Subject: Provider Survey – Going on Now!

The Myers Group is currently conducting a survey of all CareSource providers. All providers should have received a paper survey asking them to rate their satisfaction with CareSource.

Action Needed:

Please complete this 15-minute survey by February 1, and mail it back to The Myers Group in the envelope provided.

This survey is *confidential*, and gives us valuable data to make positive changes to make it easier to do business with CareSource. Results will be shared in March.

As always, your input is valuable. Thank you!
