General Prediction

Character

You are a sensitive and emotional person. The hard knocks of this world have more effects on you than they have on most other people, and you lose some of the enjoyment of life in consequence. What other people say and think of you is taken by you to heart. Thus, there are a certain number of things which cause you unhappiness which, after all, are not worth troubling about. Your manner is quiet, as a rule, and this quality gives you the appearance of being strong and determined in the eyes of your fellow-men and women. It enables you to get your own way when you want it. You do not say as much as you think and while you are thinking, you are reasoning. It follows that your judgement is worth having and people will flock to you for advice. You have several excellent qualities. You are highly sympathetic, which makes you a good friend. You are loyal and patriotic and are thus a first class citizen. You are, or would be a most lovable parent. You are, or would be, everything that your partner could desire. Clearly, the good qualities of yours far outweigh the others.

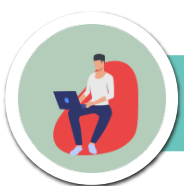

Happiness And Fulfillment

You have the ability to truly enjoy yourself in the company of others. Quite cheerful and pleasant, you are not afraid to laugh and usually have an excellent sense of humor. Your mind is influenced strongly by beauty, and you may bring it prominently into your environment. Anyone who can bring beauty into his or her surroundings is more prone to happiness.

Life Style

Your parents serve as a spiritual factor influencing you to accomplish certain objectives. Try to do what you want to do. Perform for yourself and not for them.

Career

You should find jobs which involve you with groups of people and where there is no pressure to meet commitments and responsibilities on a commercial level. You would find

success in a career which would help people, such as group leadership.

Occupation

You are not fitted for any calling that is decidedly strenuous, nor do you care for too much responsibility. You do not mind work, in fact work agrees with you, but it must not involve a load of responsibility. While you are prepared to turn your hand to almost anything, it is very noticeable that you have a decided flair for all that is cultured and clean. In addition, you may have noticed that an occupation which brings you in contact with bright lights and a certain amount of gaiety suits you far better than one that relegates you to loneliness and quiet. As a matter of fact, your own quiet nature cannot tolerate quiet surroundings and it yearns for brightness and anything cheery.

Health

You put a high price on your comforts. As an outcome of this trait, you are something of a gourmet and enjoy your food. In fact, you do not eat to live but, rather, live to eat. It is not surprising, then, to find that your digestive apparatus will be the portion of your body which will give you the most concern. Do not neglect such ailments as indigestion and, when they come, do not try to cure them by means of drugs. Take moderate exercise such as walking and mild physical jerks. Breathe plenty of fresh air, put yourself on a rational diet and eat fruit. However, if it prolongs you must visit a doctor. After fifty years of age, beware of inertia. You will be apt to give up this and that, and grow into an individual who loses his hold on life. Keep up your interest in things, develop your hobbies and remember that nobody can grow old if they mix with younger people than themselves.

Hobbies

Your leisure moments must be spent in a manner fitting to your temperament. Seeing that you value refinement and comforts, you do not care for rough or strenuous games. You like the company of others and you seek the bright-spots of life. Card-playing, probably, tempts you, but it has no attractions unless money stakes are involved. And, here, it may be well to warn you against gambling. If allowed, it might take a strong hold on you.

Love Matters

You are not a person who ought to go through life in single blessedness and, as a matter of fact, the older you grow, the more you will need a partner to listen to your joys and your sorrows. You set much store on a home of your own, and marriage brings this into being in a manner which you consider more perfect than any other. Your home will be your God. If you are a woman, you will say, when there will be your children because you were never so completely happy until they came. You will marry for love, naturally, but as the years roll on, you will think more and more of your partner, until a time will come when you cannot bear to be separated even for a day or two.

Finance

You will have many ups and downs in money matters, but chiefly owing to your own rashness and in attempting enterprises beyond your power of execution. You would make a successful company promoter, preacher, orator or organiser. You will always have the ability to make money but at the same time you are likely to make bitter enemies in the course of your business. You will be under good conditions for making money in business, industry or enterprise, and you will have many opportunities of amassing wealth if you keep control over your strong-willed disposition, which at times will be inclined to wreck your good fortune by causing expensive litigation and powerful enemies to rise in your path. So, you should try to develop tact in the handling of individuals and avoiding disputes.

