## CUSTOMISE YOUR REMOTE SUPPORT EXPERIENCE

Seamlessly integrate Supremo into your systems and applications to provide users and customers with a greater service.

Either through command-line interface, API or custom integration, Supremo can pair with third-party solutions to save you time and prevent any issues.

Do you use tools that don't have Supremo built in?

Check out our [dedicated resources](#) or [contact us](#) for integration details.

## THE RESELLER PROGRAM

Transparency and no constraints.

Joining the program is completely free and does not require any kind of registration fees. Also, there is no need to enter into any exclusive or binding agreement for the resale of Supremo.

Resellers also benefit from competitive pricing and periodic special offers.

Starting with a basic discount, it is possible to get volume discounts and further progressive discounts based on the turnover generated.

Resellers have a dedicated Reserved Area to activate and manage licenses, as well as marketing materials to promote the software to end customers.

Supremo comes with support and updates.

Information resources such as tutorials, videos, and FAQs are available to share with your customers.

An important aspect of the licenses is the possibility to activate them at any time under the *"buy today, activate when you want"* model.
