Subject: Credentialing of Physician Assistants (PAs) and Advanced Practice Nurses (APNs)

At CareSource, we are committed to providing the highest level of quality of care and service to our members. Our credentialing process helps to ensure that our Providers have the appropriate training and expertise to serve our Members from a care delivery and service perspective.

As such, we would like to remind CareSource providers that per NCQA and URAC regulations, Physician Assistants (PA's) and Advanced Practice Nurses (APN's) who provide services to our members need to be credentialed with CareSource.

Please review the [Credentialing/Recredentialing](#) section of the [2013 Ohio Provider Manual](#) to review our CareSource credentialing process.

If you have any questions, please call our Provider Services Department at 1-800-488-0134. We are happy to help.

Thank you for being a CareSource provider. We appreciate our partnership with you.
