Adjusted proposal from the Board of Management and Supervisory Board for agenda item 2

As a result of changes to the number of shares carrying dividend rights, the Board of Management and the Supervisory Board have adjusted their proposal for resolution on the appropriation of net income as announced for this case in the notice of convocation of the shareholders' meeting.

Accordingly, the Board of Management and the Supervisory Board recommend the following resolution:

The net income of EUR 5,129,092,899.85 posted in the 2020 financial year shall be used as follows:

Payment of a dividend of EUR 0.60

per no par value share carrying dividend rights = EUR 2,846,086,526.40 and the remaining balance is carried forward to the new account = EUR 2,283,006,373.45

The total dividend and the remaining balance to be carried forward to unappropriated net income set out in the proposal for resolution on the appropriation of net income are based on the current dividend-bearing capital stock of EUR 12,143,302,512.64, divided up into 4,743,477,544 no par value shares.
