

# Making instant payments with Aani

Aani is a new addition to FAB's digital payment services. With Aani, you can skip the IBAN and account details, and send and receive money with just a phone number, QR code or email address!

You can now make and receive payments instantly through the FAB Mobile app.

**Here's how you can enroll for Aani:**

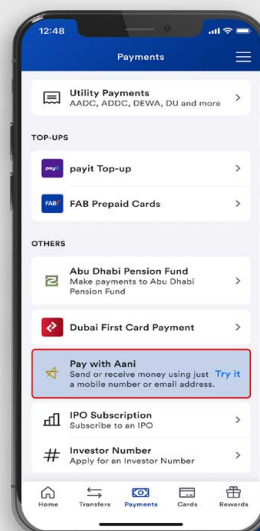

## STEP 01

Log in to the FAB Mobile app. Tap “Payments” at the bottom of the dashboard.

## STEP 02

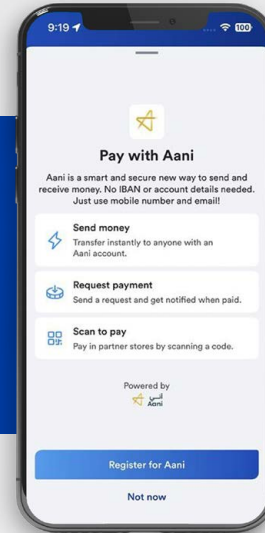

Tap “Pay with Aani”.

# Making instant payments with Aani

## STEP 03

You will first need to register with your FAB account. Tap “Register for Aani”.

## STEP 04

Your phone number is your Aani account ID.

## STEP 05

Select the FAB account from which you wish to send and receive money through Aani.

# Making instant payments with Aani

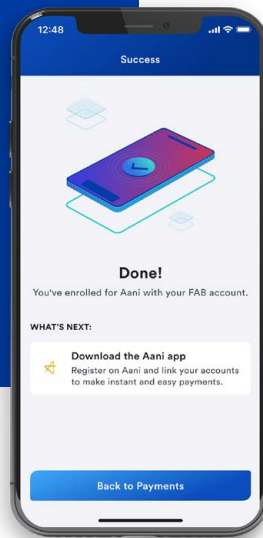

## STEP 06

Once you have selected the account, tap “Continue” to proceed.

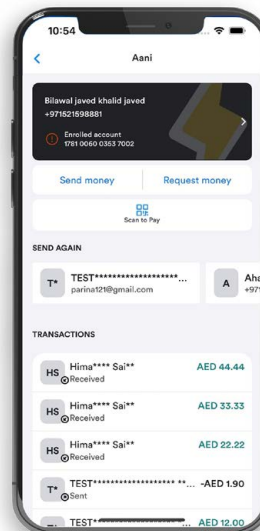

## STEP 07

You will get confirmation that your FAB account is registered for Aani.

## STEP 08

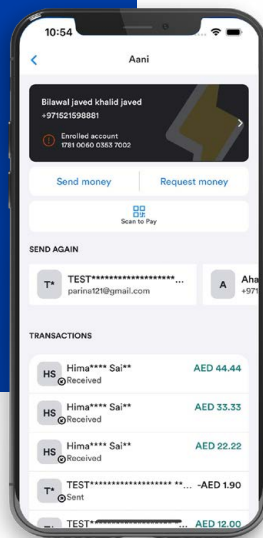

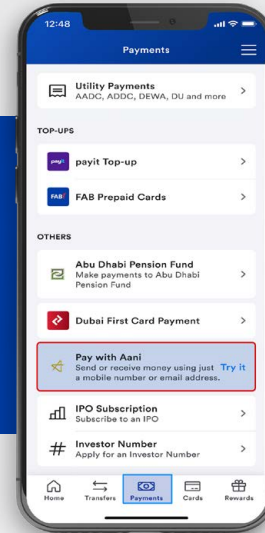

You can now start transacting with other Aani users.

