

Network Notification

Notice Date: March 12, 2019
To: Ohio Medicaid and MyCare Ohio Providers
From: CareSource®
Subject: Electronic Visit Verification Training Update
Effective Date: April 1, 2019

CareSource wants to keep you informed about upcoming training requirements that impact you. Ohio Department of Medicaid (ODM) has posted guidelines about Electronic Visit Verification (EVV) Phase 2 Training, which is required for Ohio Medicaid and MyCare providers to complete before EVV Go-Live on Aug. 5, 2019.

Training registration for EVV Phase 2 will open April 1, 2019. Alternative options for training, including web-based and independent training formats, will be available May 6, 2019.

Please refer to the **Training Registration and Roadmap** resource posted on the Training page of ODM's website, www.Medicaid.ohio.gov/EVV. This resource provides detailed information about how the training will work, what to expect from the training, and what you need to do to satisfy the training requirements. On the website, you can also learn more about the EVV implementation, how it impacts you, and steps to take prior to EVV Go-Live.

If you have any questions about EVV, please contact the ODM EVV Unit at EVV@medicaid.ohio.gov.
