From: CareSource Specialty Pharmacy
Subject: Specialty Medication Administration

CareSource has contracted with CVS Caremark Specialty Pharmacy as our preferred provider for all specialty drugs. Partnering with CVS Caremark allows us to more closely coordinate the pharmacy benefit and ensure the safety of our Members.

CareSource strongly encourages Providers prescribing specialty medications to utilize our Preferred Provider, CVS/Caremark. CareSource has partnered with CVS/Caremark to handle prescriptions based on its clinical expertise, clinical member support, adherence programs and cost.

Members wishing to transition their specialty medication prescriptions to CVS/Caremark can do so at any time. Some helpful links are listed below to assist you and CareSource Members if they wish to transfer their specialty medications to CVS Caremark:
