

ENERGY COMPACT

2022 Annual Progress Update

14 July 2022

Supported by

In collaboration with

Energy Compact 2022 Annual Progress Update

Objectives

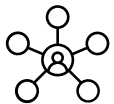

- **Track commitments** and continue to **raise ambition**

- **Minimise** monitoring and updating burden on proponents

- **Showcase** examples of leadership, progress, and collaboration

- **Identify** potential assistance that may be provided

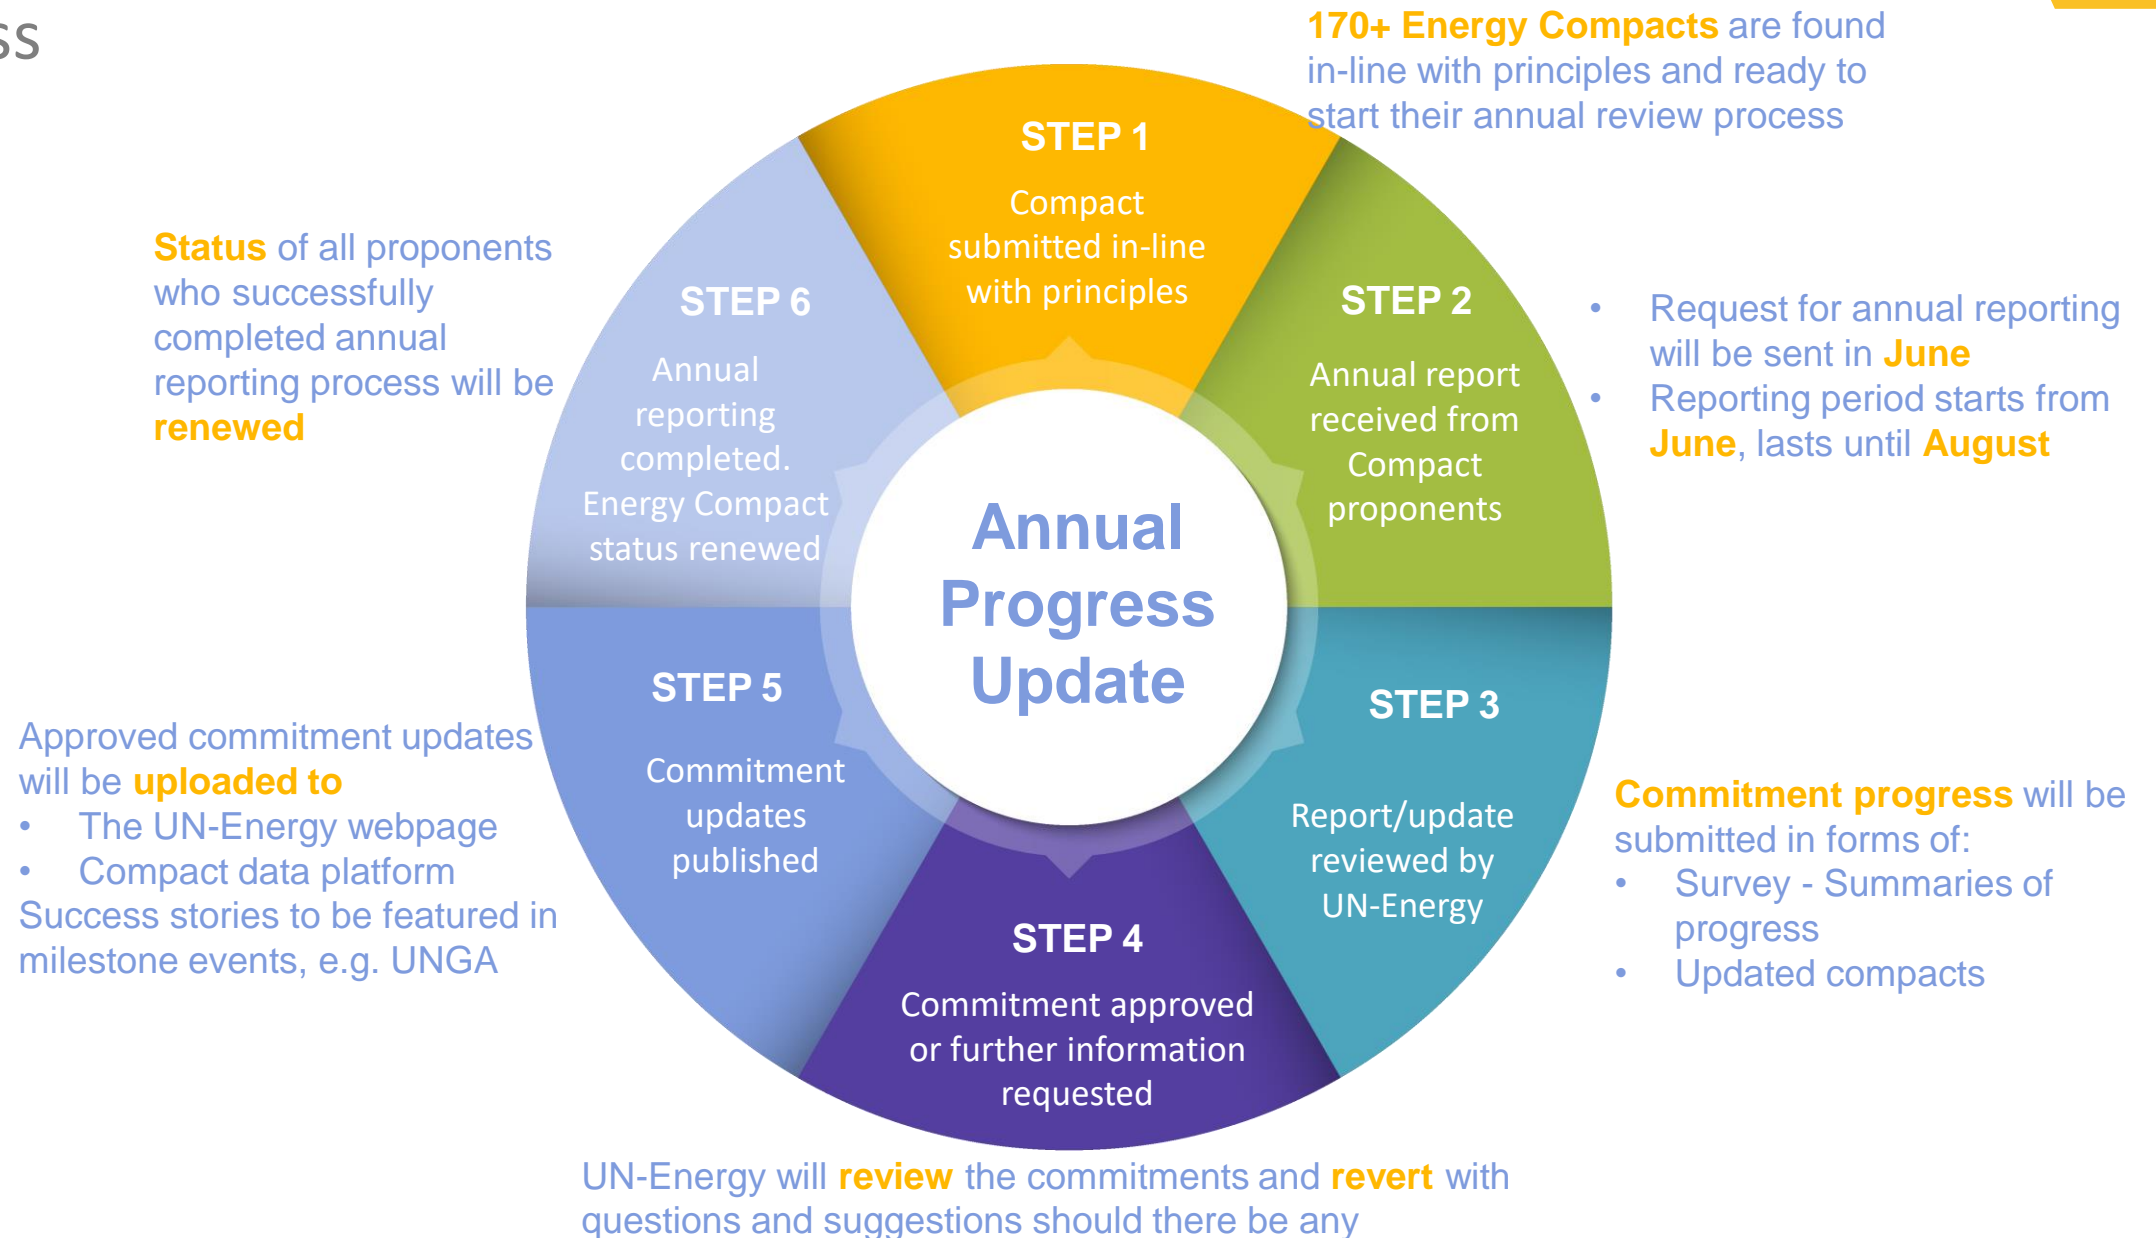

- **Support** the success of the **Energy Compact Action Network**

- **Enhance and maintain relationships** with proponents of Energy Compacts

Energy Compact 2022 Annual Progress Update

Survey – SDG7 quantitative indicators

SDG7 Impacts

Please report on the progress made in your Energy Compact commitments along the following SDG7 quantitative indicators. All Energy Compact updates must report against at least one of the following indicators.

* 6. Does your Energy Compact address SDG7.1 Enhanced electricity access?

Yes

No

7.1. Enhanced electricity access (number of people)

7.1 Enhanced clean cooking access (number of people)

7.2 Additional renewable energy capacity deployed (MW)

7.3 Energy savings achieved (MWh)

Finance and Investment mobilized or deployed (USD equivalent)

New green jobs created (number of people full time equivalent)

New functional partnerships forged to reach Compact commitments (number of partnerships)

Energy Compact 2022 Annual Progress Update

Survey – SDG7 quantitative indicators

Energy Compact 2022 Progress Update

SDG7.1. Enhanced electricity access

* 7. Progress made from 2021 to August 2022 (Number of people, numeric value only. For example, for 1 million people, write 1,000,000).

8. Progress made in 2021-22 – additional information on electricity access as relevant (Under 500 characters)

* 9. Source (Please provide links to information like annual reports, government documents, or publicly available reports to other processes like the UNFCCC or SBTi)

