## Background and purpose of the guide

The Erasmus for Young Entrepreneurs aims at helping recently established and would-be entrepreneurs, to acquire relevant experience and skills for managing a small or medium-sized enterprise, by working with an experience from another European country.

The overall objective of the programme is ensuring the transfer of knowledge and experience between European entrepreneurs to increase the number of successful start-ups and enhance cross border trade in Europe.

To participate in the programme, you should apply online via the website [www.erasmus-entrepreneurs.eu](http://www.erasmus-entrepreneurs.eu).

This guide has been especially developed to provide you with direction on the type and level of detail of information that should be submitted to ensure a high level of quality of applications and consequently more chances to be accepted in the programme.

## STEP 1 – Preparing your registration

The programme is accessible to all European entrepreneurs (new and host) provided that they are eligible for the programme. Therefore, before registering, please make sure that you fulfill the eligible criteria and the minimum quality standards set by the programme. Make also sure that you prepared the necessary compulsory information (i.e. business plan, CV, motivations...) to validate your application.

### *Eligibility criteria*

#### **New entrepreneur definition**

- Would-be entrepreneurs who are firmly planning to start their own business based on a viable business plan or a concrete project; or, entrepreneurs who have recently started their own business in the last 3 years<sup>1</sup>;
- Permanent resident<sup>2</sup> in one of the participating countries<sup>3</sup>;
- Have a concrete project or a business idea reflected in a business plan.

Please note that the programme does not require a minimum age to participate in the programme. However, from the definition of the new entrepreneur and the various requirements linked to this definition (in terms of educational background, business experience etc.) it is very unlikely that individuals below the age of 18 can fulfil these requirements. Furthermore, individuals under 18 do not have the legal ability to sign contracts on their own.

### *Minimum quality standards*

#### **The motivations and expectations should be clearly expressed**

---

<sup>1</sup> Whenever planned or already existing the business can be in any sector

<sup>2</sup> Permanent residence' is defined as:

- The place where the company of the applicant is registered, if the applicant has a registered company;
- If a company has several establishments in different EU Member States or other participating countries, the entrepreneur should choose one of the countries as permanent residence;
- The place where the applicant has spent 183 days or more in the course of the last 12 months, if the applicant does not have a registered company.

<sup>3</sup> EU Member States, the Former Yugoslav Republic of Macedonia, Iceland, Montenegro and Turkey, Albania, Serbia, Bosnia and Herzegovina, Moldova and Armenia, as well as the corresponding EU outermost regions and Overseas Countries and Territories (OCTs).

Host entrepreneurs are looking for motivated new entrepreneurs with clear objectives. Therefore, it is extremely important to clearly describe your expectations and motivations in order to find the suitable business partner corresponding to your needs.

### **A sound personal and vocational background**

The curriculum vitae should include a summary of your educational & vocational background, your competencies/skills and your work experience.

It should be clear, concise, complete and up-to-date with current employment and educational information.

The [Europass CV format](#) is preferable, but not compulsory<sup>4</sup>. The CV can be **submitted in any language**. However, you should take into consideration the language of the selected Intermediary Organisation. In any case, English is favoured as it is understood by almost all users of the online database (new entrepreneurs, host entrepreneurs and Intermediary Organisations) and consequently facilitates the matchmaking

### **A well formulated business idea**

A business plan is a document that summarises the operational and financial objectives of one's business and contains the detailed schemes and budgets, which show how to realise the objectives.

You are requested to submit a **full business plan** and a **summary** of it.

- The summary of the business plan must be submitted in any EU official language; however English is strongly preferable as it will be available to all accepted users of the online catalogue. You are invited to formulate the summary in a way that avoids misuse and potential damage to yourselves.
- The full business plan is a **confidential document** that can only be read by the chosen new entrepreneur's Intermediary Organisation, Support Office and European Commission. It can be submitted in an official language of the EU or the language of one of the other participating countries that your Intermediary Organisation understands.

