

## Land Use Risk Assessment (Form S)

Name of operation:

Land-related food-safety risk factors include previous use as a dairy, feedlot, homestead, or for any waste disposal. For each field, presence/absence of these and other risk factors is noted, including location in field. Corrective actions are noted.

Field	Date	Conditions	Corrective Actions Taken
		Previous crop: Former homestead? Livestock production?  Waste/chemical spillage or disposal?  Other:	
		Previous crop: Former homestead? Livestock production?  Waste spillage or disposal? Other:
