6 Request Process

Records held by MDP may be accessed on request only once the requirements for access have been met. A requester is any person making a request for access to a record of MDP.

Requests for access to records held by MDP must be made by the requester using the prescribed Form C: Request for Access to Record of Private Body, available on the SAHRC website or the Department of Justice and Constitutional Development website (www.doj.gov.za).

Such request must be made to the Information Officer at the address, or email address provided for in clause 2 above.

In lodging the request, the requester must:

- provide sufficient detail on the request form to enable the Information Officer to identify the record and the requester;
- indicate which form of access is required and specify a postal address, fax number and/or email address within the Republic;
- indicate whether, in addition to a written response, the requester requests to be informed in any other manner and state the necessary particulars to be so informed;
- identify the right that the requester is seeking to exercise or protect and provide an explanation of why the requested record is required for the exercise or protection of such right.
- If a request is made on behalf of a person, the requester must then submit proof of the capacity in which the requester is making the request to the satisfaction of the Information Officer.

If a request is made on behalf of another person, the requester must then submit proof of the capacity in which the requester is

making the request to the satisfaction of the Information Officer.

If an individual is unable to complete the prescribed form because of illiteracy or disability, such a person may make the request orally to the Information Officer.

If access is requested to a record that contains information about a third party, Dis-Chem is obliged to attempt to contact this third party to inform them of the request. This enables the third party the opportunity of responding by either consenting to the access or by providing reasons why the access should be denied.

In the event of the third-party furnishing reasons for the support or denial of access, the Information Officer will consider these reasons in determining whether access should be granted, or not.

The Information officer, as soon as reasonably possible after the request has been received, shall decide whether or not to grant the request.

7 Availability of the Manual

This manual will be updated as required or when the relevant legislation changes. This manual is available on the website www.mindbourne.com. The manual is also available for viewing at MDP's office. Copies of the manual may be made available subject to the prescribed fees.

8 Prescribed Fees

The requester needs to pay an access fee as prescribed by the Minister for Justice and Constitutional Development to enable the company to recover the cost of processing a request and giving access to records in terms of PAIA. Other fees apply depending on the request.

Please see the following link to see the prescribed fees: <https://www.justice.gov.za/paia/PAIA-brochure.pdf>

Payment details can be obtained from the Information Officer.

A request will not be processed until the prescribed fees have been paid and where a decision to grant a request has been taken, the record will not be disclosed until the necessary fees have been paid in full.

9 Grounds for Refusal to Access Records

Access to certain records may be or must be denied on the grounds set out in the Act.

Mandatory grounds for refusal include but are not limited to:

- Privileged information
- Information for the protection of the privacy of individuals;

- Information that, if disclosed, could endanger the safety of an individual or could impair a party's protection of their property;
- Information privileged from production in legal proceedings;
- Commercial information of MDP; and
- Research information.

If MDP cannot find the records that the requester is looking for despite reasonable and diligent search and it believes either that the records are lost or that the records are in its possession but unattainable, the requester will receive a notice in this regard from the Information Officer, setting out the measures taken to locate the document and accordingly the inability to locate the document.

Requests for information that are clearly frivolous or vexatious or which involved an unreasonable diversion of resources shall be refused.
