Subject: Hemoglobin and HealthChek Screening Visits

As part of our ongoing commitment to timely and clearly articulated communication of policy or process changes, the information listed below supplements current policies to include those listed in the CareSource Provider Manual.

CareSource recently became aware of unintended denials of Hemoglobin/Hematocrit when billed in conjunction with a HealthChek. We have made a change to our system to facilitate payment of these claims. All impacted claims have been adjusted and no action is needed on the part of the provider.

We apologize for the inconvenience.