Education

You will be known for your exceptional speaking skills and your communication skills will help you shine amongst your peers for a long time. You will become smart and your memory will become sharp, due to which you will be able to remember anything easily for a long time. This special aspect of your personality will help you achieve success in your studies. You will also develop an interest in learning various things about religious scriptures. You will prove your excellence by spreading dominance over subjects like Mathematics, Statistics and Logic. You are gifted the virtue of analyzing things in a detailed manner which can very soon turn into a vice. To prevent things from falling apart, you should work on your concentration skills in order to become the topper in your respective field.

When the disruptive force represented by the 6th lord influences your 4th house of internal stability, peace and quiet, you experience conflict and confrontation. This conflict can be in the form of dispute at home, which will be a perennial future, or disturbed state of your nature. Even if you take great pains to resolve it, the 6th lord's presence here can not give you harmonious home and bliss within. You will constantly experience some external tussle or internal struggle which will keep you dissatisfied and unhappy. The 6th house of competition entering your 4th house means that you will always be entangled in comparison and create unhappiness for you and your family members. This position indicates conflict with your mother over multiple issues. The 6th lord's presence here will not let you settle within yourself. There will be a compulsion to compete and compare with your own home people and members, which will make you restless, angry and unsettled. This position also indicates unnecessary spending on the maintenance of your residence or vehicles. In some way or the other this position conveys increased material expenditure at the home front or on home members. This position also shows the legal problems you may have due to property related disputes. Your enemies or your ill-health or your debt situation will never let you enjoy the happiness offered by your home. You will be able to articulate better and your verbal contribution be given due recognition and importance after the arrival of your spouse and the enhanced monetary feeling associated with the arrival of

your spouse. Since the 7th lord is placed in the 8th from own house, this position implies destruction or transformation of certain matters pertaining to 7th house. It can mean that your spouse had to undergo some personality transformation for making your family comfortable. It can also indicate your spouse's financial independence getting destroyed and the spousal monetary resources utilized completely for the betterment of your own family. Your spouse's socialization and upbringing may also undergo major transformation after associating with your family traditions.

The 4th and the 10th houses have been allotted diametrically opposite portfolios. The orientation and interests are also different. While the 4th house deals with your personal world of home, happiness, mother and material assets, the 10th house is chiefly concerned with professional aspirations and ambition pertaining to success in the world outside. This placement indicates that the recreational interests and hobbies of your siblings or friends will be more intellectual in nature than entertaining. This indicates massive changes initiated by you within your family. The 12th lord signifies those habits and conventions that are 'foreign' to your original family culture. You may set revolutionary changes within the family. Due to the disruptive influence of the 12th lord, your family associations may be affected. It is possible that you may experience detachment towards familial relations. This disassociation can result in 'mental distance' as well as 'physical separation' between you and your family members. The presence of 12th lord in the 2nd can also change your outlook towards material life in general and money in particular. You may not be very particular about shared resources or joint property. in favour of some member of your family. Under the influence of the 12th lords, your faculty of speech may suffer or undergo change. The Lord of your root number is Mercury. Due to this, being born under this number offers you special influence from the planet, which allows you to accomplish all your tasks with intellect. Hence, you need to choose a career that requires your mental strength instead of your physical might. The domains of engineering, sales related work, accountancy, railways, telegraph, journalism, tobacco, radio dealing, brokering, commission, and fields related to them will prove to be more beneficial for you.

Beginning with a Wednesday falling in Shukla Paksha, you should fast for about 17 or 45 Wednesdays regularly. While fasting, it will be better if you eat only once a day, and chanting the Mercury Beej Mantra will be rather beneficial. Wear green colored clothes and the emerald gemstone. Consume green grams/whole moong (sabut moong daal) on this day, and take blessings from eunuchs. You should also try to gift some green colored things to your sister, maternal aunt (mausi), paternal aunt (bua), wife of maternal uncle (chachi), etc.

With 5 being your root number, Mercury is your lord planet. In order to attain the divine grace and favorable results from this planet, you need to carry the Buddha Yantra with you on Wednesday, under Mercury's hora and nakshatras (Ashlesha, Jyeshtha, Revathi).

Kalsarp Dosh/ Yog - Kalsarp Remedies

Kalsarp Yog is not present.

