

F-35 MISSION

PARTNER HIGHLIGHTS

Over **1600**  common components delivered to each F-35

← 2001  → 2022

Proven ability to **increase production capacity** 4x since program start

4x

Over **2 MILLION** components delivered to the F-35 program to date

TR-3 Integrated Core Processor (ICP) delivers

37x

computing power over the legacy system

The TR-3 Panoramic Cockpit Display Electronic Unit (PCD-EU) delivers

5x 

faster processing speed over the legacy system

TR-3 Aircraft Memory System (AMS) delivers

20x memory storage over legacy system

3 OPEN SYSTEMS UPGRADES FOR TECH REFRESH 3 (TR-3) - Panoramic Cockpit Display (PCD), Electronic Unit (EU), Aircraft Memory System (AMS) and Integrated Core Processor (ICP)

L3Harris F-35 common components are projected to deliver a **lifetime savings over \$800M**

L3HARRIS[®]
FAST. FORWARD.
