“I understand the importance of investing time and effort on my patients in the hospital.”

Gunjan Malhotra, MD
Resident Physician
AMA MEMBER SINCE 2013

Meet Gunjan Malhotra, MD, a young diagnostic radiology resident already pursuing medicine with passion and awe. A member since 2013, she addresses policies that directly govern the practice of medicine.

Dr. Malhotra serves as vice chair of the AMA Resident and Fellow Section (AMA-RFS) and has personally seen ideas she introduced as resolutions become topics of legislation.

“I understand the importance of investing time and effort on my patients in the hospital,” Dr. Malhotra says. “However, I think I help move medicine by investing time and effort into organizations geared toward addressing policies that govern the practice of medicine.”

She credits the service other physicians have given loved ones over the years as the inspiration for her pursuit of medicine. Her vision of the future is one of a physician-lead health care team that addresses population health issues in a more efficient, long-term manner.
