1. Introduction

The European Labour Authority (hereafter 'ELA') is committed to protect your personal data and to respect your privacy. ELA collects and further processes personal data pursuant to [Regulation \(EU\) 2018/1725](#) of the European Parliament and of the Council of 23 October 2018 on the protection of natural persons with regard to the processing of personal data by the Union institutions, bodies, offices and agencies and on the free movement of such data (repealing Regulation (EC) No 45/2001).

This privacy statement explains the reason for the processing of your personal data, the way we collect, handle and ensure protection of all personal data provided, how that information is used and what rights you have in relation to your personal data. It also specifies the contact details of the responsible Data Controller with whom you may exercise your rights, the Data Protection Officer and the European Data Protection Supervisor.

The information in relation to processing operation "ELA Work Programme activities" undertaken by the European Labour Authority, Governance and Coordination Unit (ELA Governance Team) is presented below.

2. Why and how do we process your personal data?

Purpose of the processing operation: The ELA Governance Team collects and uses your personal information to plan and execute its work following an annual Work Programme (WP) which is coordinated by the Governance and Coordination Unit.

This process allows ELA to plan, monitor and evaluate its scientific and technical support activities for the Commission, other EU Institutions, Member States and third parties.

This process helps the Authority to allocate human and financial resources to different work entities (projects), allow for clear indication of contact points for different work entities and facilitate the follow-up of time spent on different activities (especially in relation to contractual work).

Each year ELA prepares and presents a detailed work programme with its actions and activities for the upcoming year. The annual work programme is part of the Single Programming Document (SPD) of the Authority, which covers the overall strategic programming and resource programming for the next three years. The SPD has to be adopted by the Management Board and submitted to the European Commission, the European Parliament and the Council by 31 January each year.

The Authority also performs these activities through a specific application: **Operational Plan Application**. The Authority uses the Operational Plan Application to register, organise, plan, control and monitor its activities and their implementation in order to report and monitor their execution.

Your personal data will not be used for an automated decision-making including profiling.

3. On what legal ground(s) do we process your personal data

We process your personal data, because, according to Article 5(1) of Regulation(EU)2018/1725:
