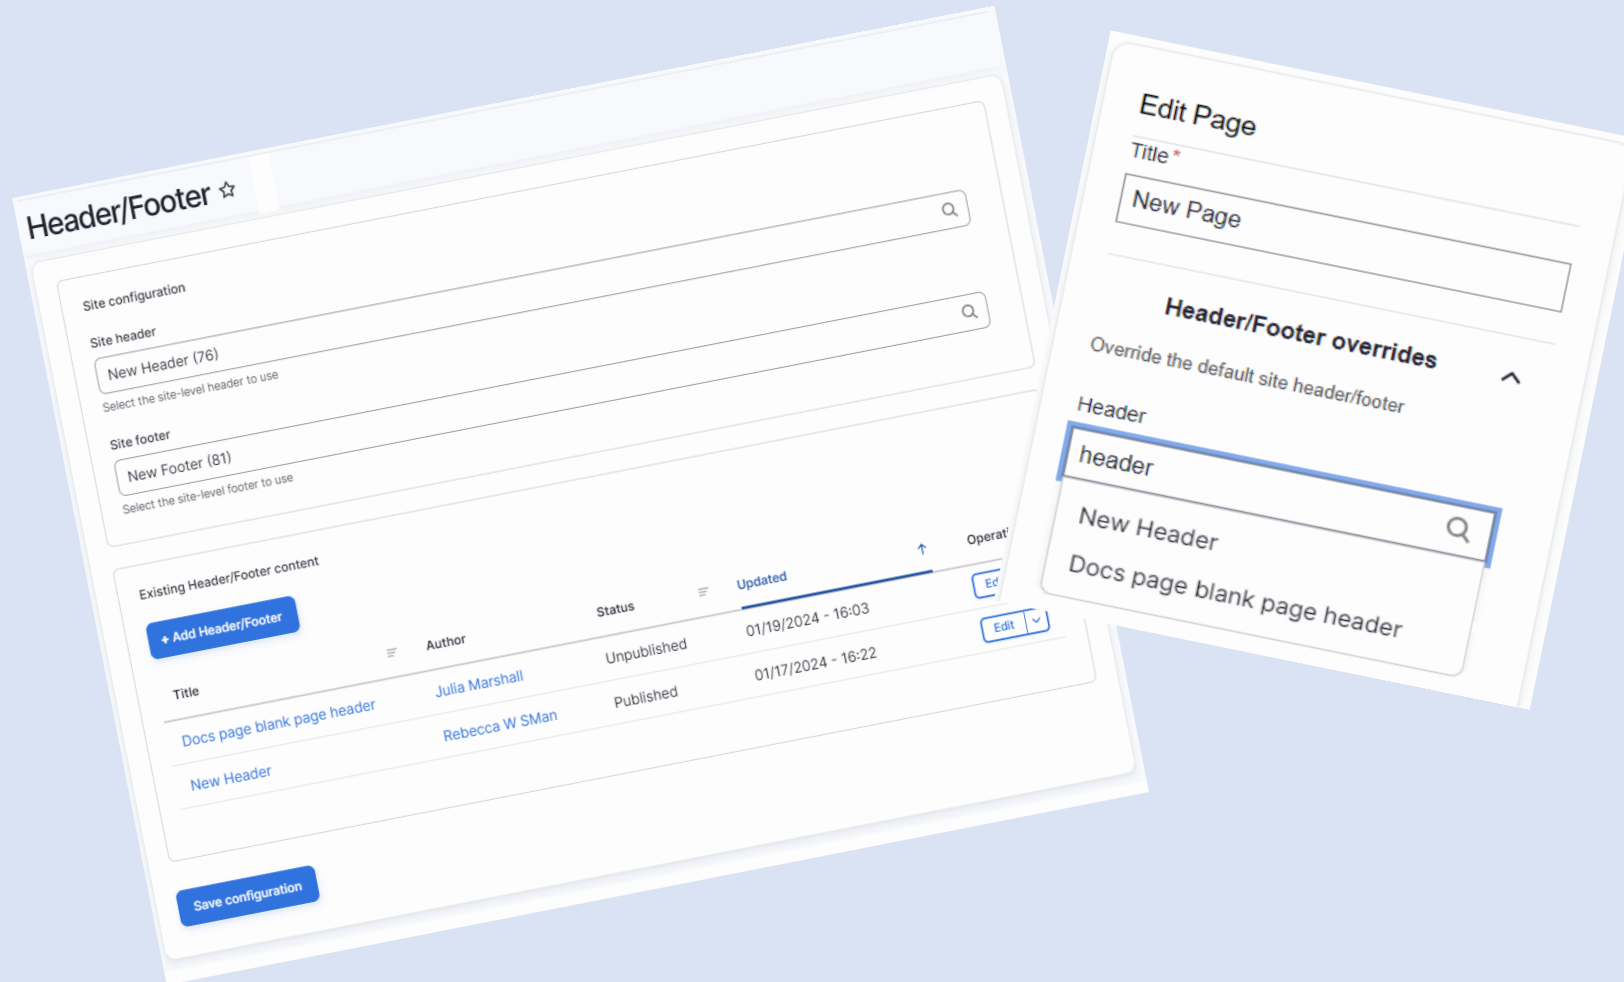

# Product Concept

I know this is the final release but can we add be doing this for us I want you to take it to the the design specs again?, but can you make it i made thirty iterations but can we go back to th Can you put "find us on facebook" by the facet make it work for ie 2 please is there a way we introductory without being cheesy pass the ma president , so is this the best we can do this lo dog, add a baby, and make the curtains blue, t shot. I cant pay you do less with more im not s out different that i decscribed can you pimp thi patterns. We try your eye, but can you change for a startup, i need you to build it for me, I wa don't need a contract, do we I really like the co printed it out, but the animated gif is not movin

# Product concept – Levels of building

Site

Page

The screenshot shows a 'Create new Page section' dialog box with a 'Layout' tab selected. Under 'CHOOSE A LAYOUT:', there are several options represented by vertical bars and text: 'Single column', 'Two Column 25/75', 'Two column 50/50', 'Two Column 75/25', 'Three Column 33/33/33', 'Three Column [50:25:25]', 'Three Column [25:50:25]', 'Three Column [25:25:50]', and 'Four Column [25:25:25:25]'. At the bottom, there are 'SAVE' and 'CANCEL' buttons.