As per the popular definition, when all planets are situated in between Rahu and Ketu in birth-chart or horoscope, the astrologers call it Kalsarp Dosh. In present days, discussions about this dosh are vogue among Jyotishi or Hindu Astrologers of India. Many of troubles in one's life are attributed to Kalsarp Dosh. Without analyzing other areas of astrology, most astrologers, in fact, accept Kalsarp dosh as main root of problems. But the reality is this that if all planets are well posited in horoscope, Kalsarp dosh will not be harmful, and can be supportive to beneficial results endowed by good positions of planets. Kalsarp dosh is inauspicious only when positions of other planets are unfavorable in one's horoscope.

Therefore, it is not wise to fear hearing just about 'Kalsarp Dosh'. It is in fact always better to reach on remedies only after consulting jyotishi for deep analysis on negative influences of Kalsarp dosh. Interestingly, influence of kalsarp dosh is different in different people. Because influence of kalsarp dosh is based on points-which sign is posited in which house, and what other planets occupied that house, what are their influences and so on.

Ishta Devata: Who and Why?

Moksha is a concept associated with the birth and rebirth cycle, and Vedic Astrology defines the attainment of moksha as the only purpose in life for every human being. Our Ishta Devata or chosen deity is the one whom we pray to, and who can guide us to our true purpose - salvation. Ishta Devata, literally translates to 'the favored deity' whom we worship, and is the higher power, whom we connect with spiritually. He/She guides us through life, helping us live a fulfilling and protected life, and then finally directing us into leaving the cycle of rebirth behind to experience of oneness with the One Supreme Self. Unlike our Kul Devata, the Ishta Devata is unique for every individual, and can be easily discovered through our birth chart. As per astrology, one should definitely worship their specific Ishta Devata. The rituals behind the veneration of your chosen deity are rather easy to follow and are mainly based on the chanting of mantras pertaining to them.

How To Find Your Chosen Deity (Ishta Devata)

The knowledge about one's Ishta Devata can easily be discovered through the Atmakaraka in Navamsa in our birth charts. The Atmakaraka is the planet with the highest degree in our

kundli. The Navamsa, on the other hand, is the ninth division in our birth chart, that signifies Dharma and thereby is also known as the Dharma-amsa. The Atmakaraka in one's Navamsa is called the Karakamsa and the twelfth house or sign from it pertains to our Ishta Devata. The planets posited in this house determine our chosen deity, however, if this house is empty then the Lord of the house is taken as the significator. Every planet pertains to a certain deity who has to be worshipped.

Remedies

Remedies are like treatment of yourself to avoid malefic effects of planets and to improve good effect of positive planets according to your horoscope. If you are sick, you consult medical practitioner. What he does? He first checks your bodily symptoms and then ask for conducting some test to investigate root cause of problem. Thereafter, he prescribes you some medicines and also tells about some precautions. Similarly, an astrologer first sees your bodily symptoms, then he analyses your chart in depth and find out root cause of your sufferings and thereafter he suggests some remedies (as medicines) and also tells you about some do's and don'ts (precautions). Therefore, remedial measures always help you overcoming most of your worries and issues pertaining to different walks of your life.

Shad Bala & Bhav Bala Tables

Shadbala is a method in Vedic astrology that gives quick insight in the strength of planets and the houses. 'Shad' in Sanskrit means 'Six' and hence Shadbala consists of 6 different sources of strength. Shadbala calculation is a laborious process but thanks to computers one can get these strength calculations by just one mouse click. Shadbala method gives a value to each planet and each house. The more points a planet and a house gets in Shadbala the stronger it is.

Western Aspects

What is an Aspect

Aspect is an angular distance measured in degree and minute of celestial longitude between two points in the zodiac. Unlike Vedic Astrology Aspects, Western Aspects are grouped into good and evil. Results of good aspects are good, as these aspects symbolize progress and harmony. If two celestial bodies form good aspects, these bodies collaborate and produce positive results, as per Western Astrology. If the difference of the longitudes is exact, the aspect is considered strong or having more weightage. Though in real world we rarely see the exact aspects and an Orb is used to calculate till what difference the aspect will still apply. Orb is an allowance of so many degrees on either side of an exact aspect.

