The Content Access Tool makes Technology Analysis and other content available by making it viewable, which content viewed thereby may not be saved or printed, except as permitted below (the "Service"). "Technology Analysis" comprises all technical and business information obtained or generated by TechInsights and/or that is made available via the Content Access Tool, and includes but is not limited to information obtained by TechInsights from market analysis, analysis of parts procured, samples prepared, images captured, schematic diagrams produced, test results documented of semiconductor or electronics circuits, processes, or systems, products torn down, except that it does not include Customer Data (defined below). All copyright, proprietary, and other intellectual property rights to the Content Access Tool, any Technology Analysis, and collected Customer Data will reside with TechInsights and/or the creators thereof. The individual authors of various aspects of the Technology Analysis hold moral rights in the Technology Analysis, which are not waived. TechInsights reserves the right to re-use and re-sell any Technology Analysis. TechInsights warrants that TechInsights shall solely use the Customer Data for the purposes of providing the Services and other support to Company.

## 2. License, Distribution & Use

TechInsights grants to Company, during the Term (defined below), a non-exclusive, non-transferable, revocable, limited license (without the right to sublicense – except as expressly permitted) to use the Content Access Tool in the manner designed and to use the Technology Analysis, in accordance with the following, adherence to ALL of which is the responsibility of Company (the "Usage Clause"):

- a. The Service may only be used by "Authorized Users" which are defined as employees or contractors of the Company authorized by Company to access the Content Access Tool and who have been supplied a user account and password by Company, who are subject to

obligations of confidentiality at least as restrictive as those set forth below in Section 5, and who have executed the TechInsights End User License Agreement upon first using the Content Access Tool. Company may substitute a previously unauthorized user for an Authorized User provided that the number of Authorized Users does not exceed the maximum permitted of 25, unless specified as otherwise in writing in this Agreement, or other applicable agreement, and provided that Company changes the designated username and password for each newly designated Authorized User.

- b. Company must use the Content Access Tool in the way that the tool is designed to be used and specifically must not modify, reverse engineer, disassemble or decompile or create derivative works based on software programs or data associated with the Content Access Tool and Technology Analysis;
- c. If Company is acting for the benefit of a third party or third parties, Company shall be required to disclose the identity of such third party or third parties to TechInsights prior to gaining access to the Content Access Tool. Following such disclosure, TechInsights may refuse to provide access to the Content Access Tool. If any such third party was a prior customer of TechInsights, TechInsights shall have the right to charge the reactivation fee set forth in Section 3.b. as it would relate to such prior customer.

For any use of a Technology Analysis that is an External Purpose, including their use in association with the preparation of claim charts, establishing or confirming infringement, and use in communication of such infringement and/or evidence thereof to any third party, or in any way for intellectual property licensing discussions or litigation, Company must purchase additional license rights.

For greater certainty, the sale, lending, or disclosure to any third party of the Technology Analysis, or any portions thereof, whether or not for financial compensation or tangible or intangible benefit, is deemed not to be for a purpose solely associated with Company's business and is prohibited absent Company first obtaining written approval of TechInsights).

- f. "External Purposes" includes any commercial or business use that requires a disclosure of any Technology Analysis, or portion thereof, to a third party and/or includes any use associated with the preparation of claims charts, comparison of Technology Analyses to patents or other third party technical information, or use in association with intellectual property licensing discussions or litigation (including pre-litigation), including any disclosure to any third party of any of the foregoing and/or any allegation or confirmation of
