

Trust Funds in Action

World Bank trust funds and FIFs support a diverse range of development activities that help countries, regions, and the global community respond to the overlapping challenges of climate change, pandemics, fragility, conflict, and violence (FCV), and financial instability. This report features the following 52 trust-funded activities implemented in the last five years (fiscal 2019–23). They are further detailed in the [2023 Yearbook of Trust-funded Results](#).

GLOBAL CHALLENGES:

- Tackling climate change
- Strengthening pandemic prevention, preparedness, and response
- Responding to fragility, conflict, and violence
- Building financial sustainability and resilience

GLOBAL ACTIVITIES

- Carbon-Assist & PMIF increase transparency, credibility, and accountability in carbon markets
- FINC & PYMT monitor the transaction costs of remittances
- GTP enables environmental taxation to unlock climate-smart growth
- GWSP examines the economics of groundwater
- IFC helps close the health supply gap
- PROBLUE envisions global policy to decarbonize international shipping