Here are the aspects, their weightage and orb that we have calculated -

Abbr-Aspect	Degree	Orb	Weight	Abbr-Aspect	Degree	Orb	Weight
CONJ-CONJUNCTION	0	15	10	OPPN-OPPOSITION	180	15	10
TRIN-TRINE	120	6	3	SQUR-SQUARE	90	6	3
SEXT-SEXTILE	60	6	3	SSQU-SEMI SQUARE	45	1	1
NONL-NONILE	40	1	1	QUIN-QUINLILE	72	1	1
SQQD-SESQUIQUADRATE	135	1	1	QUIN-QUINCUNC	150	1	1

Note

The table specifies the aspect if it exists and the weight. Weight of the aspect denotes strength of the aspect.

Yogini Dasha Predictions

In the field of Vedic Astrology, where Vimshottari Dasha is considered to be most significant, there Yogini Dasha also has its particular relevance. Many learned astrologers make use of Yogini Dasha in addition to Vimshottari Dasha because doing so brings forward better results and it helps in predictions as well. The Vimshottari Dashes are of the nine planets (navagraha), and their duration is of 120 years. On the other hand, there are a total of eight Yogini Dashes, and they span a length of 36 years, after which they restart. Each Yogini Dasha has a lord planet, namely:

Mangala (Moon)

Total duration of 1 year

Pingala (Sun)

Total duration of 2 years

Dhanya (Jupiter)

Total duration of 3 years

Bhramari (Mars)

Total duration of 4 years

Bhadrika (Mercury)

Total duration of 5 years

Ulka (Saturn)

Total duration of 6 years

Siddha (Venus)

Total duration of 7 years

Sankata (Rahu)

Total duration of 8 years

Thus, beginning with the birth of a native, each of these 8 Yogini Dashes influences the person for a total of 36 years. Once this duration is complete, the Yogini Dasha from their birth emerges again, and once more, this process is repeated.

As each of these Dashes and their duration differs, thus, their results vary too. Let us discover the effects of a Yogini Dasha on you:

Mangala (Moon) Yogini Dasha

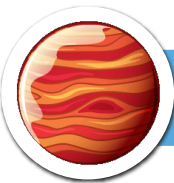

During this Dasha, you will have the privilege of participating in many religious programs and your mind will move towards purity. You will attain prosperity and affluence will become an integral part of your life. Various yogas indicating attainment of clothes, jewellery, comforts, facilities, fame, and honour will be formed.

Moreover, you can also organise an auspicious function at home in this duration. Auspiciousness will become a part of you in this Dasha, and all your problems will be resolved. Not only will your health improve, but there will also be an increase in your name and fame. You can also find a loyal and courteous life partner or become a parent to obedient and fortunate children.

Pingala (Sun) Yogini Dasha

Some problems may arise during this Dasha, for natives. You will be prone to mental stress and physical sufferings. If other yogas are present in the kundali, then there are possibilities of heart disease during this time. Simultaneously, health problems due to heat or accidents and fire-related problems may also trouble you. However, with the help of an elder or a senior, you will attain success in your work. Keeping the wrong company at this time can result in a loss of your honour and fame. Yet, on the other hand, you will get skilled in business and attain relief from troubles and tribulations. The pleasure of power may also be on the cards for some. Thus, on the whole, this Dasha will bring mixed results for you.

Dhanya (Jupiter) Yogini Dasha

During this Dasha, you can attain happiness in various forms, sufficient wealth, and good health. Moreover, there will be an increase in your prosperity, and you may also earn more fame. Married people will lead a happier married life, while unmarried natives may get proposals for marriage. Awards and glory from the government are probable, so are the chances of going on a pilgrimage. You will become more inclined towards religion, and during this time, wealth and fortune in your life will increase.

Bhramari (Mars) Yogini Dasha

During this Dasha, you may have to face some troubles or difficulties. There will be yogas indicating travelling from one place to another. Not only will these trips be numerous, but some may even be unnecessary. The latter will not bring any exclusive benefits for you, and you may even lose money as a result of them. Urgent work can take you far from your home, and there can also be a decrease in your name and fame at this time. Therefore, you need to pay special attention to your work and ensure that they do not bring any problems for you.

Bhadrিকা (Mercury) Yogini Dasha

During this Dasha, prosperity will be a part of your life, and you will also spend your family life in a much better way. Your friend circle will grow, and you will get a chance to spend time with them. Business people will attain tremendous profits and will also receive many

comforts and amenities.

