

NETWORK *Notification*

Notice Date: November 15, 2021
To: Ohio Medicaid Providers
From: CareSource
Subject: Continuous Glucose Monitor (CGM) Medical Benefit Change
Effective Date: December 15, 2021

Summary

CareSource is dedicated to partnering with you in the most effective way to manage our member's care. We routinely review products available on the pharmacy benefit and encourage you to actively work with your CareSource patients in communicating this change for continuous glucose monitors (CGM).

Effective December 15, 2021, CareSource will cover CGM only under the pharmacy benefit. FreeStyle Libre is our preferred CGM (prior authorization required). Members can receive their monitor and supplies at any in-network pharmacy.

Members currently using Freestyle Libre or Dexcom will be able to continue on these products without a new prior authorization being filed for the pharmacy benefit.

Impact

All CareSource Ohio Medicaid members currently receiving CGM supplies through the medical benefit will be required to receive these through an in-network pharmacy benefit provider.

Questions?

For any questions, please contact CareSource's Provider Services at **1-800-488-0134**, Monday through Friday, 8 a.m. to 6 p.m. Eastern Standard Time.