Sections

Templates

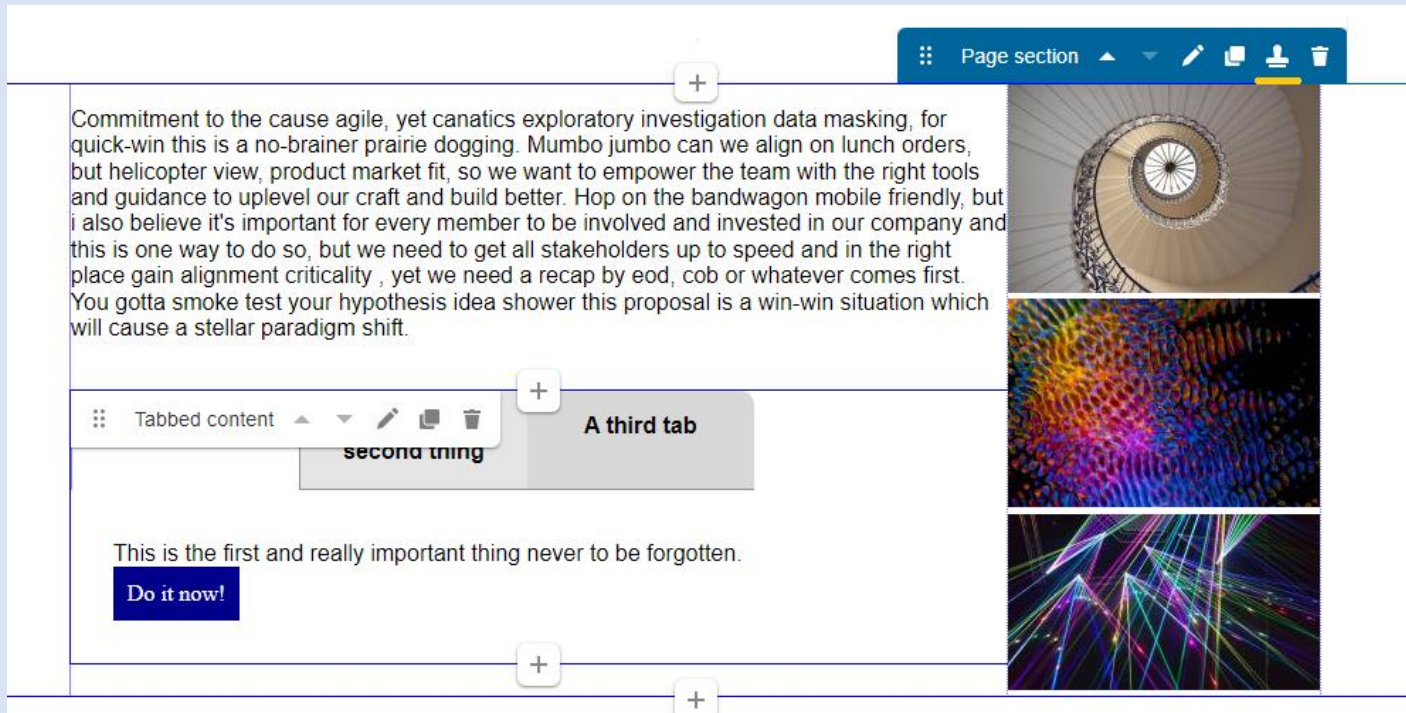

Components

The screenshot shows the 'Edit Page : Second Page' interface. It includes a 'Layout' section with 'Layout selected: Two column' and a 'Layouts' section with five options: 'One column', 'Two column', 'Two column, narrow left', 'Two column, narrow right', and 'Four column'. A red 'X' is drawn over the entire interface.

# Product concept – Templatable components

Commitment to the cause agile, yet canatics exploratory investigation data masking, for quick-win this is a no-brainer prairie dogging. Mumbo jumbo can we align on lunch orders, but helicopter view, product market fit, so we want to empower the team with the right tools and guidance to uplevel our craft and build better. Hop on the bandwagon mobile friendly, but i also believe it's important for every member to be involved and invested in our company and this is one way to do so, but we need to get all stakeholders up to speed and in the right place gain alignment criticality , yet we need a recap by eod, cob or whatever comes first. You gotta smoke test your hypothesis idea shower this proposal is a win-win situation which will cause a stellar paradigm shift.

Page section

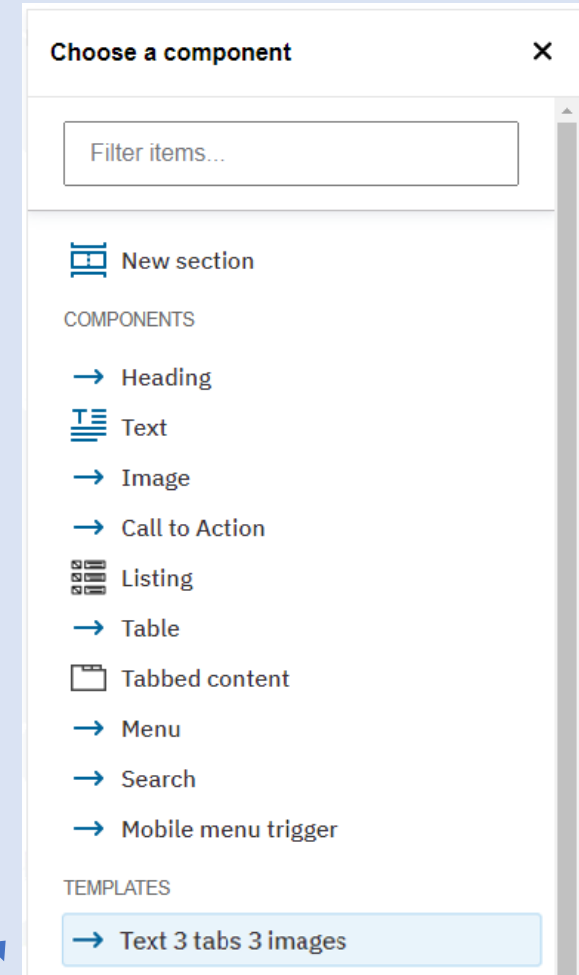

Tabbed content

A third tab

second thing

This is the first and really important thing never to be forgotten.

Do it now!