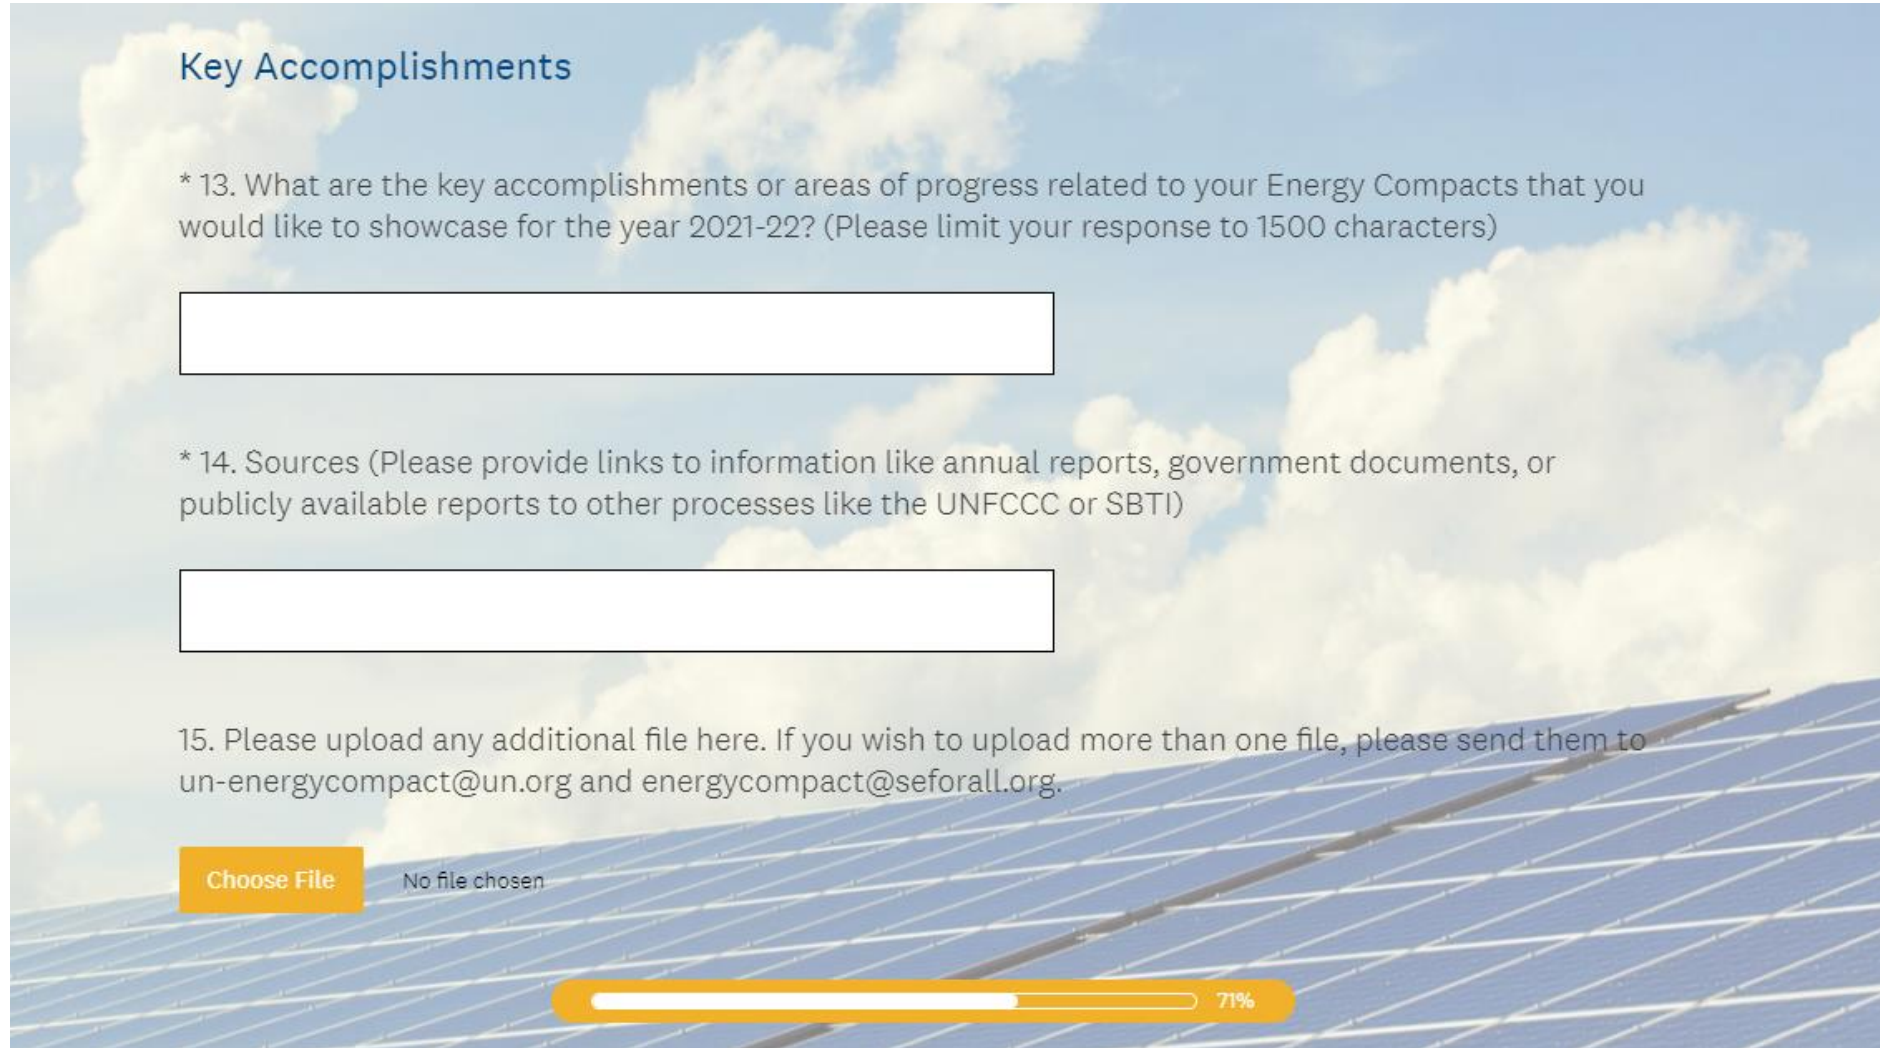

10. Please upload any additional file here. If you wish to upload more than one file, please send them to un-energycompact@un.org and energycompact@seforall.org.

