

Network Notification

Notice Date: January 16, 2020
To: Ohio Medicaid Providers
From: CareSource
Subject: Register with Vision Care Partner Superior Vision
Effective Date: February 1, 2020

Summary

We are excited to announce a new partnership with Superior Vision (Versant Health) to provide routine vision care for our Medicaid members in Ohio beginning Feb. 1, 2020. You should have received communications from both CareSource and Superior Vision in the past months regarding this change; however, if you still have not contacted Superior Vision, the time to act is now!

NOTE: CareSource will continue to administer medical optometry. All medical services that fall within the optometrist scope of practice will be reimbursed at 100% of the Ohio Medicaid rate.

Impact

In order to continue seeing CareSource Medicaid members for routine vision care, providers must participate with Superior Vision.

NOTE: A Medicaid number is required in order to participate with this plan. You will also need to provide a CAQH identification number to begin the credentialing process.

Importance

Immediate action must be initiated with Superior Vision Network Development department to ensure continued relationship with CareSource's Ohio Medicaid members.

Questions?

If you have any questions regarding this program, or participation in the Superior Vision network, please call Superior Vision's Network Development department at 844-353-2900, option 2; or visit the Superior Vision web site at <https://superiorvision.com/eye-care-professionals/join/>.

We appreciate your continued participation in support of our members.