Ulka (Saturn) Yogini Dasha

During this Dasha, predictions indicate possibilities of an accident (transport) or loss of money. One of your vehicles can get stolen, or your child may face some problems. If you did something unlawful in the past, then troubles, punishment, and/or a penalty from the government sector may find you during this time. There is a possibility of some stress in your family life. Moreover, you will also be prone to ear, tooth, foot, heart, and abdominal diseases in this period. Therefore, you need to stay alert towards your health and not do anything that may lead to defamation or loss of money.

Siddha (Venus) Yogini Dasha

During this Dasha, you will receive numerous good news, and your desires will be fulfilled. Monetary profits and good luck will be a part of your life. Not only will you attain affluence and fame, but you will also be very fortunate in terms of wealth, learning, and prosperity. Your health will favour you during this time, and there are high chances of you buying different types of gems, jewellery, and other expensive items. On the whole, you will be delighted during this Dasha.

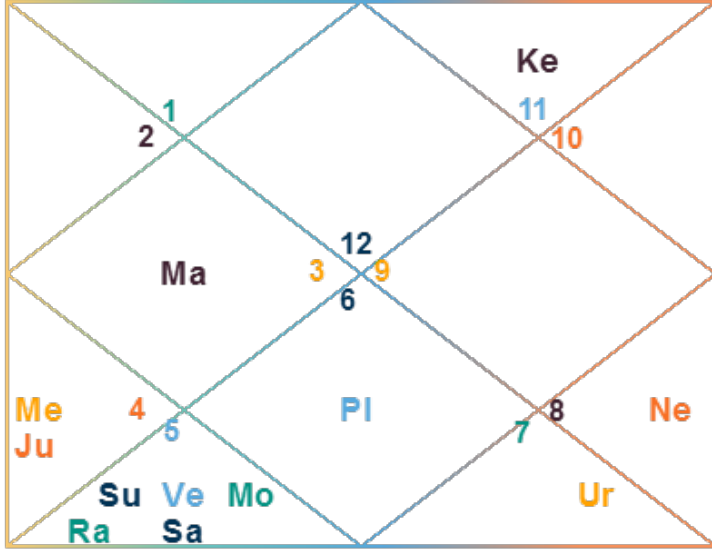

Sankata (Rahu) Yogini Dasha

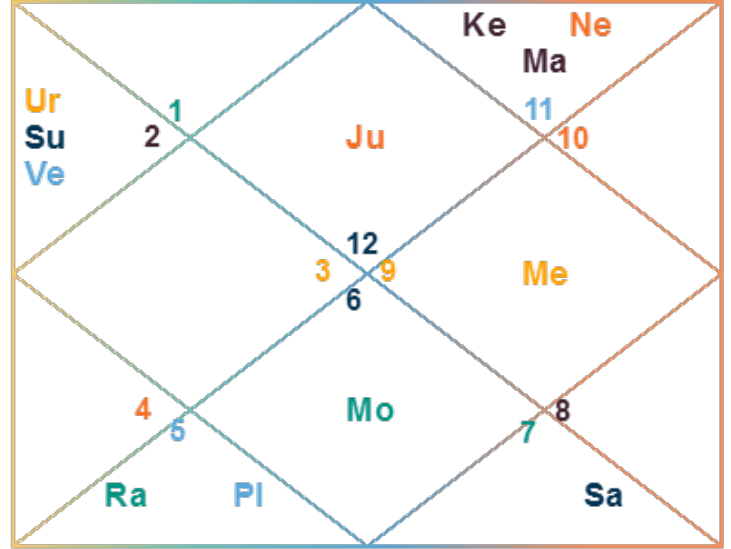

During this Dasha, you will have to remain cautious, because you may have to face some trouble or crisis at this time. Essential tasks may get interrupted, and there will also be possibilities of monetary loss. In addition to this, some of your significant schemes may also get disrupted. Along with that, this Dasha also brings the probability of health problems for you. If you are already running sick, then you especially need to pay attention to your wellbeing at this time.

Arudha Chart is an important chart in astrology. Sage Parashar has given much importance to Arudha Chart and also Astrolgers who use Jaimini Astrology, also believe in Arudha Chart, thus, it is a very important chart as like Birth chart. The difference between the two is Birth Chart shows our self and Arudha Chart shows our image in the society. So to read Arudha Chart before giving predictions, is using a better technique of predictions which gives accurate readings.

Note

1. We are not considering Rahu and Ketu strength for Arudha Pada calculation.
