

LearnToEngage

Portugal • United Kingdom • Italy

LearnToEngage is a suite of professional development modules for botanic garden staff and museum educators. Four blended learning modules (a mixture of online and on-site learning) were developed and piloted with participants in the UK, Italy and Portugal in 2016 – 2019.

Each module is 12 weeks in length and provides a minimum of 60 hours learning. This includes a one-week on-site training element and 11 weeks of online learning. A trainer and participant handbook has been produced for each module. The handbooks complement the online resources, which are available open access on RBGE's PropaGate Learning platform (a link is provided in each handbook).
