

Network Notification

Date: February 9, 2011

Number: OH-P-2011-07

To: Ohio Providers

From: CareSource

Subject: Advanced Imaging Services Need NIA Privileges

CareSource has contracted with National Imaging Associates, Inc (NIA), our Radiology Benefits Manager, to assure that providers who provide advanced imaging services (MRI, CT, PET scans) are privileged to perform those services.

Privileging assures that high standards are maintained in provider offices for key items such as having qualified technologists, safe equipment and the appropriate provider types in offices when these advanced services are performed.

Action Needed

All new providers and current providers who provide advanced imaging services in offices must contact NIA to request a login to access the online application.

NIA Contact Information:

- Call NIA at 1.888.972.9642
- Go online to RADPrivilege@Magellanhealth.com. Providers will be able to access and complete the NIA online application for privileging.

Providers who are *not privileged* run the risk of not receiving payment for these services.

Questions?

Call NIA at 1-888-972-9642 or talk with your provider relations representative.
