

Network Notification

Date: February 6, 2015

To: CareSource® MyCare Ohio Providers

From: CareSource

Subject: Coordination of Benefits (COB) Change for Specific Provider Types

Effective immediately, CareSource has revised its MyCare COB claims processing methodology to be consistent with the Ohio Department of Medicaid's policy. This change requires that CareSource pay up to 100% of the Medicare allowable, less what Medicare paid, regardless of the Medicaid allowable, *for specific provider types*. This modification in the COB methodology does **not** apply to all MyCare providers. The affected provider types are outlined at the end of this document.

CareSource is reviewing all claims retroactive to May 1, 2014. If claims have been submitted and accepted by CareSource they will automatically be adjusted, if applicable, with no further action on the provider's behalf. The resubmission of claims is not necessary. The claims processing system will be set up to pay dates of service May 1, 2014 and beyond in accordance with this revised COB methodology. Appropriate claim adjustments and payments will be made in mid-April.

If you have questions, please contact Provider Services at 1-800-488-0134, Monday through Friday, 8am to 6pm, or your Provider Relations Representative.

Thank you for all you do every day to serve our members.