The Support Office does not provide a business plan template. You are able to choose the format you prefer. It will be up to your IO to check if the document is of sufficient quality and fulfils the basic requirements, namely that it demonstrates that you are firmly planning to start your own business or have started your own business within the last 3 years and that the business idea is well thought through.

Furthermore, it should contain at least:

- A description of the product or service offered;
- A market analysis including a definition of the target market and a competitor analysis;
- A financial plan including estimated expenses and income in the following 2 years and a break-even analysis.

As previously mentioned, the full business plan is a confidential document and as such, before submitting the full business plan, you may want to sign a non-disclosure agreement (NDA) or a similar confidentiality agreement with your Intermediary Organisation should you consider this useful.

### **Ability to work in a foreign language**

The communication between you and the host entrepreneur is crucial for a successful exchange.

Given that no language training is provided by the programme and that language skills are one of the main criterion for a suitable matching, it is important to ensure that you have good a command of the

English language or master a second language, in addition to your mother tongue (i.e. no difficulty in understanding, speaking and writing in the language(s)).

## STEP 2 – Register!

## Languages

The success of an exchange depends on the ability of both entrepreneurs to communicate properly.

Since language plays a key role in this process, you must be able to communicate in a language your host entrepreneur understands in order to collaborate adequately. Furthermore, the work or project proposed during the placement (e.g. foreign market research), may require some specific language skills. Given that no language training is provided by the programme, you should be comfortable with the languages you have selected in your application (i.e. no difficulty in understanding, speaking or writing the language(s). Although there are no specific language requirements, a relatively good level of English is encouraged in addition to your mother tongue.

Please first select your mother tongue.

## ***Duration and period of the exchange period***

In this section, you should mention the number of months you wish to spend abroad and the periods when you are available for the exchange. This information is of utmost importance in the search for a suitable host entrepreneur.

### ***Specify the length of your exchange***

The exchange should last between one and six months and should be completed within an overall time span of twelve months.

Please note that if your application is accepted for the selected length, it is not a guarantee that the exchange you will propose will be accepted for this period.

### ***Specify your preferred periods for the exchange***

The exchange period is one of the main criterion for a suitable match. The more flexible you are the greater choice you will have in finding a host entrepreneur.

Note that the selection of months done at this step will have an influence on the range of Intermediary Organisations among which you will have to choose one at the last step. Should you like to register with a specific Intermediary Organisation, please make sure that the months selected do not exceed the contract end date of that organisation. Please contact the IO you would like to register with and request this date upfront to know which months you can select.

## ***Selection of an Intermediary Organisation and submission***

212 Intermediary Organisations/Local contact points have been officially appointed by the European Commission to establish contacts between new and host entrepreneurs. The selected Intermediary Organisation should be active in your country of “**permanent residence**” defined by the programme as:

- The place where the company of the applicant is registered, if the applicant has a registered company; if a company has several establishments in different EU Member States or other participating countries, the entrepreneur should choose one of the countries as permanent residence;
- The place where the applicant has spent **183 days** or more in the course of the last **12 months**, if the applicant does not have a registered company.

If you live in a country without an active Intermediary Organisation, you may choose another one close to your country.

The chosen Intermediary Organisation is responsible for recruiting; establishing contacts between you and your preferred host entrepreneur and for helping you prepare your exchange. It will act as guide and contact throughout the entire process.

The list of Intermediary Organisations is available on the programme website [www.erasmus-entrepreneurs.eu](http://www.erasmus-entrepreneurs.eu) under the section “Your local contact point”.