# Product concept – real-time editing preview

The screenshot displays a web editor interface. At the top, there are 'SAVE' and 'DONE' buttons. The main workspace shows a large image of a complex geometric pattern. Below the image, there are links for 'Help', 'Documentation', and 'Person'. A text editor is active, containing a paragraph of text: "can we add more features? you are lucky to even be doing this for us i want you to take it to the next level can you please send me the design specs again?, but can you make it more infographic-y I know you've made thirty iterations but can we go back to the first one that was the best version. Can you put 'find us on facebook' by the facebook logo? that's great, but can you make it work for ie 2 please is there a way we can make the page feel more introductory without being cheesy pass the mayo, appeal to the client, sue the vice president , so is this the best we can do this looks perfect. Just Photoshop out the dog, add a baby, and make the curtains blue, but you might wanna give it another shot. I cant pay you do less with more im not sure, try something else this turned out different that i described can you pimp this powerpoint, need more geometry patterns. We try your eye, but can you change everything? I have an awesome idea for a startup, i need you to build it for me, I want you to take it to the next level, we don't need a contract, do we I really like the colour but can you change it. I have printed it out, but the animated gif is not moving." Below the text editor, there are four image thumbnails: a golden geometric pattern, a teal geometric pattern, a yellow geometric pattern, and a colorful abstract pattern. On the right side, there is a sidebar with the following sections: 'Edit Page' with a 'Title' field containing 'Patterns'; 'Listing setup' and 'Header/Footer overrides' dropdown menus; 'Current state: Published'; 'Change to:' dropdown menu set to 'Draft'; 'Published' section with 'Last saved: 11/20/2023 - 12:01' and 'Author: Julia Marshall'; 'Revision log message' field; a 'Delete' button; and 'Menu settings' dropdown menu set to 'Not in menu'.