Survey – 2022 Energy Crisis*

Energy Compact 2022 Progress Update

2022 Energy Crisis

* 16. Has your Energy Compact faced a challenge due to the current energy crisis?

Yes

Not yet

No and don't expect it to be affected

73%

Prev Next

The survey interface is displayed against a background image of a blue sky with white clouds and the top edge of solar panels. The title 'Energy Compact 2022 Progress Update' is in bold blue text. Below it, '2022 Energy Crisis' is in a lighter blue font. The question is marked with an asterisk. Three radio button options are listed vertically. A progress bar at the bottom shows 73% completion. 'Prev' and 'Next' buttons are located at the bottom center.

Energy Compact 2022 Annual Progress Update

Survey – Impact on other SDGs*

SDG Impacts

* 18. Energy Compacts are complementary to actions on other SDGs. Please provide information on the impacts of your Energy Compact progress in the year 2021-22 on other SDGs such as GHG reduction in gigatons, sustainable transport in number of electric vehicles etc.

* 20. Unit of measurement – (Please list all. Eg: number of people, gigatons, etc. If not applicable, write N/A)

* 21. Source (Please provide links to information like annual reports, government documents, or publicly available reports to other processes like the UNFCCC or SBTI)

Energy Compact 2022 Annual Progress Update

Survey – Gender and Energy

Gender and Energy

Energy Compacts have the potential to promote a just and inclusive, and gender responsive energy transition.

24. Which of the following categories best describes your Energy Compact for progress made in 2021-22? Choose one only.

- Gender Neutral:
No explicit / intentional mention of gender or women in the Energy Compact
- Gender Aware:
 - Explicitly/ intentionally address a gender issue(s) and
 - Mentions differentiated energy needs of women and men in both the context for the ambition(s) and the guiding principles
- Gender Responsive:
 - Explicitly/ intentionally describes gender actions to address the gender issues & needs identified in the context and
 - Specifies related gender targets in the ambition
 - With related timeframe
- Gender Transformative:
 - Explicitly/ intentionally describes a time-based and measurable gender outcome(s) related to the gender action that contributes to women's strategic interest and
 - Allocates required finance and investments for the implementation of the action
 - Includes gender as an accountability variable to monitor and report on the progress of the gender outcomes

Energy Compact 2022 Annual Progress Update

Survey – Gender and Energy

1	For Energy Poverty/Access gender gap	1.1 Proportion (%) of population with access to electricity, disaggregated by female-headed and male-headed households
		1.2 Proportion (%) of population with primary reliance on clean fuels and cooking technology, disaggregated by female-headed and male-headed households
2	For Employment and Leadership gender gap	2.1 Proportion (%) of energy/renewable jobs directly created for women (full-time and part-time)
		2.2 Proportion (%) of women in senior and middle management positions in the energy/renewable energy organization
3	For Entrepreneurship gender gap	3.1 Proportion (%) of women-owned or women-managed enterprises/businesses in energy/renewable energy value chains
		3.2 Proportion (%) of women-run enterprises/businesses using electricity for productive uses
		3.3 Proportion (%) of women-run enterprises/businesses using clean fuels and cooking solutions for productive uses
4	For Enabling Environment gender gap	4.1 Proportion (%) of public and private organizations in the energy/renewable energy sector with gender policy and/or gender action plan in place
		4.2 Proportion (%) of finance and investment mobilized or deployed in USD equivalent earmarked for gender actions
		4.3 Proportion (%) of partnerships with women's/gender equality focused organizations

Energy Compact 2022 Annual Progress Update

Survey – Enhanced Energy Compact*

Enhanced Energy Compact 2022

* 25. Energy Compacts are living documents and can be enhanced over time. Will you be submitting a revised Energy Compact in 2022 (before 8 August 2022)?

- Yes
- No
- Maybe

Yes, we will submit a revised Energy Compact in 2022.

26. Please summarize the changes/additions you are making to your Compact in 3 bullet points below:

27. Please upload your new Energy Compact here.

Please upload a Word Doc. file here.

No file chosen

28. Please upload any additional file here. If you wish to upload more than one file, please send them to un-energycompact@un.org and energycompact@seforall.org.

Please upload your documents here.