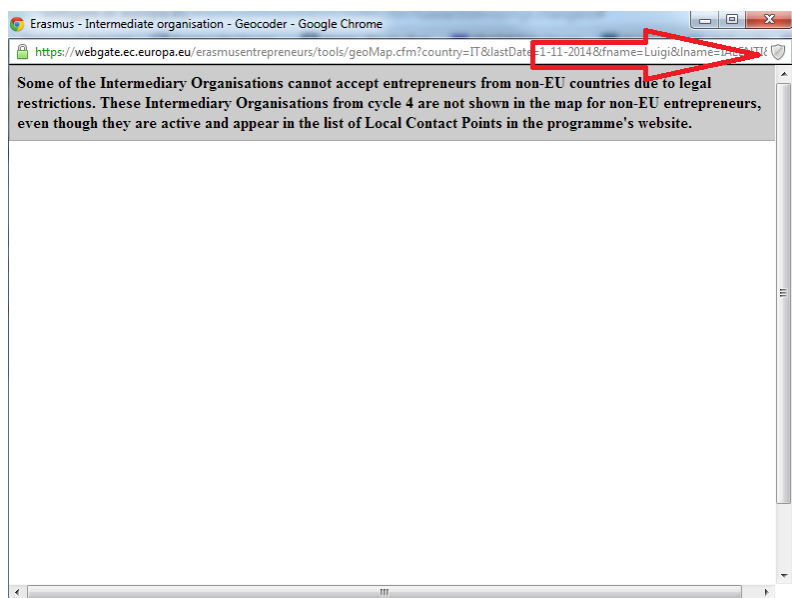

### **Tips and tricks for the selection of the Intermediary Organisation**

**Note:** the list of organisations available to be selected will depend on the preferred periods for the exchange that you have selected in the previous step. If you select dates too far in the future, the Intermediary Organisation that you might wish to choose could be unavailable for selection as they might not be active during that period.

Please verify first that your browser is a compatible one, and the pop-ups are enabled.

Look carefully at all dialog boxes and questions you may receive and click "Yes" to accept the display of all contents.

E.g. Google Chrome

Click on the small shield icon and select the option which permits the download of the unsafe script. A Geomap will open subsequently and you will be able to select an Intermediary Organisation.

E.g. Internet Explorer

Click on the “Show all content”. A Geomap will open subsequently and you will be able to select an Intermediary Organisation.

If despite this, you cannot complete the step “Select your IO”, it may be due to one of the following situations:

#### *Situation 1*

*You receive the message “No Intermediary Organisation found”*

Please verify that your address and country are correctly selected on the second tab.

#### *Situation 2*

*If you click on the field “Select an IO”, the geomap is displaying correctly but you can see only part of the IOs and not the one you want to select.*

The reason for this is that the exchange months you selected at a previous step exceed the period during which the respective IO will be visible to the public. You have to contact your IO and ask for the “activity end date” of their organisation and then fill in the availability period again with months until the one specified by your IO.

## Choose your Intermediary Organisation

The  icon will be replaced by a  if multiple IOs are located very close to each other. In this case, click  to locate those IOs with a greater zoom factor on the map.

The  indicates the entrepreneur's home address as specified on page 2 of the application form.

## Submit or Save a Draft of your application

After completing the last page of the registration form:

Either:

⇒ **Submit** your form directly: click 'Confirm my registration' button at the bottom of the page.

Or:

⇒ **Save the form as draft** without submitting it yet (i.e. if you want to review your information first): click the 'Save as draft' hyperlink at the bottom of the page.