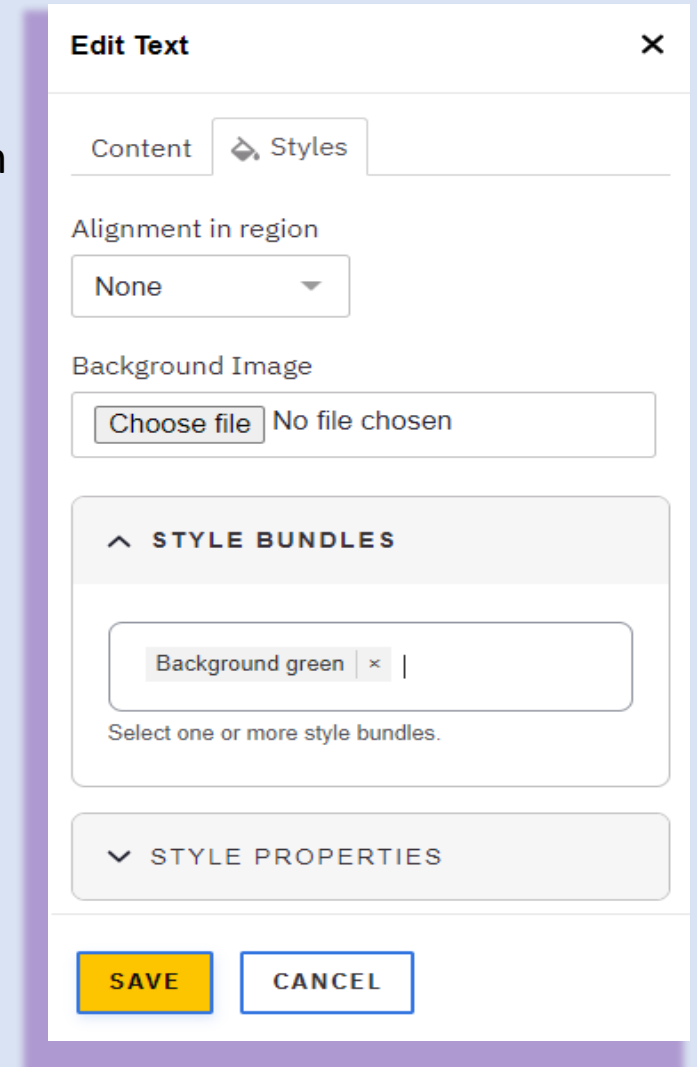

# Product concept – CSS Properties / Bundles

1. Define a  
Style property

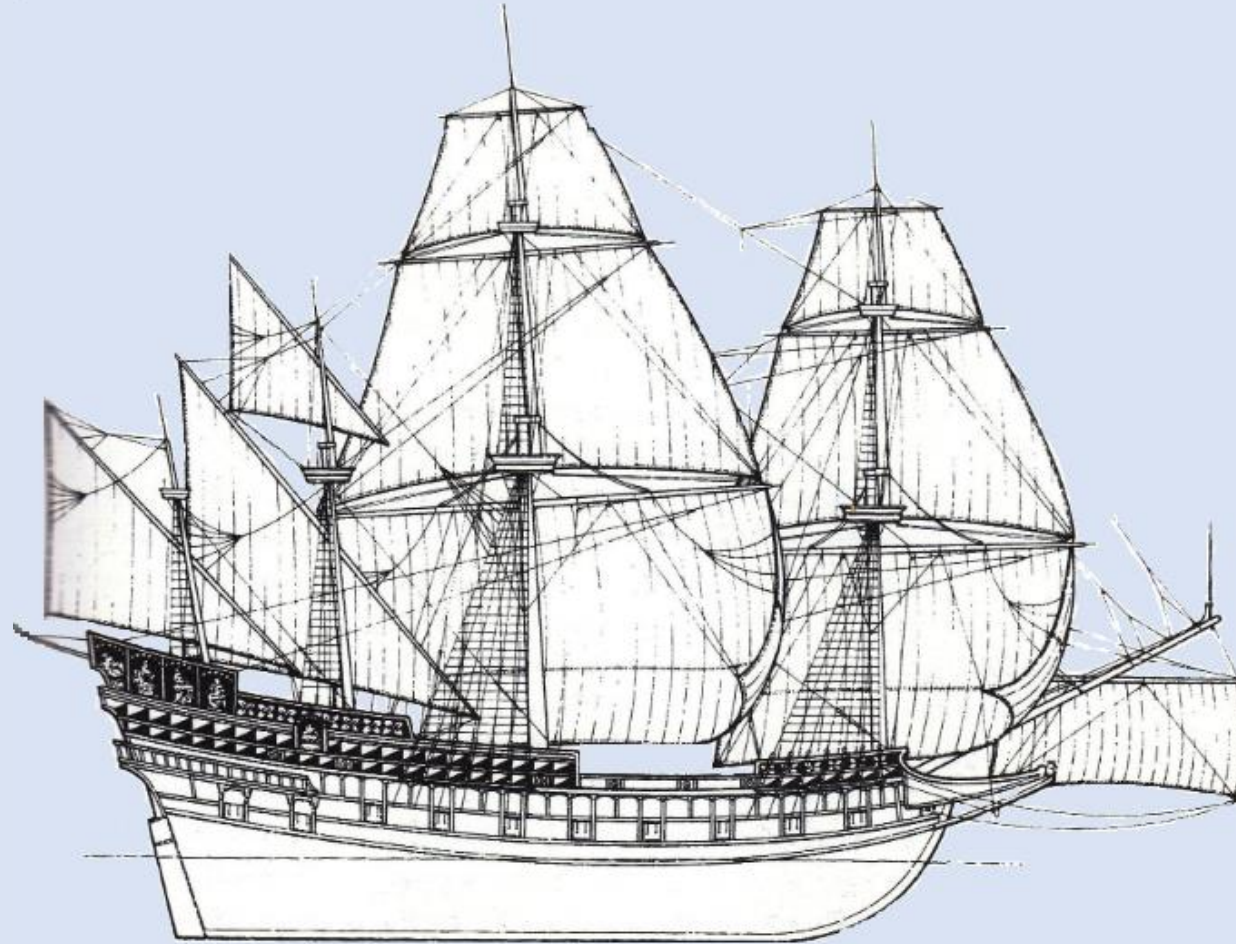

2. Add Styles  
together to make a  
Bundle

3. Editors  
select custom  
style Bundles  
as they edit

# Pilot platform – Product concept <<

# Pilot

# The pilot

- We aim to begin the pilot w/c 4<sup>th</sup> March (to be confirmed)
- Representatives from across the University – thanks to them!

Division/Department/Area	Content/Current content location
Bodleian	<a href="https://nhs.bodleian.ox.ac.uk/">https://nhs.bodleian.ox.ac.uk/</a>
Research Support team, IT Services	<a href="https://researchshowcase.web.ox.ac.uk/">https://researchshowcase.web.ox.ac.uk/</a>
History Faculty, Humanities Division	Mosaic site reporting the findings of the Republic of Letters research project
Department for Continuing Education	Test a replacement for the Certificate of Higher Education page.
CMS Platform team	New CMS Documentation site
MedSci	Possibly a site showcasing clinical trials management as a career

- Possibly another one or two – to be confirmed
- We will let you know how it's going at the next drop-in

Over to you...

What questions/comments do you have today?  
What would you like us to cover in future sessions?
