Subject: CMS Creates Countdown Video, Infographic to Ease ICD-10 Transition

Responding to myths and common misperceptions about ICD-10, the Centers for Medicare & Medicaid Services (CMS) has developed a new video and Quick Start Guide. Both are helpful to CareSource health partners as the go-live date to begin using ICD-10 codes nears on October 1, 2015.

The video is an animated short that features a countdown with 10 facts about the new code set and transition to using it. Watch the video at

<https://www.youtube.com/watch?v=PXZ3XOYYn4&feature=youtu.be>.

The Quick Start Guide offers a checklist approach to getting your office ready for the transition to ICD-10. The Guide also links to valuable resources, including:

- Online links to ICD-10 codes
- Defining the role of your clearinghouse
- Staff training information
- Testing and verifying your systems to be ready for ICD-10
