To: Ohio Providers

From: CareSource

Subject: New Online Drug Formulary Search Tool

_____

CareSource continues to find ways to make it easier for Providers to work with us. We are excited to announce the launch of a new easy-to-use online drug formulary search tool.

This tool can help you save time by:
- Quickly looking up medications to make sure they are covered by CareSource
- Checking for generic alternatives and/or prior authorization requirements
- Identifying any restrictions or limits that may apply

You will be able to find out if a drug is covered by searching the formulary in three different ways:
- Alphabetically
- By brand or generic name
- By therapeutic class

To start using the new online tool today, visit our [Medicaid Pharmacy Searchable Drug Formulary web page](#) on our web site, www.caresource.com.

If you have any questions, please call our Provider Services Department at 1-800-488-0134.
