

Network Notification

Date: November 18, 2015

To: Ohio Health Partners

From: CareSource®

Subject: Vision Benefit Change UPDATE

Recently CareSource posted a Network Notification telling you about a vision benefit change effective 1/1/2016. Some of the information was incorrect. We wanted you to have the correct information as soon as possible. Please use this notification as the most current information and disregard any previous notice.

Effective 1/1/2016, CareSource will no longer cover deluxe frames or progressive lenses for CareSource Medicaid members.

If a CareSource Medicaid member requests deluxe frames and / or progressive lenses, please advise the patient these services are no longer paid for by CareSource and share with them the frames and lenses that are covered by their plan.

Standard frames and lenses will continue to be paid in full by CareSource:

- **Ages 21 – 59: 1 complete frame and 1 pair of lenses every two years.**
- **Ages 20 and younger or 60 and older: 1 complete frame and 1 pair of lenses every year.**

We apologize for any confusion this may have caused. If you have questions, please call your health partner representative or Health Partner Services at 1-800-488-0134.
