1 Since January 1, 2012, Deutsche Telekom has pooled the tasks and functions of the Digital Services growth business as well as the Internet service provider STRATO, which as of December 31, 2011 were still largely part of the Germany operating segment, as the Digital Business Unit (DBU) under Group Headquarters & Shared Services.

As of July 1, 2012, Deutsche Telekom reorganized the Group's IT structure and pooled all internal IT units from the Germany and Systems Solutions operating segments as well as Group Headquarters & Shared Services into the new Telekom IT unit within the Systems Solutions operating segment.

The prior-year figures have been adjusted for better comparability.

The operations of Regional Services and Solutions (RSS) have been managed by the Germany operating segment since January 1, 2013 and no longer by the Systems Solutions operating segment to allow a more focused market approach.

2 Reporting changed since Q1/12 due to steering logic and increased transparency.

3 Resulting from the DBU restatement revenue deviations due to consolidation of approx. €1 million per quarter compared to figures reported in 2011.

4 Contains mainly security packages and hosting storages.