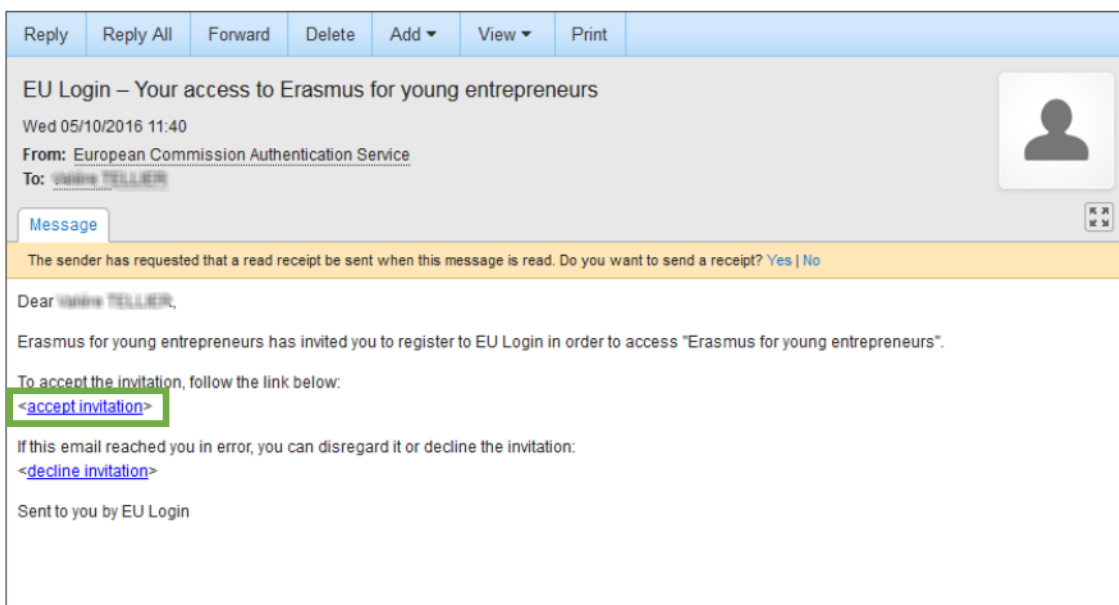

## STEP 3 – Confirm your registration

Once you have **submitted/saved as draft your application**, you will receive an automatic email from European Commission's user authentication service (EU Login) through which you are invited to set-up a password (this is **ONLY** for users who didn't have a previous EU Login account):

**Note:** If you do not receive an email from EU Login to set up your password, please go to <https://webgate.ec.europa.eu/cas/init/passwordResetRequest.cgi?> and request a new email. Please make sure that the domain on the screen says External and NOT European Commission.

To initialize your EU Login account:

1. Open the Inbox associated to the email address with which you registered to Erasmus for Young Entrepreneurs in the past, and open the email message that was sent to you by European Commission Authentication Service.
2. Click the '**accept invitation**' hyperlink in the email:

### **1h30 restriction**

*Please note that although the instructions email mentions a standard 1h30 period for initializing your account after receiving the message, you can still click the link passed this delay. Only, you will be asked to 'make another request' for the same email address. A new instructions email will then be sent to you, with a new link to press in order to set your password.*

Result: This will bring you to the following page:

3. Check your account information and click 'Confirm'.

Result: You are prompted to set a password :

On the New password page, enter a password of your choice (please observe the format requirements at the bottom of the page), repeat the password in the next box and click Submit.

Enter a password of your choice (please observe the format requirements at the bottom of the page), repeat the password in the next box and click 'Submit'.

The system informs you that your password has been successfully initialized. You now have a valid EU Login account, with a login name and a password of your choice. You can always use your email address as user instead of the one generated by the system.

## LOG IN TO THE APPLICATION

If you **saved your application form as draft**, you will also receive an email informing that you have to login to the application to resume and complete the registration.

