D.2. HOST COUNTRY PLACES

Should the host country not have achieved a man's or a woman's quota place at the various qualification events, it is guaranteed one (1) quota place for men's single sculls and one (1) for women's single sculls.

If not used, these places will be reallocated in accordance with the paragraph **F.1. Reallocation of unused host country places** below.

D.3. UNIVERSALITY PLACES

Four (4) Universality places, two (2) per gender, are made available to eligible NOCs at the Olympic Games Paris 2024: two (2) men's singles (M1x) and two (2) women's singles (W1x).

On 1 October 2023, the International Olympic Committee (IOC) will invite all eligible NOCs to submit their requests for Universality Places. The deadline for NOCs to submit their requests is 15 January 2024. The Tripartite Commission will confirm, in writing, the allocation of Universality Places to the relevant NOCs after the end of the qualification period for the sport concerned.

Detailed information on Universality places is contained in the "*Games of the XXXIII Olympiad, Paris 2024 - Olympic Games Universality Places - Allocation Procedure and Regulations*" document.

E. CONFIRMATION PROCESS FOR QUOTA PLACES

E.1. CONFIRMATION OF QUOTA PLACES

World Rowing will publish the results of the event within three (3) days after the event on its [website](#).

World Rowing will confirm in writing to the NOCs within five (5) days after the last day of each event the quota places they have obtained. The NOCs will then have two (2) weeks to confirm to World Rowing if they wish to use these quota places, as detailed in section **H. Qualification Timeline**.

E.2. CONFIRMATION OF HOST COUNTRY PLACES

The host country must confirm in writing to World Rowing by 09 June 2024 the use of its host country places.

F. REALLOCATION OF UNUSED QUOTA PLACES

F.1. REALLOCATION OF UNUSED QUOTA PLACES

If an allocated quota place is not confirmed by the NOC by the confirmation of quota place deadline, or is declined by the NOC, the quota place will be reallocated as per below:

- If the boat qualified through the 2023 World Rowing Championships, the quota place will be reallocated to the next highest placed eligible boat not yet qualified from the same event at the World Championships.
- If the boat qualified through a Continental Qualification regatta, the quota place will be reallocated to the next highest placed eligible boat from an NOC that has not yet qualified a boat for the Olympics, whether through the World Rowing Championships or the Continental Qualification regatta. Where there are no further crews to which qualifying places can be allocated, such places shall be added to the qualifying places in the same event at the World Rowing Final Olympic Qualification Regatta.
- If the boat qualified through the World Rowing Final Olympic Qualification Regatta, the quota place will be allocated to the next highest placed eligible boat in that event.
- Where there are no further crews to which qualifying places can be allocated at the World Rowing Final Olympic Qualification Regatta, these places may be reallocated taking into consideration the following criteria in no particular order: universality, performance, representation and participation in qualification events. For this specific purpose, any boat class quota can be transferred to another boat class or gender as long as the total athlete quota and the total quotas per gender are respected.

Any unused places will be reallocated by the World Rowing Executive Committee by 7 June 2024. The decisions of the World Rowing Executive Committee in this regard will be final.

F.2. REALLOCATION OF UNUSED HOST COUNTRY PLACES

Unused host country place(s) will be reallocated to the NOC of the next highest-ranked eligible boat in the Single Sculls (1x) in the respective gender at the Final Olympic Qualification Regatta that has not yet qualified a boat for the Olympic Games at either the World Rowing Championships or the Continental Qualification regatta.

F.3. REALLOCATION OF UNUSED UNIVERSALITY PLACES

Any unused or unallocated Universality place (s) will be reallocated to the NOC of the next highest-ranked eligible boat in the Single Sculls (1x) in the respective gender at the Final Olympic Qualification Regatta, who has not yet qualified for the Olympic Games and respecting the maximum quota per gender and per NOC.

Should the rejection of the Universality place affect the continental representation, the highest-ranked eligible athlete from within the affected continent will obtain the quota place.

Should the rejection of the Universality place not affect the continental representation, the highest-ranked eligible athlete regardless of the continent will obtain the quota place. The process will be repeated until the quota has been filled for each gender.

If the Tripartite Commission is not able to allocate a Universality place (M1x or W1x), the unused place will be reallocated to the NOC of the next highest placed boat in Single Sculls in the respective gender at the Final Olympic Qualification Regatta.

G. AP ATHLETES

Definition:

Ap athletes are non-competing athletes accredited in the “Ap” category who have different entitlements to competing athletes (accredited as “Aa”) as described in the “Ap” accreditation quotas and conditions outlined in the IOC Accreditation Guide. These personnel are not part of the athlete quota as described in paragraph **B. Athlete Quota**. Ap alternate athletes could become competing athletes only under the conditions outlined in the IOC/Paris 2024 Late Athlete Replacement policy.

Eligibility:

Ap athletes must comply with the same eligibility rules as competing athletes as described in paragraph **C. Athlete Eligibility**.

Quota:

Each qualified boat in the following events may be allocated one (1) Ap alternate athlete:

- Men’s Four (4-)
- Men’s Quadruple Sculls (4x)
- Men’s Eight (8+)
- Women’s Four (4-)
- Women’s Quadruple Sculls (4x)
- Women’s Eights (8+)

However, if an NOC qualifies both a Men’s Four (4-) and a Men’s Eight (8+) or a Women’s Four (4-) and a Women’s Eight (8+), they are only entitled to one (1) Ap alternate athlete between both boats.

Ap alternate athletes may be used by NOCs in any of the relevant events. The above system is the means to allocate the “Ap” accreditations.
