

Policy Updates September 2017

- Medical and Reimbursement Policies

AT CARESOURCE, WE LISTEN TO OUR HEALTH PARTNERS, AND WE STREAMLINE OUR BUSINESS PRACTICES TO MAKE IT EASIER FOR YOU TO WORK WITH US.

We have worked to create a predictable cycle for releasing medical and reimbursement policies, so you know what to expect. Check back each month for a consolidated network notification of medical and reimbursement policy updates from CareSource.

HOW TO USE THIS NETWORK NOTIFICATION:

- Reference the [Table of Contents](#) and click on the policy title to navigate to the corresponding policy summary.
- The summary will indicate the effective date and impacted plans for each policy.
- Within the summary, click on the hyperlinked policy title to open the webpage with the full policy.

FIND OUR POLICIES ONLINE

To access all CareSource policies, visit CareSource.com and click on “Health Partner Policies” under the “Provider Resources” menu.

CLAIMS AND APPEALS

As indicated in the applicable Health Partner Manual, if you do not agree with the decision of a processed claim, you will have 365 days from the date of service or discharge to file an appeal. Please submit your appeal through the Provider Portal or in writing. For detailed instructions, please consult your applicable Health Partner Manual.

<p>LIPID TESTING ASSESSING CARDIOVASCULAR RISK</p> <p>POLICY #: PY-0247</p>	REIMBURSEMENT	SEPTEMBER 1, 2017	OHIO MEDICARE	<p>The Lipid Testing Assessing Cardiovascular Risk reimbursement policy outlines how CareSource will reimburse participating health partners for medically necessary lipid testing to assess cardiovascular risk. The reimbursement policy is based on criteria from the Centers for Medicare and Medicaid Services National Coverage Determination (NCD) 190.23.</p>	<ul style="list-style-type: none"> • CareSource does not require prior authorization for lipid testing for cardiovascular risk services covered by this policy. However, CareSource may request documentation to support medical necessity. Appropriate and complete documentation must be presented at the time of review to validate medical necessity. • The policy outlines conditions in which lipid testing may be indicated. • Lipid testing services must be medically necessary and be considered specific and effective treatment for the patient's condition, according to accepted standards of medical practice. • Monitoring long term anti-lipid dietary or pharmacologic therapy and following patients with borderline high total or LDL cholesterol levels must meet the criteria outlined in this policy. • Non-covered services: <ul style="list-style-type: none"> ○ Routine screening and prophylactic testing for lipid disorder are not covered. ○ Regardless of other risk factors such as family history, tobacco use, etc., lipid testing is considered to be screening for individuals that are asymptomatic.
