Subject: ICD-10 Implementation Delayed One Year

The U.S. House of Representatives and U.S. Senate have approved legislation that [includes a one year delay in implementation of the new ICD-10 codes](#). **Implementation is now scheduled for October 1, 2015.**

In light of this legislation, CareSource will be revising the ICD-10 program schedule to meet the new implementation deadline. CareSource will continue to monitor developments and will keep you informed as new details warrant.

We appreciate the time and effort you may have put into working with us and/or preparing your office and team.
