BUREAU DECISION

OF 7 SEPTEMBER 2015

THE BUREAU OF THE EUROPEAN PARLIAMENT,

1 having regard to Rule 25(2) of the European Parliament's Rules of Procedure,

HAS ADOPTED THIS DECISION:

Article 1
Definitions

1. For the purpose of these Rules, 'recordings' shall mean all forms of sound and/or image recording within the European Parliament's premises, carried out by media representatives.
2. For the purpose of these Rules, 'media representative' shall mean any person employed or self-employed in the field of media.

Article 2
General principles

1. Media accreditation is granted to media representatives for the purpose of parliamentary and political reporting and explanation of parliamentary and political activities.
2. Instructions received from the European Parliament's Directorate for Media (hereinafter 'Directorate for Media') and/or any Security official must be strictly observed. The European Parliament reserves the right to modify or withdraw the facilities provided for the media within its premises at any moment.
3. Recordings by media representatives are not permitted during the recess period of the European Parliament and when no parliamentary activities take place in the buildings in Brussels/Strasbourg, except with a specific permission from the Directorate for Media.
4. The use of hidden cameras and/or hidden sound recording equipment is prohibited.

Article 3
Requirements

1. Media representatives shall be in possession of valid media accreditation, issued whether by the European Parliament or the Interinstitutional Accreditation Committee.

2. In addition to paragraph 1, media representatives shall also be in possession of a recording permit for their activities, issued by the Directorate for Media, in order to be entitled to carry out any kind of recording in the European Parliament.

Article 4
Acceptance of these Rules

1. Media representatives requesting a recording permit to the Directorate for Media shall be supplied with a copy of these Rules and shall fill in the form of Annex I undertaking to comply with them.

2. Without prejudice to paragraph 1, when media representatives accept media accreditation, they are presumed to implicitly undertake to comply with these Rules in the European Parliament.

Article 5
Areas where recording is permitted and applicable conditions

1. Except if specific security measures are in place, recording is permitted in the following areas and subject to the following conditions:

a) In the Chamber

During part-sessions, film camera and sound recording operators and photographers are allowed access to the press gallery overlooking the Chamber.

The use of flashes or extra lights is prohibited in the gallery.

b) In other areas

- in meeting rooms, with the prior authorisation of the chair of the meeting;
- in the public spaces around meeting rooms;
- in Members' offices, with the prior authorisation of the Member concerned and in his or her presence;
- in the access areas of meeting rooms (lobbies), the area around the Chamber and inter-building passageways;
- in the Parliamentarium.

2. Members inviting media representatives to their offices may complete the form of Annex II to request a specific recording permit for the team.

3. For recording in areas not listed in paragraph 1 and excluding those areas where recording is strictly prohibited under Article 6, special authorisation may be sought by sending a request to the Directorate for Media.

Article 6

Recordings are strictly prohibited:

- in all restaurants and bars;
- in areas where security equipment is installed, in particular at the entrances to Parliament's buildings;
- in all areas and offices reserved for the parliamentary services, including car parks, administrative offices and spaces, and all areas to which access is restricted;

Media representatives shall have due regard to the dignity and privacy of all individuals present inside the buildings, as well as to the integrity of Parliament's property and equipment.

Article 8
Individual permissions

1. Members may decline an interview request or end an interview at any time. Media representatives shall respect any such decision.
2. Addressing staff members with recording equipment running without their prior permission is prohibited.

Article 9
Breaches of these Rules

1. When a breach of these Rules by a media representative is established by the Directorate for Media, the recording permit and the media accreditation of the person concerned granted by the Directorate for Media become automatically and immediately void.
2. In addition, future applications for accreditation and/or a recording permit by that person or by the media organisation that person represents may be refused for a period of up to one year, according to the severity of the breach. The Director for Media, acting under the authority of the Quaestor responsible, shall take the appropriate measures.

Article 10
