

FIE — FENCING

01

Precise identification
 Floating identification

SUBMISSION PROCESS

Competition Uniform submission for this sport is **MANDATORY**.

The IOC has set up a new tool for items to be reviewed and offer assistance. The new Uniform Submission tool is now live on [RELAY](#), where uniforms can be submitted to the IOC for review.

If you are an NOC who does not have access to RELAY and needs access to submit the uniforms, please email nocnet@olympic.org

Once a submission has been made through the IOC's online submission tool, NOCs will be notified of the "reviewed" or "non-compliant" status of their submitted items.

Items which must undergo a mandatory verification process by the FIE are the following: weapons, body wires, jackets and breeches, conductive jackets, gloves, masks, under-plastron and mask-to-jacket cable.

All items which have been checked by the FIE will be distinctively marked.

A special stamp is used to mark the mask, glove, under-plastron, conductive jacket. A label will be used to mark the guards and a special ink, paint or engraving is to be used to mark blades that have been checked.

01 ATHLETE FRONT

Identification of the Manufacturer

Clothing

- Jacket | Electric jacket | Breeches | Tracksuit**
 One *Identification of the Manufacturer* [■] per clothing item will be permitted, to a maximum size of 30cm². The Identification of the Manufacturer should be located at the bottom of the jacket on the hip on the side of the non-sword arm.
- Socks**
 One *Identification of the Manufacturer* [■] per item will be permitted, to a maximum size of 10cm².