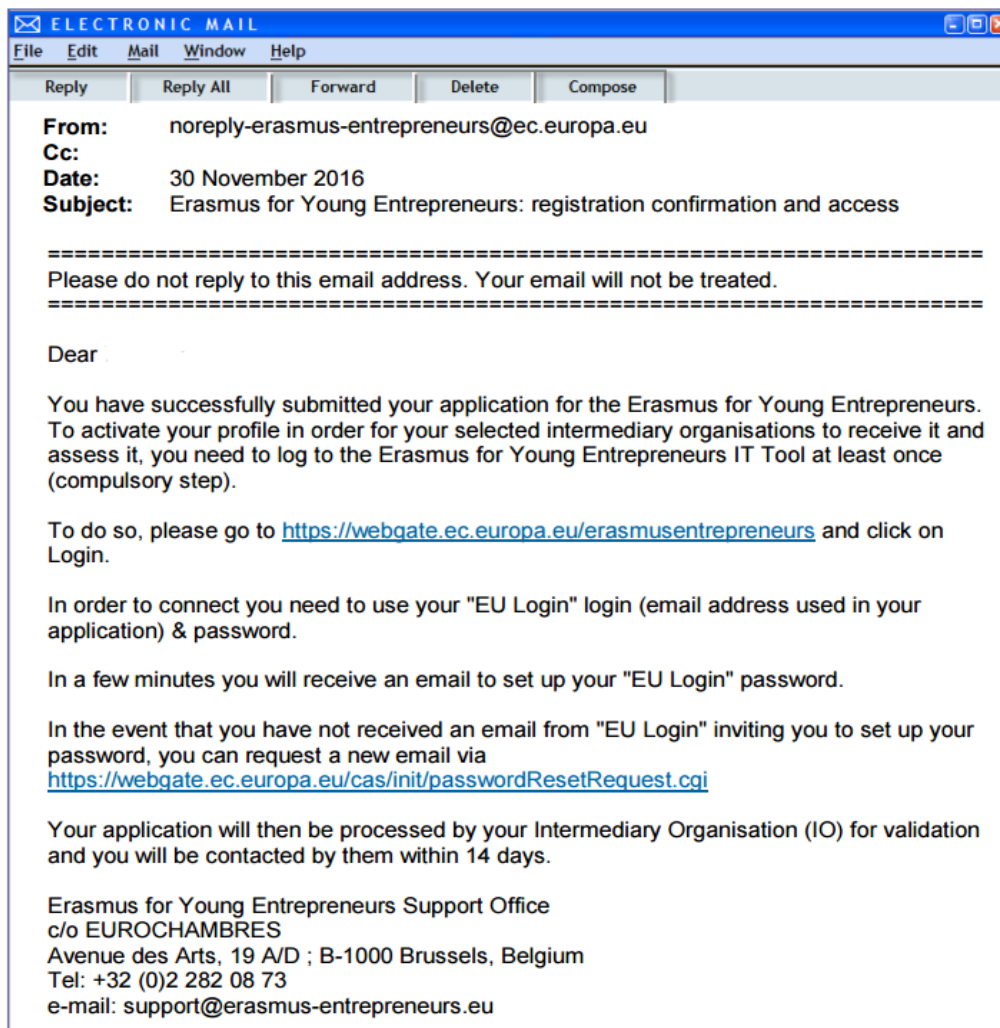

At this stage:

- Return to the Erasmus for Young Entrepreneurs registration page at <https://webgate.ec.europa.eu/erasmusentrepreneurs>
- Click '**Login**'
- Enter your EU Login credentials, and click Sign in
- Click the '**Resume registration (draft)**' button
- Complete your registration form as necessary and then click '**Submit**' when you are ready.

Upon submitting your form, you will receive an email confirming that your registration has been successfully received. The email also informs you that one final confirmation is still required from you for the form to be actually sent to your IO.

In the email click the <https://webgate.ec.europa.eu/erasmusentrepreneurs> link and log in using your EU Login credential:

**Please note that failing to Log In, your registration will not be complete.**

After you submit your application and you log in, you automatically receive the status '**Applied**'. At this stage, you do not have access to the online catalogue of profiles to search for a business partner. This status only means that your application has been received and is currently being treated by your Intermediary Organisation.

An IT user's manual is available in the "**Help**" section of the online database to help using the tool.

Within a maximum of 2 weeks of receipt of application, your IO has to perform an initial check and take action accordingly. You will be automatically informed by email about any change of your application status.

Possible statuses:

- **Accepted** → your application fulfils all programme requirements and you should be granted to the online catalogue;
- **On Hold** → important information is missing or application is unclear;
- **Back to Applicant** → your selected IO is not in a position to accept entrepreneurs or the IO is terminating its contract;
- **Refused** → your application is inappropriate or irrelevant.

If your Intermediary Organization considers that some key elements are still missing in your application, you will be automatically notified by email that your application has been put "On hold". Your Intermediary Organization will contact you separately either by phone or by email requesting the lacking information in your application (business plan etc...). You should provide this information within a delay of **6 weeks maximum**. If this information is not provided on time, your application will be rejected. You may apply again later once you will be able to provide all information required by the programme.

Your application will be deleted if it contains irrelevant data, errors and/or has been submitted by mistake.

If the responsible Intermediary Organization considers that your application is of quality and that it fulfils all the programme criteria necessary, you will be notified by email that you are successfully accepted in the programme.