# Sending money to another Aani user

## STEP 01

Tap “Payments” and select “Pay with Aani”.

## STEP 02

On the Aani dashboard, select “Send money”.

## STEP 03

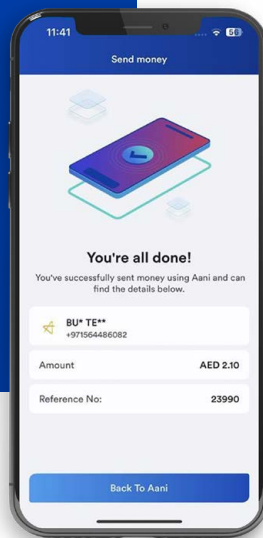

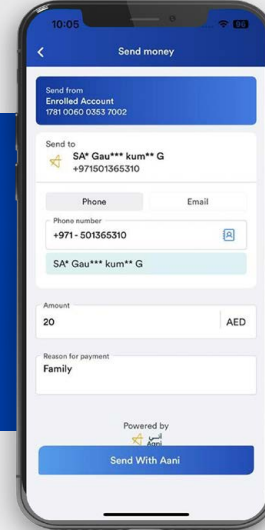

Search for the Aani user to whom you want to send money by mobile number or email address.

# Sending money to another Aani user

## STEP 04

Enter the amount you want to send and add the reason for payment.

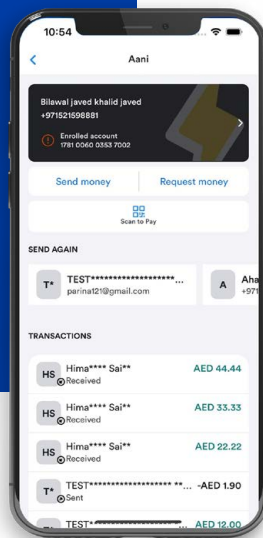

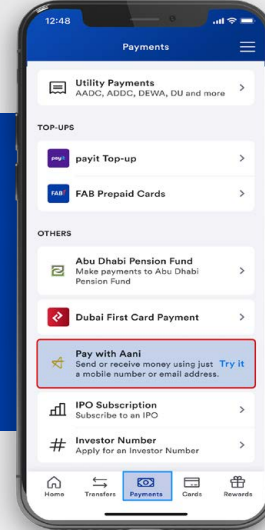

## STEP 05

The receiver will be notified about the money sent and will receive the money in their selected account.

# Requesting payment from another Aani user

## STEP 01

Tap “Payments” and select “Pay with Aani”.

## STEP 02

On the Aani dashboard, select “Request money”.

## STEP 03

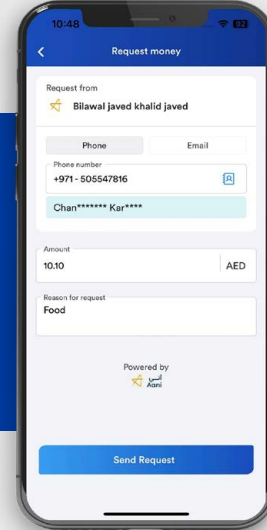

Search for the Aani user from whom you want to request money by mobile number or email address.

# Requesting payment from another Aani user

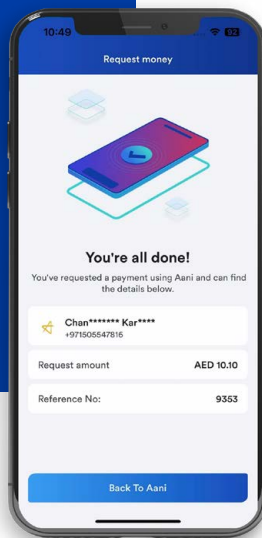

## STEP 04

Enter the amount and the reason for the request.

## STEP 05

The recipient can reject the request or approve it and make a payment.

## STEP 06

You will be notified once the payment is in your account.
