Pursuant to **article 31** of the new data protection regulation for EU institutions and bodies (**Regulation (EU) 2018/1725**) each controller and processor have to maintain a **record of processing activities** under its responsibility that contains at least the information listed under that article.

1.2 PURPOSE AND DESCRIPTION OF THE PROCESSING

1.2.1 Purpose

As part of the European Labour Authority's policy on talent management, more specifically with regards to facilitating and supporting managers' further professional development, ELA HR Sector has developed a 360° Feedback Programme. This programme aims to provide managers with a rounded view of their leadership capabilities to better understand their strengths, to provide insights into areas of their work and skills that need development and to bring new awareness of their leadership style and of how their behaviour impacts others and drives performance.

To allow participants and respondents to reply to an online survey and to compile the results in one single report, the European Labour Authority (ELA) has to:

- a) identify the potential participants and respondents and
- b) transmit this information to an external service provider who will conduct the survey on a dedicated external website and compile the information in a report.

The report is the basis for a series of confidential discussions between the participating manager and a human resources expert from the external service provider and acts as a starting point for further professional development.

Personal data are not used for an automated decision-making including profiling.

1.2.5 Comments on the processing of the data

HR Sector will choose the participating managers responding to the assessment.

The participating manager will be free to choose who else should answer the 360 assessment (the so-called:

'peers' = people they have worked closely with over 6 months

1.3 DATA SUBJECTS AND DATA CATEGORIES

1.3.1 Data subjects' categories

1.	Internal to organisation	ELA managers (Executive Director, Head of Units and Head of Sectors) Hierarchical superior(s), peers within the Unit, managers falling within the hierarchical reach of the participating manager as well as direct reports of the participating manager all constitute the group of respondents.
2.	External to organisation	Coaches from the external contractor

1.3.2 Data categories/fields

Indicate the categories of data that will be processed

In order to carry out this processing operation, two types of data are collected and processed by the HR Sector:

- a) Data relating to the participating manager: Name, role and email.
- b) Data relating to respondents: Name, role and email.

Respondents are selected by the participating manager.

Respondents evaluate the participating manager on the competencies set out in the competency profile through around thirty closed questions and a limited number of open ones. All competencies are surveyed with three statements highlighting different aspects of each competency. Respondents rate the performance of each participating manager against each statement and indicate to which extent they consider the competency relevant and important. Finally, respondents reply to open questions relating to the participating manager's management style and other related aspects. As part of the process, the participating manager is asked to complete his/her self-evaluation against the same set of statements as the ones presented to the respondents.

1.3.2.1 Special categories of personal data

Indicate if the processing operation concerns any 'special categories of data' which fall(s) under Article 10(1), which shall be prohibited unless any of the reasons under article 10(2) applies:
☐ Yes , the processing concerns the following special category(ies):

1.8 SECURITY MEASURES

Short summary of overall Technical and Organizational Measures implemented to ensure Information Security:

Description:

All data in electronic format (e-mails, documents, uploaded batches of data etc.) are stored either on the servers of the European Labour Authority or of its contractors.

The European Labour Authority's contractors are bound by a specific contractual clause for any processing operations of personal data on behalf of the European Labour Authority, and by the confidentiality obligations deriving from the General Data Protection Regulation.

In order to protect personal data, the European Labour Authority has put in place a number of technical and organisational measures. Technical measures include appropriate actions to address online security, risk of data loss, alteration of data or unauthorised access, taking into consideration the risk presented by the processing and the nature of the personal data being processed. Organisational measures include restricting access to the personal data solely to authorised persons with a legitimate need to know for the purposes of this processing operation.
